John Wayne Cleaver is dangerous, and he knows it. He's spent his life doing his best not to live up to his potential. He's obsessed with serial killers, but really doesn't want to become one. So for his own sake, and the safety of those around him, he lives by rigid rules he's written for himself, practicing normal life as if it were a private religion that could save him from damnation. Dead bodies are normal to John. He likes them, actually. They don't demand or expect the empathy he's unable to offer. Perhaps that's what gives him the objectivity to recognize that there's something different about the body the police have just found behind the Wash-n-Dry Laundromat--and to appreciate what that difference means. Now, for the first time, John has to confront a danger outside himself, a threat he can't control, a menace to everything and everyone he would love, if only he could. Dan Wells's debut novel, I Am Not a Serial Killer, is the first volume of a trilogy that will keep you awake and then haunt your dreams.

The Wizarding World journey continues . . . The powerful Dark wizard Gellert Grindelwald was captured in New York with the help of Newt Scamander. But, making good on his threat, Grindelwald escapes custody and sets about gathering followers, most of whom are unsuspecting of his true agenda: to raise pure-blood wizards up to rule over all non-magical beings. In an effort to thwart Grindelwald's plans, Albus Dumbledore enlists Newt, his

former Hogwarts student, who agrees to help once again, unaware of the dangers that lie ahead. Lines are drawn as love and loyalty are tested, even among the truest friends and family, in an increasingly divided wizarding world. Fantastic Beasts: The Crimes of Grindelwald is the second screenplay in a five-film series to be written by J.K. Rowling, author of the internationally bestselling Harry Potter books. Set in 1927, a few months after the events of Fantastic Beasts and Where To Find Them, and moving from New York to London, Paris and even back to Hogwarts, this story of mystery and magic reveals an extraordinary new chapter in the wizarding world. Illustrated with stunning line art from MinaLima with some surprising nods to the Harry Potter stories that will delight fans of both the books and films.

From 1942 to 1944, twelve thousand children passed through the Theresienstadt internment camp, near Prague, on their way to Auschwitz. Only a few hundred of them survived the war. In The Girls of Room 28, ten of these children—mothers and grandmothers today in their seventies—tell us how they did it. The Jews deported to Theresienstadt from countries all over Europe were aware of the fate that awaited them, and they decided that it was the young people who had the best chance to survive. Keeping these adolescents alive, keeping them whole in body, mind, and spirit, became the priority. They were housed separately, in dormitory-like barracks, where they had a greater chance of staying healthy and better access to food, and where counselors (young men and women who had been teachers and youth workers) created a disciplined environment despite the surrounding horrors. The counselors also made available to the young people the talents of an amazing array of world-class artists, musicians, and playwrights—European Jews who were also on their way to Auschwitz. Under their instruction, the children produced art, poetry, and music, and they

performed in theatrical productions, most notably Brundibar, the legendary “children’s opera” that celebrates the triumph of good over evil. In the mid-1990s, German journalist Hannelore Brenner met ten of these child survivors—women in their late-seventies today, who reunite every year at a resort in the Czech Republic. Weaving her interviews with the women together with excerpts from diaries that were kept secretly during the war and samples of the art, music, and poetry created at Theresienstadt, Brenner gives us an unprecedented picture of daily life there, and of the extraordinary strength, sacrifice, and indomitable will that combined—in the girls and in their caretakers—to make survival possible.
