In this extraordinary social history, Leora Auslander explores the changing meaning of furniture from the mid-seventeenth to the early twentieth century, revealing how the aesthetics of everyday life were as integral to political events as to economic and social transformations. Enriched by Auslander's experience as a cabinetmaker, this work demonstrates how furniture served to represent and even generate its makers' and consumers' identities. <i>Le Jacquard</i> Harvard University Press Notebook with Lettering Name Adeline 8 x 10 inches Book 110 Lined Pages (55 Sheets) Matte Cover Paperback Cute Pink Blossom Design White Page with Best Quality 60 Gramm Paper <i>Sharpe's London magazine, a journal of entertainment and instruction.</i> [entitled] <i>Sharpe's London journal.</i> [entitled] <i>Sharpe's London magazine, conducted by Mrs. S.C. Shelter for Adeline: A Firefighter/Police Romantic Suspense Metropolitan Museum of Art Besieged during the Franco-Prussian War, its buildings damaged, its finances mired in debt, Paris was a city in crisis. Alexia Yates chronicles the private actors and networks, practices and politics, that spurred the largest building boom of the nineteenth century, turning city-making into big business in the French capital. <i>Bibliographie de l'Empire Français ou Journal de l'imprimerie et de la librairie</i> Getty Publications So, my journey began with a list of what to bring, how much to bring, and who to tell, which ended up to be no one. Other than food and clothing and the normal things, I would bring my books, my music, and a nice new journal--one that I would use to chronicle the adventures I planned to have throughout the seasons of the coming year. I would fill it with memories and stories and words intended to be read by my family, particularly after I'm gone. Words that would remind them of the beauty and preciousness of life. Words that would remind them of what's important and what is not. This was my plan and I could hardly wait to get started. At eighty-seven years old, Adeline is determined to leave the comfort and complacency of her assisted living center and set out on one last adventure. She heads to the lake house, where her family spent so many summers, with the goal of living out the year there. The memories of her past seem to haunt her at every turn, unfolding in vivid detail as she recalls the people and events that shaped her life. Adeline steadily prepares for her final journey and struggles to find peace as the true strength and beauty of her heart is revealed. 'A story touched with spiritual charm, Adeline will change the way you look at life. Hayes does a remarkable job of getting into the heart of life, sorting out what's important and what is trivial. 'The earth will take care of my body and the Lord will take care of my soul.' The woman Adeline is one with God and with nature. Her story will linger in your heart.' Mary E. Trimble, author of <i>Tenderfoot</i> <i>Women in France Since 1789</i> Oxford University Press " J'ai eu un choc en voyant mon portrait. Il m'a barbouillé les joues de rouge et labouré les mains de traits verts. Je suis laide à faire peur. Si seulement j'avais eu le courage de lui dire que je n'aimais pas son tableau, il ne me l'aurait certainement pas offert. Pauvre monsieur Vincent, il travaille tellement. C'est cruel, mais je crois bien que c'est un peintre raté !" This volume seeks to challenge that marginality by exploring some of the wide-ranging forms of literary practice encompassed by diaristic writing in Europe from the Renaissance to the present day. The volume deals with questions of the value and status of the diary, of the functioning of the diary in society and history, and of the	reception and interpretation of the multifarious forms of first-person daily writing. The volume investigates diaries across national borders and linguistic boundaries, so as to make the hitherto marginal place of the private journal a site of fruitful interdisciplinary encounters. Australian, British, Catalanian, French, German and Italian critics examine diaries dating from the sixteenth to the twentieth century, within the context of the literature, history and literary history of Catalonia, England, France, Germany and Italy. A prime concern of the essays in this collection is to highlight the cultural, generic and historical diversity of the diary, while emphasising the points of convergence between different texts and differing critical approaches to the texts. The volume will be of interest to students and teachers of European and comparative literature. <i>Journal d'Adeline</i> Createspace Independent Publishing Platform When Mama and Daddy bring home a new baby, Adeline, big sister Alice isn't too sure about