Vivaldi University of Texas Press
From the "New York Times" comes a thorough, authoritative, easy-to-use guide to a broad range of essential subjects.

Billboard Boydell Press
Featuring new photos and additional text, this revised chronology of the Dave Matthews Band (DMB) includes exclusive interviews, a firsthand account

of DMB on the road, and updates on the personal lives of band members. 71 photos, 28 in color.

The Chamber Cantatas of Antonio Vivaldi
Cambridge University Press

Lists classical and operatic recordings that are specifically available in the new (and desirable) compact disc format. Individual titles are graded for their appropriateness to specific types and sizes of libraries. The main portion covers some 160 composers whose works are important in constituting a nuclear library collection of "serious" music. There are over 1,200 titles included and individually numbered (and fully cross-referenced) and graded. For numerous works, two or more performances are cited in order to provide the librarian with greater choices; monophonic works are specifically indicated. Many of the works are annotated. Annotation copyrighted by Book News, Inc., Portland, OR
Classic CD. DigiCat

Eminent musicologist H. C. Robbins Landon rediscovers the composer through an accessible and musically informed biography. Presenting documentation about Vivaldi discovered after the Baroque

revival in the 1930s, Robbins Landon explores a fascinating life: Vivaldi was a Catholic priest who gave up celebrating Mass almost as soon as he was ordained; we was a lifelong invalid, but could travel all over Europe when it suited him; he was a dazzling violin virtuoso but died a pauper. Robbins Landon masterfully integrates musical analysis and biography, using each to illuminate the other and to unravel the riddle of Vivaldi's identity and extraordinary gift. This book includes illustrations of eighteenth-century Venice and several newly translated letters.

Vivaldi Penguin Group

The Vivaldi Compendium will serve as the most reliable and up-to-date source of

quick reference on the composer Antonio Vivaldi and his music. This takes the form of a dictionary listing persons, places, musical works and many other topics connected with Vivaldi; its alphabetically arranged entries are copiously cross-referenced so as to guide the reader towards related topics. The Vivaldi Compendium also provides a gateway to further reading. This is achieved via an extensive bibliography, to which reference is made in most of the dictionary entries. These two sections are complemented by an article-length biography of the composer and a carefully organized list of his works. Knowledge about Vivaldi and his music is still advancing at an incredible rate - many discoveries occurred while the book was in preparation - and every effort has been made to ensure that The Vivaldi Compendium represents the latest in Vivaldi research, drawing on the author's close involvement with Vivaldi and Venetian music over four decades. MICHAEL TALBOT is Emeritus Professor of Music at the University of Liverpool and a Fellow of the British Academy. He is known internationally for his studies of late-baroque Italian music, which include

recent books on Vivaldi's chamber cantatas (2003) and the same composer's fugal writing (2007).

The Four Seasons and the rest of the concertos in Op. 8 represent Vivaldi's remarkable innovation in the field of the Baroque concerto. This detailed guide examines the work's origin and construction in a way that enables the reader to distinguish what is extraordinary about the Seasons and what constitutes the composer's customary method of 'characterising' the solo concerto. Drawing on recent research and his own expertise in the appraisal of Vivaldi's manuscripts, the author draws interesting and sometimes startling conclusions about the conception of the Seasons, the origin of their programme, the dating of the concertos and the rationale behind the collection's ritornello-form structures and aria-like slow movements. The significance of Vivaldi's idiosyncratic art is thus revealed in some of the most popular

concert music of all time.

Beware The Silence Macmillan
 From the New York Times review of the

Dallas Opera's performance of Orlando furioso and the international symposium on Baroque opera: ". . . it was a serious, thoughtful, consistent and imaginative realization of a beautiful, long-neglected work, one that fully deserved all the loving attention it received. As such, the production and its attendant symposium made a positive contribution to the cause of Baroque opera" Baroque opera experienced a revival in the late twentieth century. Its popularity, however, has given rise to a number of perplexing and exciting questions regarding literary sources, librettos, theater design, set design, stage movement, and costumes—even the editing of the operas. In 1980, the Dallas Opera produced the American premier of Vivaldi's Orlando furioso, which met with much acclaim. Concurrently an international symposium on the subject of Baroque opera was held at Southern Methodist University. Authorities from around the world met to discuss the operatic works of Vivaldi, Handel, and other Baroque composers as well as the characteristics of the genre. Michael Collins and Elise Kirk, deputy chair and chair of the symposium, edited the

papers to produce this groundbreaking study, which will be of great interest to music scholars and opera lovers throughout the world. Contributors to Opera and Vivaldi include Shirley Wynne, John Walter Hill, Andrew Porter, Eleanor Selfridge-Field, Howard Mayer Brown, William Holmes, Ellen Rosand, and the editors.

The Vivaldi Compendium Music Sales
 A beautifully composed journey through music history! Music history is a required course for all music students. Unfortunately, the typical music history book is dry and academic, focusing on rote memorization of important composers and works. This leads many to think that the topic is boring, but bestselling author Michael Miller proves that isn't so. This guide makes music history interesting and fun, for both music students and older music lovers. • Covers more than Western "classical" music—also includes non-Western music and uniquely American forms such as jazz • More than just names and dates—puts musical developments in context with key historical events

The essential companion volume updating Penguin's most recent CD/DVD guide This yearbook supplements The Penguin Guide to Compact Discs and DVDs, the largest and most comprehensive survey of classical music on digital audio and video discs ever published. Together, the two books cover thousands of recordings and films, offering candid evaluation of their relative artistic and technical merits,

highlighting notable performances, and pinpointing best buys. This yearbook not only reviews the many hundreds of CDs that have appeared since the publication of the main guide in 2005, but it also takes a close look at some of the more unusual areas of the classical music repertoire and includes an extensive section on instrumental concerts and recitals. Designed to help select the very best classical music and video discs available to date, The Penguin Guide to Compact Discs and DVDs Yearbook is an invaluable resource for any classical music lover.
