MATTHEWS CABRERA

History of Universities Routledge
Volume 3 Number 2 of *Culture and Dialogue* focuses on the theme of “identity and dialogue.” All the essays gathered in this volume address issues of identity with concrete examples and from different perspectives, be they art, philosophy, politics, religion, gender, or ethnic studies. All essays describe and question the relational element at work in identity formation within different cultural contexts, such as Japan, America, Corsica, Mongolia, Norway, Australia, Italy, and Ireland. Hiroshi Yoshioka offers a topical critique of what lays behind the fashionable self-portrait of Japanese cultural identity as Cool Japan in all its

uniqueness. Sandra Wawrytko addresses the sensitive issue of gun culture in American identity by resorting to Mahāyāna Buddhist conceptions of failed interconnectedness. Dominique Verdoni discusses cultural identity formation with particular reference to the Corsican language and literature against the background of more dominant or regulating cultures. Angelika Böck shows how art practice can disclose the processes involved in any attempts to represent otherness, including when different groups such as Mongolian herders, Sami singers, and Australian Aboriginal hunters use other cultural codes and perspectives. Francesca Pierini critically reflects upon the culturally biased ways in which Anglo-American literature has traditionally portrayed Italian culture

—an orientalist imagined identity. The selection of essays closes with Hannah Hale’s study on a very specific aspect of gender identity formation: how eating and drinking habits shape the development of masculinities within a community of students. All essays, in one way or another, disclose how identity formation is conditioned by, or emerges from, relationships between self and otherness, inside and outside, or minor and dominant cultures. As paradoxical as it may seem, the more we relate to each other, the more identity becomes an issue.

Das lange 19. Jahrhundert ist unter anderem geprägt von politischen Umbrüchen. Die Französische Revolution gipfelt in der Verfassung von 1791, der ersten modernen Verfassung Europas, die als Beginn des langen 19. Jahrhunderts gelten kann. Doch bereits 1755, Jahrzehnte vorher, formulierte Pascal Paoli, General und Staatsoberhaupt von Korsika, eine Verfassung für seine Insel. 1729 markierte das Jahr, in dem Korsika begann, sich gegen die genuesische Herrschaft aufzulehnen – es begann ein Unabhängigkeitskampf über fast ein halbes Jahrhundert, dessen Ende durch die französische Besatzung 1769 besiegelt wurde. Höhepunkt der Unabhängigkeitsbestrebungen war die Zeit von 1755 bis 1769, in denen die

Genuesen unter Pascal Paoli weitgehend vertrieben wurden und der Versuch, einen funktionierenden Staat zu schaffen, stattfand. Paoli war in seiner Zeit durchaus eine Berühmtheit, ein Held. Paoli und der korsische Kampf um die Unabhängigkeit galten als Symbol für den Kampf um die Freiheit und waren wohl vor allem für die Entwicklungen in Italien nicht unbedeutend. Zweifelsohne war auch die Verfassung von 1755 ein Novum. Jahrzehnte vor den bekannteren modernen Verfassungen von Frankreich und den USA, stellt sie ein ihnen sehr ähnliches Dokument dar, das man fast als moderne Verfassung bezeichnen kann. Das Dokument als solches wurde im Europa seiner Zeit jedoch nicht beachtet. In der bisherigen Forschung wurde die Verfassung Korsikas von 1755 entweder als Factum hingenommen, oder aber gänzlich ignoriert. Nach einer Analyse mit aktuellen Definitionen des Begriffs „Verfassung“ in der Forschung sowie dem Vergleich mit den Verfassungen der USA und Frankreichs lässt sich festhalten, dass die korsische Verfassung in großen Teilen mit dem modernen Verfassungsbegriff übereinstimmt. Waren nun Pascal Paoli

und die Verfassung von 1755 ein europäisches Leitbild?

Crusades Scarecrow Press

From its Futurist and Dadaist origins to the body art of the 1970s and more recent developments in the genre, the history of Performance art is oriented around a fairly consistent set of elements: movements, speech, the body, impermanence, audience participation. But artists have also produced installations and performative objects for their performances, whose status becomes ambiguous once the action is over. Not to Play with Dead Things pays overdue attention to these frequently orphaned props of performance art, documenting works from the 1960s to the present by artists as diverse as Richard Jackson, Paul McCarthy, Roman Signer, Mike Kelley, Franz West, Jim Shaw, Guy de Cointet, John Bock, Spartacus Chetwynd, Catherine Sullivan and Erwin Wurm. Not to Play with Dead Things asks: are these objects relics of their own making? And is their hybridity a kind of resistance to the streamlining of art?

