No matter what anyone tells you, boat cooking IS different from cooking ashore. The space is smaller, there's no grocery store 5 minutes away, you have fewer prepared foods and electric appliances, and food storage is much different. Despite cruising different oceans, we—Jan and Carolyn—both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel, swim, kayak, explore—and just sit and admire the view. We learned with the cookbooks we both had aboard, and wished for information that wasn't available—like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce or yogurt, we adapted recipes to make our own. Other times, we experimented with substituting ingredients—maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of “make it yourself” options. As we traded recipes and knowledge with each other, we realized we were compiling information that became <i>The Boat Galley Cookbook</i> : 800+ recipes made from readily-obtainable ingredients with hand utensils, including numerous choices to suit every taste: not just one cake but 20, 16 ways to prepare fish, 10 regional barbeque sauces, and so on. Step-by-step directions to give even “non-cooks” the confidence they can turn out tasty meals without prepared foods. Detailed instructions on unfamiliar things like making yogurt and bread, grilling virtually every food imaginable, preparing and cooking freshly-caught fish and seafood, cutting up and boning meat, cooking in a Thermos and baking on the stove top, as well as lots of tips on how to do things more easily in a tiny, moving kitchen. All this in an easy-to-navigate format including side tabs on the Contents to help you find your way and extensive cross reference lists at the end of each chapter. Quick Reference Lists provide idea starters: suggestions of included recipes for such categories as Mexican, Asian, and Potluck. <i>The Boat Galley Cookbook</i> is designed to help you every step of the way. We hope it becomes a trusted reference on your boat, and a source of many enjoyable meals.		"Independence on thirty feet. A survival guide to homesteading on the ocean"--Jacket subtitle. "Consider a boat as a total life support system--living on board, at home, on the seas or in port; sailing where you choose to go and moving on when it is time."

These are old fiberglass boats, mostly of traditional design and strong construction. All are small, from 20 feet to 32 feet overall, but all have crossed oceans, and all are cheap. Choosing the right boat to take you across an ocean or around the world can be confusing and exasperating, particularly with a tight budget. Vigor sets out to remedy that in this book. He compares the designs and handling characteristics of 20 different boats whose secondhand market prices start at about \$3,000. Interviews with experienced owners (featuring valuable tips about handling each boat in heavy weather) are interspersed with line drawings of hulls, sail plans, and accommodations. Vigor has unearthed the known weaknesses of each boat and explains how to deal with them. He rates their comparative seaworthiness, their speed, and the number of people they can carry in comfort. If you have ever dreamed the dream this book can help you turn it into reality.

Between Long Island Sound and the elbow of Cape Cod lies a richly varied cruising ground. A <i>Cruising Guide to Narragansett Bay and the South Coast of Massachusetts</i> is the definitive cruising guide to these waters. Its coverage extends to the headwaters of Narragansett Bay and miles offshore to the solitude of Block Island and Nantucket. Longtime area boaters Lynda and Patrick Childress and Tink Martin take you on a personal tour with all you need for a day, a weekend, or several weeks of cruising. They provide essential information on weather, tides, currents, and pilotage, as well as the availability of moorings and the closest place to pick up provisions. The unique harbor rating system shows at a glance what each anchorage offers in facilities, protection, beauty, and interest. Maps and charts help negotiate tricky channels or find that hidden marina. When you've dropped anchor and are sitting back in the cockpit after a day's cruising, the guide continues to inform you, pointing out places to go for food and entertainment, where to find hiking trails, picnic and fishing spots, wildlife sanctuaries, museums, and more. In addition, the authors give cruisers the historical context in which to view the passing scenery, and they impart a deep affection for the region's unique character.
