One Minute Stories The Mountaineers Books

Little known to the outside world, Somaliland has much to offer the truly intrepid traveller. This pioneering guidebook introduces one of the world's least chartered travel destinations. Author Philip Briggs covers everything from the low-key capital Hargeisa and mediaeval port of Berbera to peerless rock art sites such as Las Geel, and the scenery and wildlife of the Daallo Escarpment, towering 2,000m high above the pristine reefs of the Gulf of Aden. Somaliland's ruined cities and historical ports date back 5,000 years and have links with ancient Egypt and Axum in northern Ethiopia, as well as the Ottoman and British Empires. This guide offers background and practical information to every accessible corner of the country with the only real maps in existence of its capital and other large towns, and a section on wildlife.

The Cambridge Companion to Marx Ohio University Press

This fourth edition of Historical Dictionary of Chili contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Chili.

Somaliland Cicerone Press Limited

Besides the renowned sun, sea and sand, the Mascarene Islands offer outdoor opportunities aplenty, such as cycling, mountain hiking and watersports, as well as beautiful wildlife and national parks. The guide offers information on what to see and do region-by-region

An Essay on Slavery and Abolitionism Rand McNally

Celebrate real-life heroes in the US Marine Corps with this early introduction board book series to the US military branches. The Mini Military series focuses on introducing young readers to the various branches of the US military. Lil' Marine highlights what it's like to be in the US Marine Corps, focusing on uniforms, bases, and parachutes, and introducing toddlers to military vehicles, such as the amphibious assault vehicles and aircraft. Perfect for military families, those with veterans in their family, or for anyone looking to expose their youngest readers to parts of American society, this book and the series is sure to inspire and celebrate our brave service men and women.

He has published extensively on-Italian environmental history and edited Views from the South: Environmental Stories from the Mediterranean World. --

Katalog der Commerz-Bibliothek in Hamburg Bradt Travel Guides

This revised and updated edition of Culture Smart! Ukraine reveals a country in the throes of change. The euphoria of the famous Orange Revolution has vanished. The momentum for reform has been checked and the forces of authoritarianism have returned. Even so, modernization continues apace and people are eager to be seen as European. The recent political instability highlights the contradictions of Ukrainian society. Ukrainians are proud of their roots, and reticent about the traumas of their past; the country participates in international space programs and produces the world's largest aircraft, but still lives in a world of superstitions. The Ukrainian way of life is intertwined with ancient customs, the old Soviet legacy, and the search for a new European identity. What strikes visitors to this fascinating and important country is the heady mix of ancient history and youthful energy, the resilience of the people, and their generosity

of spirit. For the twentieth anniversary of its independence, Ukraine received quite a present—hosting the key matches of Euro 2012. Now it has a game of its own: to show the world that it is a serious player. This new edition of Culture Smart! Ukraine will enable you to visit the country with open eyes. It describes the history that has shaped the Ukrainian psyche, explains present-day values and attitudes, and offers practical advice on what to expect and how to behave. It aims to make you feel at ease, whether you are shopping in a market, dining out, or attending a business meeting.

Italy Lonely Planet

The Outer Hebrides are a place apart, an island chain stretching almost 200km from the Butt of Lewis to Barra Head with some of Britain's most mesmerising beaches, dramatic mountain ranges, wonderful wildlife, a long and fascinating history and a rich and vibrant Gaelic culture. This book features 40 mostly moderate walks, with many ideal for families, which take in magnificent sweeps of sand, soaring sea cliffs and memorable hill ascents, as well as celebrated cultural sights.

Cartographic Humanism Weidenfeld & Nicolson

Piechocki calls for an examination of the idea of Europe as a geographical concept, tracing its development in the 15th and 16th centuries. What is "Europe," and when did it come to be? In the Renaissance, the term "Europe" circulated widely. But as Katharina N. Piechocki argues in this compelling book, the continent itself was only in the making in the fifteenth and sixteenth centuries. Cartographic Humanism sheds new light on how humanists negotiated and defined Europe's boundaries at a momentous shift in the continent's formation: when a new imagining of Europe was driven by the rise of cartography. As Piechocki shows, this tool of geography, philosophy, and philology was used not only to represent but, more importantly, also to shape and promote an image of Europe quite unparalleled in previous centuries. Engaging with poets, historians, and mapmakers, Piechocki resists an easy categorization of the continent, scrutinizing Europe as an unexamined category that demands a much more careful and nuanced investigation than scholars of early modernity have hitherto undertaken. Unprecedented in its geographic scope, Cartographic Humanism is the first book to chart new itineraries across Europe as it brings France, Germany, Italy, Poland, and Portugal into a lively, interdisciplinary dialogue.

The Outer Hebrides Penguin Random House South Africa

Following the format of the successful 'Sasol Birds of Southern Africa', this is an identification guide to the birds of Madagascar and the other Indian Ocean islands.

Lonely Planet Best of Peru DigiCat

When fifteen-year-old Anna begins receiving messages from another time, her parents take her to the doctor. But he can find nothing wrong; in fact he believes there may be some truth to what she is seeing. Anna is haunted by visions of the desolate world of 2082. She sees her great-granddaughter, Nova, roaming through wasteland with a band of survivors, after animals and plants have died out. The more Anna sees, the more she realises she must act to prevent the future in her visions becoming real. But can she act quickly enough? 'Compelling' Sunday Times
