The moving, untold family story behind Abraham Zapruder's film footage of the Kennedy assassination and its lasting impact on our world. Abraham Zapruder didn't know when he ran home to grab his video camera on November 22, 1963 that this single spontaneous decision would change his family's life for generations to come. Originally intended as a home movie of President Kennedy's motorcade, Zapruder's film of the JFK assassination is now shown in every American history class, included in Jeopardy and Trivial Pursuit questions, and referenced in novels and films. It is the most famous example of citizen journalism, a precursor to the iconic images of our time, such as the Challenger explosion, the Rodney King beating, and the 9/11 attack on the Twin Towers. But few know the complicated legacy of the film itself. Now Abraham's granddaughter, Alexandra Zapruder, is ready to tell the complete story for the first time. With the help of the Zapruder family's exclusive records, memories, and documents, Zapruder tracks the film's torturous journey through history, all while American society undergoes its own transformation, and a new media-driven consumer culture challenges traditional ideas of privacy, ownership, journalism, and knowledge. Part biography, part family history, and part historical narrative, Zapruder demonstrates how one man's unwitting moment in the spotlight shifted the way politics, culture, and media intersect, bringing about the larger social questions that define our age.

An instant New York Times bestseller! "Rapinoe's 'signature pose' from the 2019 FIFA Women's World Cup is synonymous to the feeling we got when finishing this book: heart full, arms wide and ready to take up space in this world."—USA Today Megan Rapinoe, Olympic gold medalist and two-time Women's World Cup champion, reveals for the first time her life both on and off the field. Guided by her personal journey into social justice, brimming with humor, humanity, and joy, she urges all of us to ask ourselves, What will you do with your one life? Only four years old when she kicked her first soccer ball, Megan Rapinoe developed a love – and clear talent – for the game at a young age. But it was her parents who taught her that winning was much less important than how she lived her life. From childhood on, Rapinoe always did what she could to stand up for what was right—even if it meant going up against people who disagreed. In *One Life*, Megan Rapinoe invites readers on a remarkable journey, looking back on both her victories and her failures, and pulls back the curtain on events we know only from the headlines. After the 2011 World Cup, discouraged by how few athletes were open about their sexuality, Rapinoe decided to come out publicly as gay and use her platform to advocate for marriage equality. Recognizing the power she had to bring attention to critical issues, in 2016 she took a knee during the national anthem in solidarity with former NFL player Colin Kaepernick to protest racial injustice and police brutality—the first high-profile white athlete to do so. The backlash was immediate, but it couldn't compare to the overwhelming support. Rapinoe became a force of change. Here for the first time, Rapinoe reflects upon some of the most pivotal

moments in her life and career – from her realization in college that she was gay, through the disputes with soccer coaches and officials over her decision to kneel, to the first time she met her now-fiancé WNBA champion Sue Bird, and up through suing the US Soccer Federation over gender discrimination and equal pay. Throughout, Rapinoe makes clear the obligation we all have to speak up, and the impact each of us can have on our communities. Deeply personal and inspiring, *One Life* reveals that real, concrete change lies within all of us, and asks: If we all have the same resource—this one precious life, made up of the decisions we make every day—what are you going to do? "One Life makes it clear that Rapinoe's greatest accomplishments may ultimately come away from the soccer pitch. She's a new kind of American hero."—San Francisco Chronicle

From the author of the #1 best seller *The Girl in the Spider's Web*—an electrifying thriller that begins with Alan Turing's suicide and plunges into a post-war Britain of immeasurable repression, conformity and fear June 8, 1954. Several English nationals have defected to the USSR, while a witch hunt for homosexuals rages across Britain. In these circumstances, no one is surprised when a mathematician by the name of Alan Turing is found dead in his home in the sleepy suburb of Wilmslow. It is widely assumed that he has committed suicide, unable to cope with the humiliation of a criminal conviction for gross indecency. But a young detective constable, Leonard Corell, who once dreamed of a career in higher mathematics, suspects greater forces are involved. In the face of opposition from his superiors, he begins to assemble the pieces of a puzzle that lead him to one of the most closely guarded secrets of the war: the Bletchley Park operation to crack

the Nazis' Enigma encryption code. Stumbling across evidence of Turing's genius, and sensing an escape from a narrow life, Corell begins to dig deeper. But in the paranoid, febrile atmosphere of the Cold War, loose cannons cannot be tolerated and Corell soon realizes he has much to learn about the dangers of forbidden knowledge. He is also about to be rocked by two startling developments in his own life, one of which will find him targeted as a threat to national security.