L'affaire du « masque de fer » fait partie

de ces dix ou douze énigmes qui défraient la chronique génération d'historiens (les uns fantaisistes, les autres rigoureux) après génération d'historiens. Comment trouver, comment dire du nouveau sur un sujet battu et rebattu. Y a-t-il des documents inédits ou faut-il attendre la lumière de nouvelles interprétations ou « lectures » ? Recensant la plupart des hypothèses recevables sur la véritable identité de l'« homme au masque de fer », Michel Vergé-Franceschi, en un style vivant et convaincant, donne à cette vieille histoire l'intérêt de la nouveauté. Du nouveau sur l'une des grandes énigmes de l'histoire ?

Fault Detection, Supervision and Safety of Technical Processes 2006 BoD - Books on Demand

The former slave gets into the eye of the Caribbean hurricane during the French Revolution there in 1794. He fights in Napoleonic Wars and get English Pow. He returns back to Guadeloupe after his release and takes part in the rebellion of the Bataillon des Antilles in May 1802 when slavery was to be reintroduced by the order of Napoleon. The unit is expelled from the island. François is ordered to

serve in Mantua, where he escapes and finds refuge in the Danish duchy of Holstein. He settles there and founds a family in October 1806. François is a direct ancestor of the author. His biography is retraced. The conditions of slave trade are analyzed for Nigeria, the trade itself as are society and culture in Guadeloupe. Which are the factors leading to the rebellion of May 1802? How Guadeloupe deals with it and the reintroduction of slavery? The deportation of the soldiers causes an international diplomatic affair. Which policy does Napoleon lead referring to people of color? What happens in the unit of Black Pioneers in Mantua? François is literally fighting for freedom and a humble decent life, free of the construct of slavery. He finds his freedom in the Danish duchy of Holstein. The book contributes a micro-historic view to the macro-history. *An Account of Corsica, the Journal of a Tour to That Island; and Memoirs of Pascal Paoli* Europa Edizioni

This volume explores the climates, landscapes, ecosystems and hazards that comprise the Mediterranean world. It traces the development of the Mediterranean landscape over very long

timescales and examines modern processes and key environmental issues in a wide range of settings. The Mediterranean is the only region on Earth where three continents meet and this interaction has produced a very distinctive Physical Geography. This book examines the landscapes and processes at the margins of these continents and the distinctive marine environment between them. Catastrophic earthquakes, explosive volcanic eruptions and devastating storms and floods are intimately bound up within the history and mythology of the Mediterranean world. This is a key region for the study of natural hazards because it offers unrivalled access to long records of hazard occurrence and impact through documentary, archaeological and geological archives. The Mediterranean is also a biodiversity hotspot; it has been a meeting place for plants, animals and humans from three continents throughout much of its history. The Quaternary records of these interactions are more varied and better preserved than in any other part of the world. These records have provided important new insights into the tempo of climate, landscape and

ecosystem change in the Mediterranean region and beyond. The region is unique because of the very early and widespread impact of humans in landscape and ecosystem change - and the richness of the archaeological and geological archives that chronicle this impact. This book examines this history and these interactions and places current environmental issues in long term context.  No other book can offer such a powerful tool to understand the basics of remote

sensing for precipitation, to make use of existing products and to have a glimpse of the near future missions and instruments. This book features state-of-the-art rainfall estimation algorithms, validation strategies, and precipitation modeling. More than 20 years after the last book on the subject the worldwide precipitation community has produced a comprehensive overview of its activities, achievements, ongoing research and future plans.
IBSS: Political Science: 2004 Vol.52 Hidden Spring
 Crusades covers seven hundred years from the First Crusade (1095-1102) to the fall of Malta (1798) and draws together scholars working on theatres of war, their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology, law, literature, art, numismatics and economic, social, political and military history. Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East. Particular attention is given to the publication of historical sources in all relevant languages - narrative, homiletic and documentary - in trustworthy editions,

but studies and interpretative essays are welcomed too. Crusades appears in both print and online editions. The third issue of the Crusades features articles from Denys Pringle on Crusader inscriptions, Benjamin Z. Kadar on the massacre of 15 July 1099 and Peter Frankopan on co-operation between Constantinople and Rome before the First Crusade.

Volume XXII/2 of History of Universities contains the customary mix of learned articles, book reviews, and bibliographical information, which makes this publication such an indispensable tool for the historian of higher education. Its contributions range widely geographically, chronologically, and in subject-matter. The volume is, as always, a lively combination of original research and invaluable reference material.

Minority Nationalist Parties and European Integration Oxford University Press

Until the mid-1960s, asbestos had a reputation as a lifesaver. In 1960, it became known that exposure to asbestos can cause mesothelioma, a virulent and lethal cancer. Yet the bulk of the world's asbestos was mined after 1960. This is the first global history of how the asbestos industry defended the product throughout the 20th century.

