WJEC GCSE History: Changes in Health and Medicine c.1340 to the present day and Changes in Crime and Punishment, c.1500 to the present day Hodder Education

"When a baby elephant is orphaned on the African savannah, a young boy named Bat takes her home. But Bat's grandmother knows that Meya cannot stay with them for ever; the call of the wild will always be sounding in her soul. Then Bat and his best friend are snatched by soldiers and catapulted into a terrifying new life. Will the bond between Bat and Meya be strong enough to save them?"--Page 4 of cover.

Monsters in a zoo run amuck when the zoo keeper goes away on holiday.

2012 GCSE English results Hachette UK

WJEC are revising their specifications for GCSE Science and GCSE Additional Science for first teaching from September 2011. As well as covering important scientific concepts, they highlight the role of scientific investigation in developing understanding, testing ideas and drawing conclusions. They also show how the science of the classroom relates to the world around us. This book fully supports the aims of the GCSE Science specification by providing clear explanations, definitions of key terms, questions to test understanding and clearly identified Science Skills exercises. It also shows - how to evaluate evidence and draw conclusions - the implications of science for society - the role of models in science - the importance of practical work

WJEC GCSE Chemistry Hachette UK

Written by leading food author Anita Tull and endorsed by WJEC, offering high quality support you can trust. / A core resource for Unit 1: Meeting the nutritional needs of specific groups, covering the science of food safety, nutrition and nutritional needs, with detailed information on the practical skills required to produce quality food that meets the needs of individuals. / Learning Outcomes and Assessment Criteria are referenced throughout, clearly linking the book to the specification. / Includes plenty of practical activities which allow students to apply their knowledge and understanding to real-life scenarios. / The science is pitched at the appropriate level and is supported with illustrations, diagrams, charts, chemical terms and models to help students get to grips with the key concepts. / Exam-style questions help prepare students for assessment. / Includes a recipe chapter with step-by-step instructions which provides: Coverage of the Unit 1 Practical Work Skills list; advice on how to develop higher level skills and suggestions for other recipes students can research; activities which encourage students to analyse the ingredients used in recipes, assess the nutritional composition and consider the food science involved in the preparation and cooking methods

WJEC GCSE Biology Workbook (Welsh Language Edition) Nelson Thornes

The 2012 GCSE English results prompted significant controversy, which ultimately resulted in an

application for judicial review. This report sets out the background to these events and identifies lessons to be learned. The problems with GCSE English can be traced back to the 2007-09 development phase of the qualification- in particular the turbulence which resulted from the shift away from a mostly linear to a modular system, combined with a high proportion of controlled assessment and generous marking tolerances. Exam board experts raised concerns at the time, but these were not acted upon by the regulator (the then-interim Ofqual). Further difficulties arose because of pressures from the school accountability system. The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening, with consequences for grade awarding. The current status of Ofqual, as an independent regulator accountable to Parliament, is the right one. However, the Coalition Government is bringing in wholesale changes to GCSEs and A levels, to a tight timetable and at the same time. Ofqual must have systems in place. The Committee is also concerned that there is a rush towards separate exam systems for England, Wales and Northern Ireland, without careful reflection on what might be lost, or consensus that this is the right thing to do.