"We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. Montessori Madness! explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book asks parents to take a look--one thirty-minute observation--at a Montessori school. Your picture of what education should look like will never be the same"--Back cover.

William Frank Buckley Jr.'s third book, originally published in 1959, is an urbane and controversial attack on the manners and meaning of American Liberalism in the 1950s. His thesis is that the leading American liberals can be shown, in their speeches and statements, in the tacit premises that underlie their words and deeds, to be suffering from a long, but definable list of social and philosophical prejudices. "Up From Liberalism" examines the root assumptions of the Liberalism of his era and asks the startling question: do the actions of prominent liberalism derive from the attributes of Liberalism? "This book of mind and heart, wit and eloquence, by the chief spokesman for the young conservative revival in this country, must be read and understood, to understand what is going on in America."—Senator Barry Goldwater "A guide for Americans who want to stay free in a country where pressures against individual freedom are coming from every direction."—Charleston Nines & Courier "He is at top form...clear and penetrating...A slashing attack against the thinking of today's pseudo-liberals."—Colorado Springs Gazette Telegraph "The most exciting book of the Fall."—New York Mirror "Mr. Buckley is one of the most articulate of the critics of today's

liberalism and deserves to be heard."—Washington Star "Buckley brilliantly excoriates a philosophy he calls liberalism."—Newsweek "A skilled debater, a trenchant stylist...a man of agile and independent mind...He belongs in the great American tradition of protest and he deserves his audience."—New York Herald Tribune

In his memoir, written with award-winning journalist John Carlin, tennis star Rafael Nadal reveals the secrets of his game and shares the inspiring personal story behind his success. What makes a champion? What does it take to be the best in the world at your sport? Rafael Nadal has the answers. It begins in Mallorca, where the tight-knit Nadal family has lived for generations. Coached by his uncle Toni from the age of four and taught humility and respect by his parents, Nadal has managed the uncommon feat of becoming an acclaimed global celebrity while remaining a gracious, hardworking role model for people in all walks of life. Now he takes us behind the scenes, from winning the Wimbledon 2008 final -- described by John McEnroe as "the greatest game of tennis" he had ever seen -- to the family problems that brought him low in 2009 and the numerous injuries that have threatened his career. With candor and intelligence, Nadal brings readers on his dramatic and triumphant journey, never losing sight of the prize he values above all others: the unity and love of his family. From RAFA: "During a match, you are in a permanent battle to fight back your everyday vulnerabilities, bottle up your human feelings. The more bottled up they are, the greater your chances of winning, so long as you've trained as hard as you play and the gap in talent is not too wide between you and your rival. The gap in talent with Federer existed, but it was not impossibly wide. It was narrow enough, even on his favorite surface in the tournament he played best, for me to know that if I silenced the doubts and fears, and exaggerated hopes, inside my head better than he did, I could beat him. You have to cage yourself in protective armor, turn yourself into a bloodless warrior. It's a kind of self-hypnosis, a game you play, with deadly seriousness, to disguise your own weaknesses from yourself, as well as from your rival."

Argentina history book about the controversial Diego Maradona A soccer biography for kids Follows the author's journey from childhood to 1994 "Sometimes I think that my whole life is on film, that my whole life is in print. But it's not like that. There are things which are only in my heart—that no one knows. At last I have decided to tell everything." —Diego Maradona Diego Maradona went from a poor boy in a Buenos Aires shanty town to a genius with the soccer ball. He kicked his way to the top of South American, European, and world soccer, but his battles with the many pressures of life inside and outside the game consistently threatened to tear his legend and his spirit down. He is one of many famous soccer players, but one of only a few to write their own soccer autobiography. Villain or hero, one thing about Maradona is clear: he was the best soccer player of his generation and possibly of all time. He has never shared his remarkable story in his own words—until this autobiography. From his poverty-stricken origins to his greatest successes on the field, Maradona remembers, with frankness and insight, the most impactful moments of his life. These include the pressures of being a child prodigy, the infamous semi-final game against England in the 1986 World Cup, an amazing turn-around and the dream-turned-sour at Napoli, and the disgrace and shame of his positive drug test at USA 1994. In this brutally honest autobiography, readers glimpse the inner thoughts of one of the most controversial, talented, and complex professional athletes of the times. He was a man divided between the demands of his corporate club bosses, the media, the fans, and his own tempestuous personal life. With a new epilogue that updates Maradona's amazing story and includes over 80 delightful photographs, Maradona is a confessional, a revelation, an apology, and a celebration.

