Bitter Fruit is a comprehensive and insightful account of the CIA operation to

overthrow the democratically elected government of Jacobo Arbenz of Guatemala in 1954. First published in 1982, this book has become a classic, a textbook case of the relationship between the United States and the Third World. The authors make extensive use of U.S. government documents and interviews with former CIA and other officials. It is a warning of what happens when the United States abuses its power.

Abandon Ship!

Cambridge University Press
Nixon, Kissinger, and the Shah offers a detailed account of three key historical episodes in the Nixon-Kissinger-Pahlavi partnership that shaped the global Cold War far beyond Iran's borders. It examines the emergence of Iranian primacy in the Persian Gulf as the Nixon administration looked to the shah to fill the vacuum created by the British withdrawal from the region in 1971. It then turns to the peak of the partnership after Nixon

and Kissinger's historic 1972 visit to Iran, when the shah succeeded in drawing the United States into his covert war against Iraq in Kurdistan. Finally, it focuses on the decline of the partnership under Nixon's successor, Gerald Ford, through a history of the failed negotiations from 1974 to 1976 for an agreement on U.S. nuclear exports to Iran. Taken together, these episodes map the rise of the fall of Iran's Cold War partnership with the United States during the decade of superpower

détente, Vietnam, and Watergate.

This is the first full-length account of the CIA's coup d'etat in Iran in 1953—a covert operation whose consequences are still with us today. Written by a noted New York Times journalist, this book is based on documents about the coup (including some lengthy internal CIA reports) that have now been declassified.

Stephen Kinzer's compelling narrative is at once a vital piece of

history, a cautionary tale, and a real-life espionage thriller.

The Caliph's House Yale University Press

Iran is a land of contradictions. It is an Islamic republic, but one in which only 1.4 percent of the population attend Friday prayers. Iran’s religious culture encompasses the most censorious and dogmatic Shi’a Muslim clerics in the world, yet its poetry insistently dwells on the joys of life: wine, beauty, sex. Iranian women are

subject to one of the most restrictive dress codes in the Islamic world, but make up nearly 60 percent of the student population of the nation's universities. In *A History of Iran*, acclaimed historian Michael Axworthy chronicles the rich history of this complex nation from the Achaemenid Empire of sixth century B.C. to the present-day Islamic Republic. In engaging prose, this revised edition explains the military, political, religious, and cultural

forces that have shaped one of the oldest continuing civilizations in the world, bringing us up to modern times. Concluding with an assessment of the immense changes the nation has undergone since the revolution in 1979, including a close look at Iran's ongoing attempts to become a nuclear power, *A History of Iran* offers general readers an essential guide to understanding this volatile nation, which is once again at the center of the world's attention. **The Eagle and the Lion**

The bestselling author of *Overthrow* offers a new and surprising vision for rebuilding America's strategic partnerships in the Middle East. What can the United States do to help realize its dream of a peaceful, democratic Middle East? Stephen Kinzer offers a surprising answer in this paradigm-shifting book. Two countries in the region, he argues, are America's logical partners in the twenty-first century: Turkey and Iran. Besides proposing this new

"power triangle," Kinzer also recommends that the United States reshape relations with its two traditional Middle East allies, Israel and Saudi Arabia. This book provides a penetrating, timely critique of America's approach to the world's most volatile region, and offers a startling alternative. Kinzer is a master storyteller with an eye for grand characters and illuminating historical detail. In this book he introduces us to larger-than-life figures, like a Nebraska schoolteacher

who became a martyr to democracy in Iran, a Turkish radical who transformed his country and Islam forever, and a colorful parade of princes, politicians, women of the world, spies, oppressors, liberators, and dreamers. Kinzer's provocative new view of the Middle East is the rare book that will richly entertain while moving a vital policy debate beyond the stale alternatives of the last fifty years.

Christopher de Bellaigue, a former contributor to The Economist, brings to light the fascinating story of one of the great anti-colonial heroes of the twentieth century: Muhammad Mossadegh, the great Iranian leader whose untimely demise resulted in the Islamic Revolution of 1979, and a man who has been demonized, ridiculed, and misunderstood in the West while remaining an

icon and an inspiration across the Middle East. Patriot of Persia, a new biography exploring his life and impact, opens a crucial new window into Mossadegh—whose role in the evolution of Iran’s political climate cannot be overemphasized—providing a resource that will prove equally invaluable to academics, newshounds, and activists as they struggle to understand Mideast politics, Iran, Ahmadinejad, and the future of the region—and the world.

