Vampires . . . they ache, they love, they thirst for the forbidden. They are your friends and lovers, and your worst fears. "A major new voice in horror fiction . . . an electric style and no shortage of nerve."—Booklist At a club in Missing Mile, N.C., the children of the night gather, dressed in black, look for acceptance. Among them are Ghost, who sees what others do not; Ann, longing for love; and Jason, whose real name is Nothing, newly awakened to an ancient, deathless truth about his father, and himself. Others are coming to Missing Mile tonight. Three beautiful, hip vagabonds—Molochai, Twig, and the seductive Zillah, whose eyes are as green as limes—are on their own lost journey, slaking their ancient thirst for blood, looking for supple young flesh. They find it in Nothing and Ann, leading them on a mad, illicit road trip south to New Orleans. Over miles of dark highway, Ghost pursues, his powers guiding him on a journey to reach his destiny, to save Ann from her new companions, to save Nothing from himself. . . . "An important and original work . . . a gritty, highly literate blend of brutality and sentiment, hope and despair."—Science Fiction Chronicle

When photographing people, you can have a great composition, perfect light, and the right camera settings, but if your subject doesn't look right—if the pose is off—the shot will not be a keeper. Posing is truly a crucial skill that photographers need to have in order to create great photographs. If you're looking to improve your ability to pose your subjects—whether they're men, women, couples, or groups—best-selling author and photographer Lindsay Adler's *The Photographer's Guide to Posing: Techniques to Flatter Everyone* is the perfect resource for you. In the first half of *The Photographer's Guide to Posing*, Lindsay discusses how the camera sees, and thus how camera angle, lens choice, and perspective all affect the appearance of your subject. Lindsay then covers things that ruin a pose—such

as placement of the hands, and your subject's expression and posture. Next, Lindsay dives into "posing essentials," outlining her approach to start with a "base pose," then build on that to create endless posing opportunities. She also discusses posing the face—with specific sections dedicated to the chin, jaw, eyes, and forehead—as well as posing hands. In the second half of the book, Lindsay dedicates entire chapters to posing specific subject matter: women, men, couples, curvy women, families and small groups, and large groups. In each chapter, Lindsay addresses that subject matter's specific challenges, provides "go-to poses" you can always use, and covers how to train the eye to determine the best pose for your subject(s). Lindsay also teaches you how to analyze a pose so that you can create endless posing opportunities and continuously improve your work.

Duke Ellington's son Mercer has said that his father was frustrated in only one area of musical ambition: his desire to do his own Broadway show. Though Ellington wrote many theatrical pieces, he was never able to achieve success as a composer for the stage, and today his stage shows receive little attention from music historians. Nevertheless, these works occupied a significant place in Ellington's creative imagination, and many of the ideas he employed in their composition found their way into his other work. Here is the first book to acknowledge Duke Ellington's contribution to the stage. It offers a survey of every theater piece Ellington is known to have worked on during his lifetime, beginning with the 1925 revue *The Chocolate Kiddies* and ending with the unfinished "street opera" *Queenie Pie*. This large body of work includes full-length musicals, African American revues, ballets, and incidental music. The plot of each work is described and the score analyzed according to its dramatic function in the piece. Musical phrases are reproduced in the text, and associations with other well-known Ellington compositions

are noted. An appendix provides a chronological listing of Ellington's shows with song titles conveniently listed under each. The Rye house plot; or, Ruth, the conspirator's daughter  
The year is 2078. In the city-empire of Libertion, there is no disease, hunger or crime. Social success, fashion brands and sex are the gods people worship now. These gods preside over the New Freedom, which offers people unlimited choices. Only one thing is strictly forbidden: love between a man and a woman. In this utopian world, if a man is unfortunate enough to love a woman, he is branded a pervert and a criminal. What would you

do for love, if it meant risking everything?