Life seems idyllic at Bothan Faobhar until Sol receives an invitation to the wedding of his ex-partner who still lives back in the city of London. Only then does he realise that there is little chance for him to find a life partner of his own out in the wilderness of the estate. With mounting pressure from a hostile bid for the land by a global oil giant capable of changing the fortunes for the locals, and the will of the people to contend with, this is the continued story of Sol's life at Bothan Faobhar and his battle for the fate of its wildlife and wilderness. With the return of

Pilgrim, the long lost traveller whose presence only spells trouble, and the decline of the biodiversity of the forests due to human impacts, Sol must find a team of people who believe in the same cause as he does. In this battle to save the woods, the wildlife and the very future of the Faobhar glen, Sol discovers yet more about the true value of things. Pilgrim's Song is also a story about a wild beast.

What drug lords learned from big business How does a budding cartel boss succeed (and survive) in the 300 billion illegal drug business? By learning from the best, of course. From creating brand value to fine-tuning customer service, the folks running cartels have been attentive students of the strategy and tactics used by corporations such as Walmart, McDonald's, and Coca-Cola. And what can government learn to combat this scourge? By analyzing the cartels as companies, law enforcers might better understand how they work—and stop throwing away 100 billion a year in a futile effort to win the “war” against this global, highly organized business. Your intrepid guide to the most exotic and brutal industry on earth is Tom Wainwright. Picking his way through Andean cocaine fields, Central American prisons, Colorado pot shops, and the online drug dens of the Dark Web, Wainwright provides a fresh, innovative look into the drug trade and its 250 million customers. The cast of characters includes “Bin Laden,” the Bolivian coca guide; “Old Lin,” the Salvadoran gang leader; “Starboy,” the millionaire New Zealand pill maker; and a cozy Mexican grandmother who cooks blueberry pancakes while plotting murder. Along with presidents, cops, and teenage hitmen, they explain such matters as the business purpose for head-to-toe tattoos, how gangs decide whether to compete or collude, and why cartels care a surprising amount about corporate social responsibility. More than just an investigation of how drug cartels do business, *Narconomics* is also a blueprint for how to defeat them.

I AM ZLATAN - the explosive, critically-acclaimed memoir of Zlatan Ibrahimovic, one of the world's most gifted and controversial footballers 'Guardiola has no balls. He drove me like a Fiat . . . I'm a Ferrari' Zlatan Ibrahimovic - professional football's most mercurial player, Swedish national hero, tabloid fixture,

fashion icon, modern-day philosopher and black belt in Taekwondo. Born to a Muslim father from Bosnia, and a Catholic mother from Croatia, Zlatan recounts his extraordinary life story, from his poverty-stricken upbringing as an outsider in Malmö, Sweden, to becoming one of the world's most sought-after and expensive players, gracing Europe's finest clubs, from Ajax to Juventus, Internazionale to Barcelona, Milan to Paris Saint-Germain. I AM ZLATAN reveals a rare and ferocious intelligence, willpower and God-given talent most recently exhibited when Zlatan scored all 4 goals for Sweden in a 4-2 victory against England. His fourth goal, a 30-yard overhead kick with his back to goal is widely regarded as one of the greatest goals of all time. The BBC described it as a goal that 'combined unfathomable imagination and expert technique'. For fans of *The Secret Footballer* and *Football Manager Stole My Life* this no holds barred football memoir is every bit as dramatic and revealing as Roy Keane's classic autobiography. 'The best footballer's autobiography of recent years is probably I Am Zlatan Ibrahimovic . . .' Simon Kuper, author of *Why England Always Lose* 'Eagerly awaited, not least because Ibra seems to be spoiling for a fight on every other page. I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s,

sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

The Clinton Tapes was a secret project, initiated by Clinton, to preserve for future historians an unfiltered record of presidential experience. During his eight years in office, Clinton met with Taylor Branch in the White House, usually late at night, to answer questions and tell stories. Branch recorded seventy-nine of their dialogues to compile a trove of raw information about a presidency as it happened. Branch then recorded his own detailed recollections immediately after each session, covering not only the subjects discussed but also the look and feel of each evening with the president. Their discussions were unpredictable, intense, and candid. At any given moment the president could leap from

memories to a current crisis or problems with his daughter's homework. The resultant text captures Clinton from many angles. Branch's firsthand narrative is confessional, unsparing, and personal. What should an objective prompter say when the President of the United States seeks advice, argues facts, or lodges complaints against the press? The relationship that emerges from these interviews is dynamic, both affectionate and charged, with flashes of anger and humor. President Clinton drives the history, but this story is also about two friends.

