Workman Publishing Company Blockchain technology is powering our future. As the technology behind cryptocurrenci es like bitcoin and Facebook's Libra, open software platforms like

Ethereum, and disruptive companies like Ripple, it's too important to ignore. In this revelatory book, Don Tapscott, the bestselling author of Wikinomics, and his son, blockchain expert Alex Tapscott, bring us a brilliantly researched, highly readable, and essential book about the technology driving the future of the economy. Blockchain is the ingeniously simple, revolutionary

protocol that allows transactions to be simultaneousl y anonymous and secure by maintaining a tamperproof public ledger of value. Though it's best known as the technology that drives bitcoin and other digital currencies, it also has the potential to go far beyond currency, to record virtually everything of value to humankind, from birth and death certifi- cates to insurance

claims, land titles, and even votes. Blockchain is also essential to understand if you're an artist who wants to make a living off your art, a consumer who wants to know where that hamburger meat really came from, an immigrant who's tired of paying big fees to send money home to your loved ones, or an entrepreneur looking for a new platform to build a business. And those examples are barely the tip

of the iceberg. As with major paradigm shifts that preceded it, blockchain technology will create winners and losers. This book shines a light on where it can lead us in the next decade and beyond.

Bojack Horseman has quickly become one of the most critically acclaimed animated comedy series in recent memory. Set in an off-kilter, cynically spun rendering of modern-day Hollywood, the show follows washed-up horse actor Bojack Horseman (voiced by Will Arnett) as he attempts to turn his life around. Bojack Horseman: The Art Before the Horse is the official behind-the-scenes companion to this cult-hit series. Part oral history sourced from original interviews with the show's cast and crew, part art book—including sketches, storyboards, and background art—this book will trace the series from conception to post-production. Beginning with the initial development of creator/showrunner Raphael Bob-Waksberg and designer Lisa Hanawalt's inimitable aesthetic vision, *The Art Before the Horse* goes on to reveal all of the moving parts—direction, writing, casting, animation, and music—that come together to form this uniquely bleak, emotionally potent, very funny show. HOLA ***La
historia en la

que se basa la película ganadora del premio Oscar 2023 a mejor corto de animación*** Un cuento universal e inspirador para todas las edades. Un niño, un topo, un zorro y un caballo se encuentran en un día de primavera y establecen una amistad inesperada, profunda e inquebrantable. Juntos aprenderán que lo que más necesita nuestro mundo es un poco de amabilidad, que el amor

no precisa de lo extraordinario para florecer, que nada puede derrotar a la bondad, que la vida no tiene que ser perfecta y que, cuando se acercan a las tormentas, lo único que tienes que hacer es seguir adelante. En las páginas de este libro, lleno de arte y ternura, encontrarás cuatro personajes inolvidables y un mensaje atemporal sobre la importancia

del amor que dejará huella en el lector. La crítica ha dicho... «Un libro que debería leerse a todos los niños (y adultos) de forma recurrente». Sara Carbonero «Una fábula ilustrada donde estos personajes de delicado trazo van guiando al lector por una guía vital para ser feliz con lo "sencillo" y atender más a las cosas que realmente importan». La Vanguardia «Desembarca en España el fenómeno

editorial que ha hecho que las grandes cadenas de librerías de Estados Unidos y de Reino Unido se pongan de acuerdo en cuál es el libro perfecto para regalar en Navidad. Y, en realidad, durante todo el año». El Mundo «Vaya por delante una advertencia: da igual dónde se tope uno con El niño, el topo, el zorro y el caballo: la primera lectura será allí mismo. Del tirón. Es imposible

empezar a hojearlo sin llegar hasta el final. Y que nadie se sienta raro si mientras lo lee, se le mete algo en el ojo. Lo raro es que no ocurra». GQ «Esconde una profunda reflexión sobre el alma humana para calar en el corazón de pequeños y mayores... Un tesoro para compartir en familia». Clara «Las conversaciones de un niño con varios animales (un topo, un zorro y un caballo) estructuran este precioso

libro que habla del amor, de la amistad y de cómo elegimos estar en el mundo... Su lectura proporciona una gran sonrisa y una sensación de bienestar». El Periódico «Un niño, un topo, un zorro y un caballo: la receta para un best seller navideño». The Guardian «Un cuento dulce... Sus mensajes son universales». The Washington Post «Pura alegría». Evening Standard «Una delicia

<p>encantadora... Si hubiera clases sobre cómo ser una buena persona, este sería el libro de texto». Horse Nation Los lectores opinan... «Tiene mucha delicadeza y una sensibilidad admirable. No solo las ilustraciones consiguen transmitir sentimientos, sino que las frases y los diálogos son únicos».
