*The Comics of Joe Sacco* Caligrama  
 Que la verdad está en crisis parece hoy  
 más cierto que nunca. Pero ¿de qué  
 "verdad" hablamos? Este ensayo indaga  
 en la manera en que se construye,  
 difunde y asume ese objeto de sentido  
 que llamamos "verdad", y sopesa desde  
 múltiples ángulos las peculiaridades del  
 "documental", el dúctil formato

discursivo urdido para darle asiento y cobijo. En ese empeño, estas páginas reparan en campos tan amplios como los del periodismo, el discurso histórico (el candente combate por la "memoria histórica") o las falsificaciones de cualquier laya, pero a la postre centran el foco en el mundo de la imagen y, más en concreto, en la fenomenología del cine documental a cuya razonada cartografía este libro dedica buena parte de sus esfuerzos. Preocupado por alcanzar un equilibrio satisfactorio entre el discurso teórico y los ejemplos llamados a sostenerlo, escruta un amplio ramillete de películas y cineastas capitales, añadiendo al conjunto una serie de análisis probatorios que nunca pierden de vista el debate en torno a la idea de "verdad". Lejos del saber fungible imperante en nuestros días, estamos ante una propuesta ambiciosa e inusual que a buen seguro dejará indiferentes a muy pocos.

*Interrelaciones entre la imagen, el texto y las tecnologías digitales. Nuevas perspectivas en la enseñanza de las ciencias sociales* Metropolitan Books  
 Hulk for hire! The Incredible Hulk is an indestructible force of nature, more

weapon than man. Bruce Banner is the Hulk's human alter-ego, and the smartest man alive. Combined they are the most powerful, most intelligent weapon on the planet - and now they're both working for the government as Marvel NOW! makes the Hulk an agent of S.H.I.E.L.D.! Taking on deadly threats including the Mad Thinker, the Quintron Man and Attuma, Hulk goes from walking W.M.D. to world saver. But even when playing the hero, the Green Goliath is going to do what he does best...SMASH! COLLECTING:

Indestructible Hulk 1-5

La gran guerra Metropolitan Books

Follow award-winning cartoon journalist Joe Sacco on one of the most dangerous beats of all: rock 'n' roll! The centerpiece of the book is an expanded version of "In the Company of Long Hair," the early '90s graphic novelette Sacco created on the subject of his raucous European tour with the punk band, the Miracle Workers. "Long Hair" appears here for the first time in an expanded version with an added 15-page section of his original sketches and notes from the time, and a bound-in CD featuring an excerpt from the Miracle Workers' live shows - including a blasting version of the Iggy Pop classic, "I Got a Right." As for the rest of the book: Sacco turns his pitiless pen on all strata of Rock 'n' Roll, from old rockers (two stories on the Rolling Stones) to new; from salacious gossip to how-to ("Woodstock in your Own Home"); from portraits of typical rock creatures ("Record Producer," "The Musician Who Wanted to Save the World," "The Rock Journalist") to self-deprecating autobiographical stories.

**Bumf BRILL**

The assignment was simple: stake out the man's home and kill him. Easy work for a professional like Quarry. But when

things go horribly wrong, Quarry finds himself with a new mission: learn who hired him, and make the bastard pay. NOW A CINEMAX TELEVISION SERIES! The longest-running series from Max Allan Collins, author of Road to Perdition, and the first ever to feature a hitman as the main character, the Quarry novels tell the story of a paid assassin with a rebellious streak and an unlikely taste for justice. Once a Marine sniper, Quarry found a new home stateside with a group of contract killers. But some men aren't made for taking orders - and when Quarry strikes off on his own, god help the man on the other side of his nine-millimeter...

