Practice Psychometric Tests Kogan Page Publishers

With intense competition for top management jobs and increased pressure on organizations to select the best candidates, more and more firms are now using challenging psychometric tests as part of their recruitment and assessment procedures. Also used to identify management potential in existing staff, tests are increasingly used to select the weakest employees when job cuts beckon. Management Level Psychometric Assessments offers more types of assessment than any other management testing book. Ideal for managers applying for supervisory roles or jobs on the board, for promotions as well as new employment, it includes tests on quantitative reasoning, currency conversion, verbal reasoning, decision analysis, situational awareness and visual estimation. Along with detailed answers and explanations, it places particular emphasis on getting you test-ready, with advice on the presentation part of your assessment and crucial information on which tests you are most likely to face for your industry. Management Level Psychometric Assessments is an invaluable resource providing all the practice you need to pass those tests and succeed against the competition.

The Advanced Numeracy Test Workbook Trotman Education

Today's job market is tough; it's dog-eat-dog, ruthless and competitive. Preparation is essential if you want to get the edge. As psychometric testing becomes standard for blue-chip companies to one-man bands this For Dummies guide could mean the difference between success and failure. As the world of HR embraces psychometric testing, more and more people are faced with the daunting prospect of having to sit these mysterious exams. The tests have become the standard way in which employers judge abilities - your capacity to work with numbers, words and diagrams; your attainment - what you actually know; and your personality - how you're likely to act. Psychometric Testing For Dummies is the essential tool for being prepared and calm. The book takes readers step-by-step through each type of test, what to expect and how to prepare for them. It also offers over 850 sample questions to practice on. Psychometric Testing For Dummies makes these notoriously difficult and confusing tests easy. Psychometric Testing For Dummies includes: Understanding why psychometric tests are used Detailed examination of numerical, verbal, technical and abstract tests Full explanation of personality tests How to deal with feedback Over 850 sample questions

Psychometric Tests (the Ultimate Guide) Pearson UK

Employers want to fill their top management posts with candidates of the highest calibre. Any mistake in their recruitment process can mean unaffordable costs in both time and money. Consequently, recruitment to any management post is by rigorous selection, often including a range of psychometric tests. A candidate who wishes to succeed and secure the desired post must anticipate this and prepare accordingly. With the correct training and practice, a candidate with foresight can significantly improve on their expected scores in these challenging tests. How to Pass Graduate Psychometric Tests provides advice and practice exercises that are relevant to many of the tests used by employers to recruit managers and graduates. This expanded second edition includes hundreds more practice questions and many more mock tests, enabling you to build up speed, accuracy and confidence. The guidance from testing expert Mike Bryon also covers the type and amount of practice you should undertake, and this combined with determination to do well can mean the difference between pass and fail.