Contrary to the popular belief that sport is an arena largely free from the corrosive effects of racism, this book argues that racism is evident throughout British sport. From playing fields and boardrooms of sports organisations, to the offices of sports policy makers and the media, this book breaks new ground in showing how discourses of 'race' and nation continue to pervade our sporting life. Looking at a range of sports, including football, rugby league and cricket, this book covers key topics such as: * British nationalism and nationalist ideology * racial science and the images of Asian and black physicality * sport, racism and the law * black feminism and the issues of race, gender and sport * the role of the media in perpetuating and challenging racial stereotypes. Challenging the prevailing liberal view that sport is one area of society where 'good race-relations' are developed, this book offers a wealth of research material, and a strong theoretical perspective on contemporary British sport. It will therefore be of vital interest to sociologists, sports studies students, sport policy-makers and anyone with an interest in contemporary British sport.

Why not cut the crap, take the pressure off and admit to the moments, days, weeks and months when the wheels of the household do fall off? 'Warning: this ain't no recipe book! But Jess's real, raw and often roaringly funny tales will nourish your soul. You'll devour it! And ask for seconds!' - Sarah Harris 'J-Ro's exuberance for this wonderful, sometimes messy and at times chaotic journey through life jumps joyfully out of each page. She's honest. She's disorganised. And she's got a heart of gold. Viva la Crap Housewife!' - Samantha Armytage Why not cut the crap, take the pressure off, and admit to the moments, days, weeks and months when the wheels fall off? In this fabulously funny,

down-to-earth book, *Diary of a Crap Housewife*, Jessica Rowe writes honestly about her talent (or lack thereof) for cooking, about what's really important when it comes to mothering and family, and about her many and varied views, musings and commonsense advice on other crap housewife matters. As an added bonus, there are thirteen crap housewife recipes included, from Jessica's old favourite, spag bol, to a fresh and tasty Waldorf salad, and all so simple you can't go wrong. Being a crap housewife is a badge Jessica wears with pride, and it's a title she invites other women to embrace. The idea of crap lies in the real-life messes, hiccups, disasters and bad meals that many of us dish up and deal with every day. This mum is tired of the photos of perfectly packed school lunches, posts about gourmet family dinners eaten together at the table, and tales of neat, tidy and obedient children with smoothly brushed hair. It's time to reset the bar. Make expectations realistic. Strive to be kind, loving, smart and funny. Perfection is not required. 'Jess Rowe may be a crap housewife but she is a great writer and an even better friend. And she's right: I can be a bit of a smart arse.' - Joe Hildebrand 'This woman has enriched my life. A free sample of sixth in the Millennium series featuring THE GIRL WITH THE DRAGON TATTOO More than 100 million copies sold worldwide "What will you do now?" "I shall be the hunter and not the hunted" The girl with the dragon tattoo is finally ready to confront her nemesis, the only woman who is evidently and in many ways her match. Salander will not wait to be hunted. When she strikes it will be a double blow: vengeance for recent atrocities, and the settling of lifelong scores. For months now Salander has been closing in on her target. She has moved from Stockholm, her hair is newly styled, her piercings are gone. She could pass for any other businesswoman. But not all businesswomen have a Beretta Cheetah beneath their jacket. They do not wield the lethal power of a hacker's genius. They do not carry scars and tattoos to remind them that they have survived the unsurvivable. The new episode in David Lagercrantz's acclaimed, internationally bestselling continuation of Stieg Larsson's Dragon Tattoo series is a thrilling ride that scales the heights of Everest and plunges the depths of Russian

troll factories. It begins with the discovery of Mikael Blomkvist's number at Millennium magazine in the pocket of an unidentified

homeless man who died with the name of a government minister on his lips. Blomkvist, at extreme risk to himself, tracks down his old friend and will protect her as far as he can. But he is

powerless to crush her enemies on his own. And for Lisbeth Salander, the personal is always political - and deadly.