12 de septiembre Univ. Press of Mississippi

Challenging the fundamental tenet of the multicultural movement -- that social struggles turning upon race, gender, and sexuality are struggles for recognition -- this work offers a powerful critique of current conceptions of identity and subjectivity based on Hegelian notions of recognition. The author's critical engagement with major texts of contemporary philosophy prepares the way for a highly original conception of ethics based on witnessing. Central to this project is Oliver's contention that the demand for recognition is a symptom of the pathology of oppression that perpetuates subject-object and same-different hierarchies. While theorists across the disciplines of the humanities and social sciences focus their research on multiculturalism around the struggle for recognition, Oliver argues that the actual texts and survivors' accounts from the aftermath of the Holocaust and slavery are testimonials to a pathos that is "beyond recognition". Oliver traces many of the problems with the recognition model of

subjective identity to a particular notion of vision presupposed in theories of recognition and misrecognition. Contesting the idea of an objectifying gaze, she reformulates vision as a loving look that facilitates connection rather than necessitates alienation. As an alternative, Oliver develops a theory of witnessing subjectivity. She suggests that the notion of witnessing, with its double meaning as either eyewitness or bearing witness to the unseen, is more promising than recognition for describing the onset and sustenance of subjectivity. Subjectivity is born out of and sustained by the process of witnessing -- the possibility of address and response -- which puts ethical obligations at its heart.

*How to Understand Israel in 60 Days or Less* Planeta DeAgostini Cómics

Este libro es una síntesis divulgativa y práctica del estado actual del periodismo de investigación en la escena nacional e internacional. Con especial atención a los cambios que ha vivido la actividad periodística como consecuencia de la aparición de la tecnología blockchain, las fuentes colaborativas o las narrativas transmedia, no perdemos de vista la necesidad de entender esta disciplina desde sus orígenes para ratificar su valor en una sociedad democrática, con el fin de promover una ciudadanía bien informada, formada y crítica gracias a una información de calidad.

**Paying the Land** Editorial UOC

Collects illustrated, satirical stories about the author's life, war, politics, and sex, including the tales "Voyage to the End of the Library" and "When Good Bombs Happen to Bad People."

The Trauma Graphic Novel Macmillan

When bombs are falling and western journalism is the only game left in town "fixers" are the people who sell war correspondents the human tragedy and

moral outrage that makes news editors happy. It's dangerous, a little amoral and a lot desperate. Award-winning comic-journalist Joe Sacco goes behind the scene of war correspondence to reveal the anatomy of the big scoop. He begins by returning us to the dying days of Balkan conflict and introduces us to his own fixer; a man looking to squeeze the last bit of profit from Bosnia before the reconstruction begins. Thanks to a complex relationship with the fixer Joe discovers the crimes of opportunistic warlords and gangsters who run the countryside in times of war. But the west is interested in a different spin on the stories coming out of Bosnia. Almost ten years later, Joe meets up with his fixer and sees how the new Bosnian government has "dealt" with these criminals and Joe ponders who is holding the reins of power these days...

**Cómo destapar otro Panama Papers** Editorial CSIC - CSIC Press

La historia del cómic a través de sus autores y escuelas más importantes, desde los primeros superhéroes, el nacimiento del manga y Tintín, hasta el cómic underground, la ciencia ficción, el cómic latinoamericano y la aparición del cómic adulto y la novela gráfica. La apasionante historia de un medio de masas totalmente integrado en la cultura contemporánea. Breve historia del cómic propone un viaje por la apasionante trayectoria de un medio artístico lleno de vitalidad. De las primeras historietas de prensa hasta la novela gráfica, la obra ofrece un recorrido por los principales autores y obras de la historia del cómic universal. Este título muestra los orígenes del cómic y su evolución como un medio de masas orientado a los jóvenes y leído por millones de personas en todo el mundo. Las grandes tiras de prensa

americanas, los primeros superhéroes, el nacimiento del manga o la creación del célebre Tintín son algunas de sus claves. Los cambios políticos y sociales de los años sesenta también afectaron al cómic: surgieron las primeras historietas dirigidas específicamente a lectores adultos. El cómic underground, la ciencia ficción de las revistas francesas o los primeros intentos de cómic adulto en España convivieron con los inicios de los superhéroes de Marvel o la diversidad de géneros del manga. A partir de los años ochenta, el cómic se ha convertido en un medio de expresión adulto integrado plenamente en la cultura contemporánea, muestra de ello son el cómic independiente americano, el nuevo cómic francés, el surgimiento de un manga adulto y la aparición de la novela gráfica. Gerardo Vilches consigue en este riguroso y ameno ensayo que el lector pueda profundizar en la historia de este medio artístico y lo completa con una excelente guía de las cien obras imprescindibles del medio.

