A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

The stunning English translation of the International Man Booker Prize Finalist novel hailed as "a story of grace and endurance, not mere survival" (The New York Times Book Review). Winner of the Premio Campiello, short-listed for the Independent Foreign Fiction Award, and published to critical acclaim in fourteen languages, this "spellbinding" historical novel by one of Italy's premier authors is now available in this luminous new translation (Booklist). In early 18th century Sicily, noblewoman Marianna Ucrìa is trapped in a world of silence after a terrible childhood trauma left her deaf and mute. Married off to a lecherous uncle, she struggles to educate and elevate herself against all convention—and find her true place in a world that sees her as little more than property. In language that conveys the keen vision and deep human insight possessed by her protagonist, Dacia Maraini captures the splendor and the corruption of Marianna's world, as well as the strength of her unbreakable spirit, in "one of those rare, rich, deep, strange novels that create a world so fantastic and so real you want to start reading it again as soon as you come to the last page" (Newsday).

La colpa di esser minoranza è una raccolta di tragedie e crimini contro l'umanità, alcuni poco noti e volutamente dimenticati. Tragedie sbiadite, sfuocate, confuse nella mente, perse nella nebbia del tempo. Lette con attenzione e senza pregiudizi risultano attorcigliate tra loro come fili di lana in una maglia; un'unica grande tragedia umana: quella della guerra, della violenza, della crudeltà e dell'odio razziale. E su tutte un unico comune denominatore: chi versa il sangue, indipendentemente dal luogo o dal momento storico, dal credo politico o dal colore della pelle, ieri come oggi, è sempre chi si trova dalla parte 'sbagliata' della strada, per la sola ed unica 'colpa di esser minoranza'.

Caro lettore, sebbene di solito ci riserviamo questo spazio per raccontarti una trama o descriverti dei personaggi, per una volta ci prenderemo la libertà di non farlo. Non solo perché il libro che hai fra le mani è molto difficile da definire, ma anche perché siamo convinti che qualunque nostra parola ti priverebbe del sapore della scoperta. Se comincerai a leggere questo libro, infatti, farai un viaggio. Un viaggio con un bambino di nove anni che si chiama Bruno. (Ma questo non è un libro per bambini di nove anni.) E presto o tardi arriverai con lui in un luogo circondato da un recinto. Di luoghi così al mondo ne esistono molti, ma speriamo che tu non ne conosca mai uno.

*The Boy in the Striped Pyjamas* by John Boyne (Book Analysis) Pembroke Publishers Limited

A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the

disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).
