I was going to wait for a little before posting this but decided I would go ahead since I finished it last night. This book is a little different than our previous books for a couple of reasons. I wanted to make it so that it could be used for preschoolers who are going to start Kindergarten in the Fall

but also for have something for Kindergartners that will be transitioning to First Grade in the Fall. There is a little something for both age groups. This book is designed with children ages 4 to 6 in mind. What is included: Counting and Number Recognition Fine Motor Tracing Letter sorting Antonyms Shape Practice Finish the Picture Color by Number Upper and Lower Case letter matching Reading Practice and much much more!

Review A beautiful repackaging marking the twentieth anniversary of the beloved, award-

winning novel that celebrates teachers

and learning. Ten-year-old Frederika (Fred for

short) doesn't have much faith that the

new teacher in town will last very long. After

all, they never do. Most teachers who come to

their one-room schoolhouse in remote

Alaska leave at the first smell of fish, claiming

that life there is just too hard. But Miss Agnes is different: she doesn't get frustrated with her students, and finds new ways to teach them to read and write. She even takes a special interest in Fred's sister, Bokko, who has never come to school before because she is deaf. For the first time, Fred, Bokko, and their classmates begin to enjoy their lessons—but will Miss Agnes be like all the rest and leave as quickly as she came?