Communication Between Cultures Taylor & Francis

Named a Notable Scholarly Publication of 2015 by the Comics Studies Society Contributions by Georgiana Banita, Lan Dong, Ann D'Orazio, Kevin C. Dunn, Alexander Dunst, Jared Gardner, Edward C. Holland, Isabel Macdonald, Brigid Maher, Ben Owen, Rebecca Scherr, Maureen Shay, Marc Singer, Richard Todd Stafford, and Øyvind Vågnes The Comics of Joe Sacco addresses the range of his award-winning work, from his early comics stories as well as his groundbreaking journalism Palestine (1993) and Safe Area to Goražde (2000), to Footnotes in Gaza (2009) and his most recent book The Great War (2013), a graphic history of World War I. First in the series, Critical Approaches to Comics

Artists, this edited volume explores Sacco's comics journalism and features established and emerging scholars from comics studies, cultural studies, geography, literary studies, political science, and communication studies. Sacco's work has already found a place in some of the foundational scholarship in comics studies, and this book solidifies his role as one of the most important comics artists today. Sections focus on how Sacco's comics journalism critiques and employs the standard of objectivity in mainstream reporting, what aesthetic principles and approaches to lived experience can be found in his comics, how Sacco employs the space of the comics page to map history and war, and the ways that his comics function in the classroom and as human rights activism. The Comics of Joe Sacco offers definitive, exciting approaches to some of the most important--and necessary--comics today, by one of the most acclaimed journalist-artists of our time.

**The Fixer** Univ. Press of Mississippi

"En Notas al pie de Gaza, Sacco retoma algunos de los temas que ya describió en Palestina hace casi dos décadas, pero en lugar de centrarse en la situación actual en los territorios palestinos ocupados y los campos de refugiados, echa la vista atrás para desentrañar los hechos oscuros que concluyeron con la matanza de cientos de palestinos civiles a manos de soldados israelíes en noviembre de 1956 en las ciudades de Khan Younis y Rafah. Sacco no es imparcial y no pretende serlo. Habiendo leído Palestina es obvio que sus simpatías están con el pueblo palestino y es su punto de vista y su historia la que el dibujante maltés quiere ofrecer al público. Con la realización de este libro, Sacco pretende por una parte, arrojar luz sobre lo que puede ser haber sido una

gran mentira histórica promovida por los israelíes –que la mantaza se produjo ante la resistencia de los palestinos- y al mismo tiempo le interesa excavar hasta dar con las raíces del odio entre los dos pueblos".

**Breve historia del cómic** Titan Books (US, CA)

Basado en los hechos del lamentable episodio del 11 de Septiembre de 2001. El día después visto a través de los ojos de grandes autores reconocidos del sector como Art Spiegelman (Maus), Joe Sacco (Palestina, Gorazde, Notas al pie de Gaza) o Muñoz y Sampayo (Alack Sinner), entre otros. Con una portada de Enki Bilal (Fin de siglo), este libro aparece con motivo del décimo aniversario de los terribles atentados contra EE UU.

**Nuevas visiones sobre el cómic**

Prensas de la Universidad de Zaragoza  
Este libro se propone aproximarse a una perspectiva formal y estructural centrada en la historieta, en los recursos con los que cuenta, los sistemas retóricos desarrollados por el cómic y el modo de mimesis, es decir la manera en la que se crea la ilusión de la reproducción de los acontecimientos que integran el relato. La historieta puede contemplarse en función de tres inscripciones fundamentales: la que surge de su pertenencia a la configuración visual secuencial; la que afecta a su forma plástica y nace de su capacidad para hibridar palabra y escritura y, finalmente, aquella que atañe a su difusión, a su lugar en el consumo de masas. A través del cuerpo de este breve compendio de aspectos formales, se propone una aproximación centrada en la técnica que medie entre la viñeta y los dos despliegues que dan pie a la configuración secuencial: la página y el álbum.