« L'État providence étant mort, le budget d'entretien de la machine le démontre, je me dis enfin qu'on a tout à craindre, et l'institution en premier lieu, de l'apparition du concept de justice providentielle, d'une justice à qui l'on demande tout et son contraire, et de surcroît tout de suite. Pour mettre mes actes en conformité avec mes idées du moment, je déchire le projet d'assignation que j'ai rédigé ce matin. Non, c'est décidé, je n'assignerai pas, comme je l'avais envisagé, le ministre de la Justice sur la base de l'article 1382 du Code civil afin d'obtenir une conséquente indemnisation, jurisprudence à l'appui, pour la perte non pas d'une chance, mais de mes illusions. Vingt-sept ans de carrière dans la magistrature, dix ans à Paris dont neuf au terrorisme. Enfin, à l'antiterrorisme. Qu'est-ce que je fous là-dedans ? A quoi ça sert ? » Ces quelques lignes de *Magistrales Insomnies* donnent le ton. Le juge Thiel, qu'on avait eu l'occasion de rencontrer dans son précédent ouvrage *On ne réveille pas un juge qui dort*, poursuit sa dissection de la machine judiciaire à travers l'évocation

des grands dossiers qui ont fait l'actualité des derniers mois et dont il a eu pour partie la charge : les tirs croisés entre factions nationalistes corses, les règlements de compte insulaires, les assassinats de François Santoni et de Jean-Michel Rossi, l'assassinat du préfet Erignac, la traque d'Yvan Colonna, l'affaire du bagagiste de Roissy, le cas Battisti, l'affaire des paillotes, etc. Cette présentation de la justice vue du front met en perspective une institution dont les « vérités énoncées » sont révélatrices de l'état de notre société, mais ici l'analyse passe par le prisme du récit, une instruction à charge et à décharge par un esprit libre, n'appartenant à aucune chapelle, et où la réflexion se trouve stimulée par l'humour, l'ironie et la provocation.

Magistrales insomnies BRILL

The 17th-century was a period of extraordinary achievement in Italian painting that placed Naples at the center of international artistic taste. The almost continuous artistic accomplishments in Naples at this time left an imprint on the history of European art. This exhibition catalog presents 50 paintings-including

both familiar icons and many important works visiting North America for the first time-by such artists as Artemisia Gentileschi, Luca Giordano, Francesco Guarino, Salvatore Rosa, Jusepe De Ribera, and more. The paintings depict religious and secular subjects, still life, portraiture, and 17th-century city life in Naples, including the ravages of rebellion and plague, and the moments of great triumph.

Le Masque de Fer Springer Science & Business Media

The escalation of piracy in the waters east and south of Somalia has led commentators to call the area the new Barbary, but the Somali pirates cannot compare to the three hundred years of terror supplied by the Barbary corsairs in the Mediterranean and beyond. From 1500 to 1800, Muslim pirates from the Barbary Coast of North Africa captured and enslaved more than a million Christians. *Lords of the Sea* relates the history of these pirates, examining their dramatic impact as the maritime vanguard of the Ottoman Empire in the early 1500s through their breaking from Ottoman control in the early seventeenth century.

Alan Jamieson explores how the corsairs rose to the apogee of their powers during this period, extending their activities from the Mediterranean into the Atlantic and venturing as far as England, Ireland, and Iceland. Serving as a vital component of the main Ottoman fleet, the Barbary pirates also conducted independent raids of Christian ships and territory. While their activities declined after 1700, Jamieson reveals that it was only in the early nineteenth century that Europe and the United States finally curtailed the Barbary menace, a fight that culminated in the French conquest of Algiers in 1830. A welcome addition to military history, *Lords of the Sea* is an engrossing tale of exploration, slavery, and conquest.

Flood Risk Management in Europe
Routledge

Ce volume regroupe onze contributions autour de la thématique des dimensions aspectuelle ou/et temporelle du parfait et de l'aoriste à partir de données tirées des cinq langues suivantes : latin, corse, français, polonais et estonien. The present volume offers a collection of eleven contributions dealing with the aspectual or/and temporal dimensions of the perfect

and of the aorist tenses on the basis of data in five languages: Latin, Corsican, French, Polish and Estonian.

Fate come noi Princeton University Press
Genoa completed its transformation from a faded maritime power into a thriving banking center for Europe in the seventeenth century. The wealth accumulated by its leading families spurred investment in the visual arts on an enormous scale. This volume explores how artists both foreign and native created a singularly rich and extravagant expression of the baroque in works of extraordinary variety, sumptuousness, and exuberance. This art, however, has remained largely hidden behind the facades of the city's palaces, with few works, apart from those by the school's great expatriates, found beyond its borders. As a result, the Genoese baroque has been insufficiently considered or appreciated. Lavishly illustrated, 'A Superb Baroque' is comprehensive, encompassing all the major media and participants. Presented are some 140 select works by the celebrated foreigners drawn to the city and its flourishing environment. Offering three levels of exploration-essays that

frame and interpret, section introductions that characterize principal currents and stages, and texts that elucidate individual works-this volume is by far the most extensive study of the Genoese baroque in the English language.00Exhibition: National Gallery of Art, Washington, DC, USA (03.05.-16.08.2020) / Scuderie del Quirinale, Rome, Italy (03.10.2020 - 10.01.2021).
