Hedgehogs is packed with eye-catching, informative colour photos, and features succinct and detailed text written by a knowledgeable naturalist. Much loved -

but about to be lost? The Hedgehog regularly tops polls of the UK's favourite animal, yet numbers in our countryside have halved this century. Generations of children have been captivated by Beatrix Potter's *The Tale of Mrs Tigger-Winkle*, though our complex and contradictory relationship with the Hedgehog is also characterised by persecution and death. This unmistakable, spiny mammal is a 'gardener's best friend', but one that we rarely see alive and in our midst. In *Spotlight: Hedgehogs*, James Lowen reveals what a Hedgehog is and how it lives, unveiling the secrets of its lifestyle, such as foraging and hibernating, rolling into a ball and building a

nest. He also investigates the relationship between Hedgehogs and people – from film and fun to conservation and crisps – and offers practical advice on how to find, watch and help these charming animals in the wild.

Can a common girl save a prince trapped in the Tower of London? April. England. 1483. The king is dead. Long live the king. Nell Gould is the daughter of the royal butcher, a commoner, but she has been raised as the playmate of King Edward and Queen Elizabeth's royal children: Princess Cecily, Princess Bess, Prince Dickon, and Prince Ned, heir apparent and Nell's

best and closest friend. They think alike, her and Ned, preferring books and jousts to finery and gossip and the sparkle of the court. But when King Edward dies, Prince Ned is imprisoned in the Tower of London by his scheming uncle, the evil Richard III—and Nell with him. Can they escape? Is Nell the key? Based on the real royal scandal of the Princes in the Tower, *Daughter of the White Rose* covers a shocking episode in medieval history that has captured the imagination for 530 years. A story of murder, betrayal, resilience, and growing up, this girl-led medieval middle-grade novel will make a perfect companion to *Catherine, Called Birdy* and *The Mad Wolf's*

The Winter Hedgehog Design Originals

A charming picture book that cleverly captures a universal wish—to love and care for something—and shows that you're never too little to share in that dream, by New York Times–bestselling author Elise Broach. Once there was a boy who wanted something to take care of. Something of his very

own. He begged his mother for a puppy. Until she said YES! The boy loved his puppy. He fed him and played with him and cuddled him. But soon, the dog wanted something to take care of—something of his very own. So the dog gets a pet cat; then the cat gets a pet bird; the bird gets a pet worm; the worm gets a pet flea . . . and on and on it goes as utter chaos ensues. Christy Ottaviano Books

Mindfulness, drawings and meditations Fans of *Furiously Happy* by

Jenny Lawson, *Hyperbole and a Half* by Allie Brosh, *Introvert Doodles* by Maureen Marzi Wilson, and the works of Liz Climo will love *You Can Do All Things*. Daily meditations to help with depression and anxiety: Mental health is a topic that affects everyone, though so few are eager to discuss it. *You Can Do All Things* is a compendium of knowing-yet-supportive illustrations from *The Latest Kate*, whose thoughtful quotations encourage the reader to be mindful of their own mentality and to take care of themselves, regardless of image or lifestyle. Calming and supportive, the illustrations are also candid about the internal problems

many people face in this hectic modern world. Inspirational, gentle drawings of animals: The Latest Kate's inventive pairing of whimsical colors and friendly, smiling animals is the spoonful of sugar that makes the heavy subject matter approachable and non-threatening. *You Can Do All Things* is a welcome addition to any bookshelf or art wall, and its messages are equally applicable to adults and children. In this book you'll find:

- Beautiful, whimsical, and colorful art
- Expressions of encouragement for any hardship you face
- A how-to guide for dealing with anxiety and depression
- Understanding and validation for your struggles
- Cute animals that believe in

you! • Tips for every time you feel inadequate, overwhelmed, or down on yourself Anxiety sucks, but you don't. This book will show you how to get through the worst of it. Art for mental health, relaxation and stress reduction.

Hodge the Hedgehog

An ode to the humble hedgehog from a lifelong obsessive. Exploring what hedgehogs actually do and what they tell us about our need for wildlife and the changes in the British countryside, *The Hedgehog's Dilemma* travels from the Outer Hebrides via the American Hedgehog Festival, Sonic the Hedgehog and Mrs Tiggywinkle, to a field in Shropshire, where

Hugh Warwick's love of hedgehogs began.