Figuras del cómic ESIC

A first for the world's greatest cartoon reporter, a collection of journalism, including articles on the American military in Iraq that have never been published in the United States Over the past decade, Joe Sacco, "our moral draughtsman" (Christopher Hitchens), has increasingly turned to short-form comics journalism to report from the sidelines of wars around the world. Collected here for the first time, Sacco's darkly funny, revealing reportage confirms his standing as one of the foremost war correspondents working today. In "The Unwanted," Sacco chronicles the detention of Saharan refugees who have washed up on the shores of Malta; "Chechen War, Chechen Women" documents the trial without end of widows in the Caucasus; and "Kushinagar" goes deep into the lives of India's untouchables, who are hanging "onto the planet by their fingernails." Other pieces take Sacco to the smuggling tunnels of Gaza; the trial of Milan Kovacevic, Bosnian warlord, in The Hague; and the darkest chapter in recent American history, Abu Ghraib. And on a mission with American troops—pieces never published in the United States—he confronts the misery and absurdity of the war in Iraq. Among Sacco's most mature, accomplished work, Journalism demonstrates the power of our premier cartoonist to chronicle human experience with a force that often eludes other media.

*Notas al pie de Gaza* Universitat de València

Packed with current research and examples, bestselling COMMUNICATION BETWEEN CULTURES, 9E equips readers with a deep understanding and appreciation of different cultures while helping them develop practical

communication skills. Part I introduces the study of communication and culture; Part II focuses on the ability of culture to shape and modify our view of reality; Part III puts the theory of intercultural communication into practice; and Part IV converts knowledge into action. This is the only text to consistently emphasize religion and history as key variables in intercultural communication. Compelling examples help readers examine their own assumptions, perceptions, and cultural biases--so they can understand the subtle and profound ways culture affects communication. The ninth edition offers expanded discussions of the impact of globalization, a new chapter on intercultural communication competence, and more coverage of new technology. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Indestructible Hulk Volume 1* Drawn and Quarterly

In our wired world, visual images of military conflict and political strife are ubiquitous. Far less obvious, far more elusive, is how we see such images, how witnessing military violence and suffering affects us. *Distant Wars Visible* brings a new perspective to such enduring questions about conflict photography and other forms of visual advocacy, whether in support of U.S. military objectives or in critique of the nation at war. At the book's center is what author Wendy Kozol calls an analytic of ambivalence—a critical approach to the tensions between spectacle and empathy provoked by gazing at military atrocities and trauma. Through this approach, *Distant Wars Visible* uses key concepts such as the politics of recoil, the notion of looking elsewhere, skeptical documents, and

ethical spectatorship to examine multiple visual cultural practices depicting war, on and off the battlefield, from the 1999 NATO bombings in Kosovo to the present. Kozol's analysis draws from collections of family photographs, human rights photography, independent film production, photojournalism, and other examples of war's visual culture, as well as extensive visual evidence of the ways in which U.S. militarism operates to maintain geopolitical dominance—from Fallujah and Abu Ghraib to the most recent drone strikes in Pakistan. Throughout, Kozol reveals how factors such as gender, race, and sexuality construct competing visualizations of identity in a range of media from graphic narrative and film to conflict photography and battlefield souvenirs—and how contingencies and contradictions in visual culture shape the politics and ethics of witnessing.

Cambridge University Press

La violencia en el conflicto palestino israelí, una de las causantes de la desunión de dos pueblos. El objeto del libro es, por un lado, conocer en profundidad el origen, la evolución histórica del conflicto, los factores que podrían haberlo originado y los actores participantes en el conflicto como generadores de paz y de violencia. Por otro lado, lo que se pretende es conocer los diferentes tipos de violencia que han llevado a cabo cada una de las partes del conflicto y en qué medida la violencia en sus diferentes tipos podría estar impidiendo alcanzar la paz.

**palestino-israelí** Ediciones Cátedra  
Quinze ans après la publication de son premier livre, Palestine une nation occupée, Joe Sacco retourne dans la bande de Gaza pour enquêter sur un

massacre de la population palestinienne par l'armée israélienne en 1956.

*Qué pasa* Miño y Dávila

El cómic es uno de los medios más ricos y, sin embargo, menos explorados de la contemporaneidad. El presente libro da voz a algunos de los especialistas e investigadores internacionales más destacados en el estudio de esta manifestación artística, constituyendo uno de los mayores esfuerzos por

abordar el estudio de la historieta desde la interdisciplinariedad. El enriquecimiento que supone el contraste de diferentes metodologías permite abordar la capacidad del cómic para reflejar nuestro presente, su fuerza como instrumento pedagógico o los vínculos, siempre existentes pero cada vez mayores, entre el cómic y las artes plásticas, la literatura, el diseño o, por supuesto, el cine
