popular actors and comedians have had on North Korean society.--Dong Hoon Kim, University of Oregon State Hospital Bulletin University of Hawaii Press China's investment in U.S. higher education has raised considerable debate, but little research has been directed to the manner in which this investment unfolds and takes shape on the ground in local contexts. Confucius and

Crisis in American Universities fills this gap by closely investigating how Chinese-funded U.S. programs are understood and configured in the modern American university. Drawing on interviews with Chinese teachers and their American students, as well as conversations with university administrators, this book argues that Chinese investment in American higher education

serves as a broad form of global policy, harnessing the power of intercultural exchange as a means of managing international diplomatic relations through the experiences of university students. A transnational study, Confucius and Crisis in American Universities questions and reframes conventional notions of economic globalization and flexible citizenship, demonstrating how Chinese

investment in U.S. education advances the lives of the already-privileged by creating access to overseas labor and markets, but to the exclusion of middle- and working-class students. A valuable and timely resource for scholars of education and anthropology, this book will also be useful to anyone interested in education policy or international affairs.

Marshall Cavendish International (Asia) Pte Limited "Hinduism and Buddhism" in 3 volumes is a work by Charles Eliot whose aim is to give a sketch of Indian thought or Indian religion, for the two terms are nearly equivalent in the book, and of its history and influence in Asia. As the author pointed out, it is impossible to separate Hinduism from Buddhism, for without it Hinduism could not have

assumed its medieval shape and some forms of Buddhism, such as Lamaism, countenance Brahmanic deities and ceremonies, while in Java and Cambodia the two religions were avowedly combined and declared to be the same. Neither is it convenient to separate the fortunes of Buddhism and Hinduism outside India from their history within it, for although the importance of Buddhism

hope to find material comfort and social distinction in newly constructed gated communities. This quest for the good life is profoundly transforming the physical and social landscapes of urban China. Li Zhang, who is from Kunming, the capital of Yunnan province, turns a keen ethnographic eye on her hometown. She combines her analysis of larger political and social issues with

fine-grained details about the profound spatial, cultural, and political effects of the shift in the way Chinese urban residents live their lives and think about themselves. In Search of Paradise is a deeply informed account of how the rise of private homeownership is reconfiguring urban space, class subjects, gender selfhood, and ways of life in the reform era. New, seemingly

individualistic lifestyles mark a dramatic move away from yearning for a social utopia under Maoist socialism. Yet the privatization of property and urban living have engendered a simultaneous movement of public engagement among homeowners as they confront the encroaching power of the developers. This double movement of privatized living and public sphere activism,

Zhang finds, is a distinctive feature of the cultural politics of the middle classes in contemporary China. Theoretically sophisticated and highly accessible, Zhang's account will appeal not only to those interested in China but also to anyone interested in spatial politics, middle-class culture, and postsocialist governing in a globalizing world. Recent winner of a prestigious award from the Julia Child Cookbook Awards, presented by

the International Association of Culinary Professionals. Lauden was given the 1997 Jane Grigson Award, presented to the book that, more than any other entered in the competition, exemplifies distinguished scholarship. Hawaii has one of the richest culinary heritages in the United States. Its contemporary regional cuisine, known as "local food" by residents, is a truly

amazing fusion of diverse culinary influences. Rachel Laudan takes readers on a thoughtful, wide-ranging tour of Hawaii's farms and gardens, fish auctions and vegetable markets, fairs and carnivals, mom-and-pop stores and lunch wagons, to uncover the delightful complexities and incongruities in Hawaii's culinary history. More than 150 recipes, photographs, a bibliography

of Hawaii's cookbooks, and an extensive glossary make The Food of Paradise an invaluable resource for cooks, food historians, and Hawaiiana buffs.

Simon and Schuster

A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists,

a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's *Persepolis*, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian

home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting

caskets at the family-owned "fun home," as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive. *Chinese paradise 1B* Candlewick Press Rooted in the creative success of over 30 years of

In Search of Paradise Routledge In his bestselling work of “comic sociology,” David Brooks coins a new word, Bobo, to describe today’s upper

Their hybrid lifestyle is the atmosphere we breathe, and in this witty and serious look at the cultural consequences of the information age, Brooks has defined a new generation. A delightful story of growing up, getting old, and every step in between, from the acclaimed author of *Man at the Helm and Love*, Nina. After succeeding in

her quest to help her unconventional mother find a new "man at the helm," fifteen-year-old Lizzie Vogel simply wants to be a normal teenager. Just when it looks as if things have settled down, her mother goes and has another baby. On top of that, Lizzie's best friend has deserted her for the punk craze, which Lizzie finds too exhausting to commit to herself. But Lizzie soon gets more

commitment than she bargained for when she takes a job as a junior nurse at Paradise Lodge, a ramshackle refuge for the elderly that has seen better days. It's no place for a teenager, much less one with as little experience emptying a bedpan as Lizzie. What begins as away to avoid school and earn some spending money (for the finer things in life, like real coffee and beer

shampoo) quickly turns into the education of a lifetime. Lizzie encounters a colorful cast of eccentric characters--including a nurse determined to turn one of the patients into a husband (and a retirement plan); an efficient but clueless nun trying to modernize the place; and Lizzie's unlikely first love--who become her surrogate family. When Paradise Lodge faces a crisis in the

form of a rival nursing home with enough amenities to make even the comatose jealous, Lizzie must find a way to save her job before she loses the only place she's ever felt she belongs. A hilarious and heartfelt coming-of-age tale, Paradise Lodge proves that it's never too early--or too late--to grow up.
