Learn for Excellence: How You Can Prepare Your Children for College and Life By: Bert Lundy Learn for Excellence is a guide to the tutoring system of the same name for students in grades 1-12. The tutoring system covers Math, English, Geography, and other fundamental education tenants. The book consists of two parts. The first part explains how the tutoring system works, so that parents can help their children get an excellent education despite the state of the US education system. The second part is a compilation of related newsletters, which give additional insight into education and related areas. Professor Lundy has a B.A. in Mathematics, minoring in German and History, from Texas A&M, and a Ph.D. in Computer Science from Georgia Tech, in Atlanta. He has taught and spoken internationally—from London to Japan—and has extensive professional experience in computer science, software engineering, and networking. Through all of this experience, in 2010 he developed his specialized tutoring system, Learn for Excellence.