her. At first, there's too much crying, and later, Adeline struggles to speak. But as Alice watches her sister grow, she comes to realize that words aren't the only way to understand her. Waiting for Adeline is a story of patience, connection, love, and the bonds that can grow from adversity. <i>Le Journal d'une Amazone</i> Univ of California Press Due to the technological advances of the nineteenth century, an abundance of black drawing media exploded onto the market. Charcoal, conte crayon, and fabricated black chalks and crayons; fixatives; various papers; and many lifting devices gave rise to an unprecedented amount of experimentation. Indeed, innovation became the rule, as artists developed their own unique—and often experimental—processes. The exploration of black media in drawing is inextricably bound up with the exploration of black in prints, and this volume presents an integrated study that rises above specialization in one over the other. Noir brings together such diverse artists as Francisco de Goya, Maxime Lalanne, Gustave Courbet, Odilon Redon, and Georges Seurat and explores their inventive works on paper. Sidelining labels like “conservative” or “avant-garde,” the essays in this book employ all the tools that art history and modern conservation have given us, inviting the reader to look more broadly at the artists' methods and materials. This volume accompanies an eponymous exhibition on view at the J. Paul Getty Museum from February 9 to May 15, 2016. <i>Gazette du palais</i> Tate Publishing Adeline, jeune femme de 33 ans, nous ouvre son journal intime où elle narre son quotidien, celui d'une jeune femme qui apprend qu'elle est condamnée à cause d'un cancer. Susan K. Foley surveys the patterns of women's experiences in the socially-segregated society of the early nineteenth century, and then traces the evolution of their lifestyles to the turn of the twenty-first century, when many of the earlier social distinctions had disappeared. Focusing on women's contested place within the political nation, <i>Women in France since 1789</i> examines: - The on-going strength of notions of sexual difference - Recurrent debates over gender - The anxiety created by women's perceived departure from ideals of womanhood - Major controversies over matters such as reproductive rights, significant cultural changes, and women's often under-estimated political roles By addressing and exploring these key issues, Foley demonstrates women's efforts over two centuries to create a place in society on their own terms. Product Features: 6x9 inch 120 pages High-quality and nice design cover High-quality papers Taste and Power "Eugene Sue (1804-57), like his contemporary Alexandre Dumas pere, was one of the most successful writers of his time. Les Mysteres de Paris, the novel for which he is most remembered, became a publishing sensation. In its serial form, it took the public by storm - readers fought for copies of the next instalment - and in book form its print-run reached an unprecedented 60,000. Christopher Prendergast's study engages with the problematic of emerging forms of popular literature on the basis of a specific hypothesis: that Les Mysteres de Paris, written and published in serial form, was,

through the pressure of Sue's reader-correspondents (many of them barely literate), a collective production, 'written by the people for the people'. Prendergast examines the phenomenon of popular literature and reader response in the nineteenth century to illuminate larger issues in the sociology of literature."

Van Gogh in Saint-Remy and Auvers is the sequel to the highly acclaimed exhibition catalogue Van Gogh in Arles. The seventy paintings, eighteen drawings, and one etching selected for the present volume--drawn from public and private collections throughout Europe, the United States, and Asia for exhibition at the Metropolitan Museum of Art--include some of Vincent van Gogh's most famous images. Remarkable for their intensity and clarity of expression, they trace the development of van Gogh as an artist from May 1889, when he left Arles for a private asylum in Saint-Remy-de-

Provence, some fifteen miles northeast of Arles, to his death in Auvers-sur-Oise, near Paris, in July 1890.

Poignant Relations

There was a discreet, relational feminism, which they expressed by considering their relationships to themselves and to others. Because they were less political (and thus less well known) than other feminists, these three women have been neglected by historians and literary theorists. But they are thus more representative of a generation of women who often wrote about, but did not necessarily act on, their independent ideas. For them, writing was transgression enough."--BOOK JACKET.
