(And how to create one) Why you may need an audio book (And how to get one for free) How to get your book translated into other languages for free (And why you should) Why ranking matters (And what to do if your book isn't ranking well.) How to market your book. (Including links and contact information for the people I use) What to do after you publish your first book. How much you can REALLY expect to make with Kindle publishing! talk about the mistakes I've made so you don't make them, too. And I provide you with step-by-step instructions and relevant links for all of the above areas-and more. In other words, this book is the ONLY book you'll need to start a career publishing Kindle books.
