The Art of Raising a Puppy (Revised Edition) Ivy Press

With such short legs and tiny paws, you might be surprised just how much energy a Chiweenie can hold. But just like how the tantalizing

combinations of a Mexican Hotdog or a German Taco leave your ears perked, this perfect blend of a Dachshund and a Chihuahua is always trying to constantly grab your attention—and succeeding. Regardless of its short stature, the big heart of the Chiweenie is what helped this breed become recently popular in the U.S. and also gain its (unofficial) title of one of the cutest mixed breeds

around. Whether you are researching backgrounds for this toy breed or this pup has already found his or her way into your home (and right into your heart), you might be in the market for some guidance. Topics covered include: Is a Chiweenie the right dog for me? Should I buy from a breeder or adopt from a rescue? I brought my Chiweenie home. What now? How can

I best train my Chiweenie? What are some common mistakes should I avoid? Whether you are a veteran or novice Chiweenie owner, there will be something for everyone in this book.