Treacherous Alliance

Skyhorse Publishing Inc. Mohammad Mosaddeq is widely regarded as the leading champion of secular democracy and resistance to foreign domination in Iran's modern history. Mosaddeq became prime minister of Iran in May 1951 and promptly nationalized its British-controlled oil industry, initiating a bitter confrontation between Iraq and Britain that increasingly undermined Mossaddeq's position. He was finally overthrown in

August 1953 in a coup d'etat that was organized and led by the United States Central Intelligence Agency. This coup initiated a twenty-five-year period of dictatorship in Iran, leaving many Iranians resentful of the U.S. legacies that still haunt relations between the two countries today. Contents include: "Mosaddeq's Government in Iranian History: Arbitrary Rule, Democracy, and the 1953 Coup" - Homa Katouzian; "Unseating Mosaddeq: The Configuration and

Role of Domestic Forces" - Fakhreddin Azimi; "The 1953 Coup in Iran and the Legacy of the Tudeh" - Maziar Behrooz; "Great Britain and the Intervention in Iran, 1953" - Wm. A History of Iran

Houghton Mifflin Harcourt
For years, Iranian academics, writers, and scholars have equated national development and progress with the reform of men's sexual behavior. Modern intellectuals repudiated native sexuality in Iran, just as their European counterparts in France and Germany did, arguing that transforming male identity was essential to the recovery of the

nation. DeSouza offers an alternate narrative of modern Iranian masculinity as an attempt to redraw social hierarchies among men. Moving beyond rigid portrayals of Islamic patriarchy and female oppression, she analyzes debates about manhood and maleness in early twentieth-century Iran, particularly around questions of race and sexuality. DeSouza presents the larger implications of Pahlavi hegemonic masculinity in creating racialized male

subjects and “productive” sexualities. In addition, she explores a cross-pollination with Europe, identifying how the “East” shaped visions of European male identity. *A Thousand Hills* Harvard University Press This award-winning study traces the shifting relations between Israel, Iran, and the U.S. since 1948—including secret alliances and treacherous acts. Vitriolic exchanges between the leaders of Iran and Israel are a disturbingly common feature of the news cycle.

But the real roots of their enmity mystify Washington policymakers, leaving no promising pathways to stability. In *Treacherous Alliance*, U.S. foreign policy expert Trita Parsi untangles to complex and often duplicitous relationship among Israel, Iran, and the United States from 1948 to the present. In the process, he reveals shocking details of unsavory political maneuverings that have undermined Middle Eastern peace and disrupted U.S. foreign

policy initiatives in the region. Parsi draws on his unique access to senior American, Iranian, and Israeli decision makers to present behind-the-scenes revelations that will surprise even the most knowledgeable readers: Iran's prime minister asks Israel to assassinate Khomeini; Israel reaches out to Saddam Hussein after the Gulf War; the United States foils Iran's plan to withdraw support from Hamas and Hezbollah; and more. Treacherous Alliance not only revises

our understanding of the recent past, it also spells out a course for the future. An Arthur Ross Book Award Silver Medal Winner A Choice Magazine Outstanding Academic Title

 A dynamic backwoods lawyer batters his way into the governor's mansion, where he uses his unprincipled charm to become a brutal dictator. Countercoup, the Struggle for the Control of Iran
 Basic Books
 In the tradition of A Year

in Provence and Under the Tuscan Sun, acclaimed English travel writer Tahir Shah shares a highly entertaining account of making an exotic dream come true. By turns hilarious and harrowing, here is the story of his family's move from the gray skies of London to the sun-drenched city of Casablanca, where Islamic tradition and African folklore converge—and nothing is as easy as it seems.... Inspired by the Moroccan vacations of his childhood, Tahir Shah dreamed of making a

home in that astonishing country. At age thirty-six he got his chance. Investing what money he and his wife, Rachana, had, Tahir packed up his growing family and bought Dar Khalifa, a crumbling ruin of a mansion by the sea in Casablanca that once belonged to the city's caliph, or spiritual leader. With its lush grounds, cool, secluded courtyards, and relaxed pace, life at Dar Khalifa seems sure to fulfill Tahir's fantasy-until he discovers that in many ways he is farther from

home than he imagined. For in Morocco an empty house is thought to attract jinns, invisible spirits unique to the Islamic world. The ardent belief in their presence greatly hampers sleep and renovation plans, but that is just the beginning. From elaborate exorcism rituals involving sacrificial goats to dealing with gangster neighbors intent on stealing their property, the Shahs must cope with a new culture and all that comes with it. Endlessly enthralling, *The Caliph's House* charts a year in the

life of one family who takes a tremendous gamble. As we follow Tahir on his travels throughout the kingdom, from Tangier to Marrakech to the Sahara, we discover a world of fierce contrasts that any true adventurer would be thrilled to call home. *Mohammad Mosaddeq and the 1953 Coup in Iran* Yale University Press As the wife of an American businessman I spent the better part of the 1970's in Iran and saw the boom of the Shah's development and great

vision for Iran to be recognized internationally, in every field; it was to be Iran's Great Civilization. An invitation to work for the Imperial Court as a horse trainer enabled me to see many of the royal family in informal moments; it also gave me an entree into high society, to watch the upper class Iranians at play. Many generals and court officials spent much of their time junketing and enjoying all kinds of sports activities in which they indulged themselves to the fullest, in Tehran

and costal resorts. This is a book of stories and anecdotes about my life during the "Golden Years" of the reign of Mohamed Reza Shahanshah Aryamehr of Iran. There were times of joy, fun, stress, accomplishment and sadness during my years living in that beautiful Middle Eastern country. Much has been said of the failure of the American officials to see what was coming in Iran soon enough to begin corrective action however, I don't think much could have been done to stop

the Revolution. Iran now, with its youthful population, that had no part in the Islamic movement, is begging to become an accepted part of the International system."