From the Romans who viewed the hedgehog as a weather prophet to modern gardeners who depend on the creature to keep gardens pest-free, the small, spiny animal has had a close connection with humans since the dawn of civilization. A creature of fascination, endearment, and cultural significance, it is one of the few wild animals that people can approach without the fear of attack or it running away.

Exploring how this and other characteristics of the hedgehog have propelled it to become one of people's favorite animals, this book examines the natural and cultural history of these symbolic

creatures. Following the hedgehog as it spreads through Europe and Asia to the foot of Africa, Hugh Warwick describes its evolution, behavior, habitat, and diet, as well as its current endangered status. He also looks at the animal's appeal, accessibility, and status as a pet in many countries, considering its appearance in advertising, films, children's books, and games. Casting new light on the ancestors of Sonic and Mrs.

Tiggy-Winkle, Hedgehog is a fascinating look at these prickly, admirable animals.

You Can Do All Things
Andrews McMeel Publishing
Washington Post columnist Alexandra Petri turns her satirical eye on her own life in this hilarious new memoir... Most twentysomethings spend a lot of time avoiding awkwardness. Not Alexandra Petri. Afraid of rejection? Alexandra Petri has auditioned for America's Next Top Model. Afraid of looking like an idiot? Alexandra Petri lost Jeopardy! by answering "Who is that

dude?" on national TV. Afraid of bad jokes? Alexandra Petri won an international pun championship. Petri has been a debutante, reenacted the Civil War, and fended off suitors at a Star Wars convention while wearing a Jabba the Hutt suit. One time, she let some cult members she met on the street baptize her, just to be polite. She's a connoisseur of the kind of awkwardness that most people spend whole lifetimes trying to avoid. If John Hodgman and Amy Sedaris had a baby...they would never let Petri babysit it. But Petri is here to tell you: Everything you fear is not so bad. Trust her. She's tried it. And in the course of her misadventures, she's learned that

there are worse things out there than awkwardness—and that interesting things start to happen when you stop caring what people think.

Political, passionate, perceptive' Robert Macfarlane An eye-opening exploration of the lines that cut through our countryside, from hedges to railways, and a passionate manifesto for reconnecting wildlife. Our landscape has been transformed by a vast network of lines, from hedges and walls to railways and power cables. In *Linescapes*, Hugh Warwick unravels the far-reaching ecological consequences of these changes. As our lives and our land were fenced in and threaded together, wildlife habitats were cut into

ever smaller – and increasingly unviable – fragments. Yet as Warwick travels across this linescape, he shows that we can help our flora and fauna to flourish once again. With his fresh and bracing perspective on Britain’s countryside, he proposes a challenge and gives ground for hope, for our lines can and do contain a real potential for wildness and for wildlife.

The concept of "funds of knowledge" is based on a simple premise: people are competent and have knowledge, and their life experiences have given them that knowledge. The claim in this book is that first-hand research experiences with families allow one to document this competence and knowledge, and that such engagement

provides many possibilities for positive pedagogical actions. Drawing from both Vygotskian and neo-sociocultural perspectives in designing a methodology that views the everyday practices of language and action as constructing knowledge, the funds of knowledge approach facilitates a systematic and powerful way to represent communities in terms of the resources they possess and how to harness them for classroom teaching. This book accomplishes three objectives: It gives readers the basic methodology and techniques followed in the contributors' funds of knowledge research; it extends the boundaries of what

these researchers have done; and it explores the applications to classroom practice that can result from teachers knowing the communities in which they work. In a time when national educational discourses focus on system reform and wholesale replicability across school sites, this book offers a counter-perspective stating that instruction must be linked to students' lives, and that details of effective pedagogy should be linked to local histories and community contexts. This approach should not be confused with parent participation programs, although that is often a fortuitous consequence of the work described. It is also not an attempt to teach

parents "how to do school" although that could certainly be an outcome if the parents so desired. Instead, the funds of knowledge approach attempts to accomplish something that may be even more challenging: to alter the perceptions of working-class or poor communities by viewing their households primarily in terms of their strengths and resources, their defining pedagogical characteristics. Funds of Knowledge: Theorizing Practices in Households, Communities, and Classrooms is a critically important volume for all teachers and teachers-to-be, and for researchers and graduate students of language, culture, and education.
