Somehow the resonance for me during the entertaining of this title as an abiding albeit background theme for the poems, was the perfect crime of our existence: perfect because created by a perfect Creator. A crime because we get up to such malfeasance all the time, at the lower end of it, and a crime at the higher end in the sense that the Sufis often mention, that any existence of theirs before Allah ta'ala, any flake or residue of their self-ness, is a crime, a flaw, an obstruction before the Light of God. Only when you have known a saint (wali) of whatever spiritual practice do you the sense of a personality honed to its finest before the divine consciousness, whose actions and words and thoughts are soaked in divinity to such a degree that the person is truly human in its essence and effaced before God in His ever-present and infinitely Merciful activity.

HE TOLD ME Simon and Schuster

A comprehensive biographical analysis of the prominent Sufis. *Selected Poetry ~ English, Urdu, Persian & Punjabi* Routledge This book focuses on Sikh communities in east and northeast India. It studies settlements in Bihar, Odisha, West Bengal, Assam, Meghalaya, and Manipur to understand the Indian Sikhs through the lens of their dispersal to the plains and hills far from Punjab. Drawing on robust historical and ethnographic sources such as official documents, media accounts, memoirs, and reports produced by local Sikh institutions, the author studies the social composition of the immigrants and surveys the extent of their success in retaining their community identity and recreating their memories of home at their new locations. He uses a nuanced notion of the internal diaspora to look at the complex relationships between home, host, and community. As an important addition to the study of Sikhism, this book fills a significant gap and widens the frontiers of Sikh studies. It will be indispensable for students and researchers of sociology and social anthropology, history, migration and diaspora studies, religion, especially Sikh studies, cultural studies, as well as the Sikh diaspora worldwide.

This novel depicts the ravage which had been caused in the name of freedom to the millions of innocent men, women and the young girls during the partition of India. This had resulted in the death of millions of the people due to the communal riots. The countless women and girls had been kidnapped and their precious lives had been either ruined or ended. For the sake of honor they were not accepted even by their close relatives instead most of them were rejected by their families. Millions of the people were migrated from one place to another and innumerable well settled families had been destroyed, ruined and these were made the penniless families who had nothing to eat, drink and wear. Although the

characters of that novel are imaginary yet that novel deals with the hard realities of the actual lives of those unfortunate innocent and faultless people who had become the victims of atrocities, ravage, injustice and devastation.

Winner of the 2015 Forward Prize for Best First Collection Mona Arshi's debut collection, 'Small Hands', introduces a brilliant and compelling new voice. At the centre of the book is the slow detonation of grief after her brother's death but her work focuses on the whole variety of human experience: pleasure, hardship, tradition, energised by language which is in turn both tender and risky. Often startling as well as lyrical, Arshi's poems resist fixity; there is a gentle poignancy at work here which haunts many of the poems. This is humane poetry. Arshi's is a daring, moving and original voice.

Dear Mother AMARJEET SINGH PARAMJIT PUBLICATIONS

The fertile land of the five rivers (punj+ab in Persian) has persistently stirred the imagination of its peoples. Its story is the story of invasion. In 326 BCE Alexander the Great marched through the Hindu Kush, conquered the verdant plains now divided between India and Pakistan, and stamped Greek cultural and linguistic influence on the region. Over the centuries the lure of the Punjab attracted further waves of outsiders: Scythians, Sassanians, Huns, Afghans, Turks, Mughals and - closer to our own times - the British. Many savage battles were fought. But at the same time, as different ethnic and religious groups came together and melded, the collective psyche of the Punjab was coloured by vibrant new patterns, new worldviews and new languages. Punjabi poetry is the dynamic result of these cross-cultural encounters. In her rich and diverse anthology, Nikky-Guninder Kaur Singh makes a major contribution to interfaith dialogue and comparative literary studies. Covering the entire spectrum of writers, from the artistic patterns of the first Punjabi poet (Baba Farid, 1173-1265) to feminist author Amrita Pritam (d. 2005), the volume serves as an ideal introduction to the three faiths of Sikhism, Islam and Hinduism. Whether focusing on Sikh gurus or Sufi saints, it boldly illuminates the area's unique

character, linguistic rhythms and celebrations, and will have strong appeal to undergraduate students of religion, literature and South Asian studies, as well as general readers.

This book is the third in the trilogy of books looking at the comparatively less-known destinations of Sikh migration to non-English speaking countries. The first one was *Sikhs in Latin America*, followed by *Sikhs in Asia Pacific*. Earlier Sikh migration was focused on the British Commonwealth and the USA. Once restrictions were placed on entering the UK, the Sikhs were forced to explore the possibility of migrating to other countries including Continental Europe. The pace of migration picked up in 1970s. Later there were more asylum seekers in the 1980s and 1990s adding to the migration numbers. Some could enter Europe through legal channels, while others found alternative routes as undocumented migrants. Sikhs found employment mostly as unskilled labour but now they have been able to create niche professions such as dairying in Italy and restaurants/bars in Finland. There is now a large second generation who is fully qualified to enter other professions. The author describes how Sikhs have kept up their traditions through 'Nagar Kirtans', Turban, Youth Summer camps, and 'sewa'. There are almost 140 gurdwaras in Europe with a meagre population of less than a quarter million.
