Statistical Power Analysis is a nontechnical guide to power analysis in research planning that provides users of applied statistics with the tools they need for more effective analysis. The Second Edition includes: * a chapter covering power analysis in set correlation and multivariate methods; * a chapter considering effect size, psychometric reliability, and the efficacy of "qualifying" dependent variables and; * expanded power and sample size tables for multiple regression/correlation.

Dry Routledge

In 1950, after over fifty years of military occupation and colonial rule, the Nationalist Party of Puerto Rico staged an unsuccessful armed insurrection against the United States. Violence

swept through the island: assassins were sent to kill President Harry Truman, gunfights roared in eight towns, police stations and post offices were burned down. In order to suppress this uprising, the US Army deployed thousands of troops and bombarded two towns, marking the first time in history that the US government bombed its own citizens. Nelson A. Denis tells this powerful story through the controversial life of Pedro Albizu Campos, who served as the president of the Nationalist Party. A lawyer, chemical engineer, and the first Puerto Rican to graduate from Harvard Law School, Albizu Campos was imprisoned for twenty-five years and died under mysterious circumstances. By tracing his life and death, Denis shows how the journey of Albizu Campos is part

of a larger story of Puerto Rico and US colonialism. Through oral histories, personal interviews, eyewitness accounts, congressional testimony, and recently declassified FBI files, *War Against All Puerto Ricans* tells the story of a forgotten revolution and its context in Puerto Rico's history, from the US invasion in 1898 to the modern-day struggle for self-determination. Denis provides an unflinching account of the gunfights, prison riots, political intrigue, FBI and CIA covert activity, and mass hysteria that accompanied this tumultuous period in Puerto Rican history.

Straight from the Horse's Mouth Flip N Flop Learning

The acclaimed Korean author weaves a "disturbing, beautifully controlled"

metaphysical detective story "of doubles, shadows, and parallel worlds" (Financial Times). It's Ayami's final day working the box-office at Seoul's only audio theater for the blind. Her last shift completed, she walks the streets with her former boss, searching for a missing friend. Their conversations take in art, love, food, and the inaccessible country to the north. The next day, Ayami acts as a guide for a detective novelist visiting from abroad. But as they contend with the summer heat, the edges of reality start to fray. Ayami enters a world of increasingly tangled threads, and the past intrudes upon the present as overlapping realities repeat, collide, change, and reassert themselves. Blisteringly original, *Untold Night and Day* upends the very structure

of narrative storytelling. By one of the boldest and most innovative voices in contemporary Korean literature, and masterfully realized in English by Man Booker International Prize-winning translator Deborah Smith, Bae Suah's hypnotic novel asks whether more than one version of ourselves can exist at once.

The war that won't die SAGE

From award-winning author Pablo Cartaya comes a deeply moving middle grade novel about a daughter and father finding their way back to each other in the face of their changing family and community. Emilia Torres has a wandering mind. It's hard for her to follow along at school, and sometimes

she forgets to do what her mom or abuela asks. But she remembers what matters: a time when her family was whole and home made sense. When Dad returns from deployment, Emilia expects that her life will get back to normal.

Instead, it unravels. Dad shuts himself in the back stall of their family's auto shop to work on an old car. Emilia peeks in on him daily, mesmerized by his welder.

One day, Dad calls Emilia over. Then, he teaches her how to weld. And over time, flickers of her old dad reappear. But as Emilia finds a way to repair the relationship with her father at home, her community ruptures with some of her classmates, like her best friend, Gus, at the center of the conflict. Each Tiny Spark by Pablo Cartaya is a tender story about asking big questions and being

brave enough to reckon with the answers.

The Last Children of Tokyo Simon & Schuster Books for Young Readers
Two decades after the publication of several landmark scholarly collections on music and difference, musicology has largely accepted difference-based scholarship. This collection of essays by distinguished contributors is a major contribution to this field, covering the key issues and offering an array of individual case studies and methodologies. It also grapples with the changed intellectual landscape since the 1990s. Criticism of difference-based knowledge has emerged from within and outside the discipline, and musicology has had to confront new configurations of difference in a changing world. This

book addresses these and other such challenges in a wide-ranging theoretical introduction that situates difference within broader debates over recognition and explores alternative frameworks, such as redistribution and freedom. Voicing a range of perspectives on these issues, this collection reveals why differences and similarities among people matter for music and musical thought.

Handbook for translators of Spanish historical documents Miramax

This romantic, hilarious, and astonishingly moving story, winner of the Grand Jury prize at the 1998 Cannes Film Festival, explores the power of the imagination, set against the stark reality of World War II Europe. The companion screenplay to the Miramax film presents

the profound yet tender story that has touched the hearts of so many.

Death in the Afternoon Abrams

The Handbook of Reference Methods for Plant Analysis is an outstanding resource of plant analysis procedures, outlined in easy-to-follow steps and laboratory-ready for implementation. Plant laboratory preparation methods such as dry ashing and acid and microwave digestion are discussed in detail. Extraction techniques for analysis of readily soluble elements (petiole analysis) and quick test kits for field testing are also presented. This handbook consolidates proven, time tested methods in one convenient source. Plant scientists in production agriculture, forestry, horticulture, environmental sciences, and other

related disciplines will find the Handbook a standard laboratory reference. The Handbook was written for the Soil and Plant Analysis Council, Inc., of which the editor is a board member. The council aims to promote uniform soil test and plant analysis methods, use, interpretation, and terminology; and to stimulate research on the calibration and use of soil testing and plant analysis. This reference will help readers reach these important goals in their own research.

¡Viva Cristo Rey! Harvard University Press

Between 1926 and 1929, thousands of Mexicans fought and died in an attempt to overthrow the government of their country. They were the Cristeros, so called because of their battle cry, ¡Viva

Cristo Rey!—Long Live Christ the King! The Cristero rebellion and the church-state conflict remain one of the most controversial subjects in Mexican history, and much of the writing on it is emotional polemic. David C. Bailey, basing his study on the most important published and unpublished sources available, strikes a balance between objective reporting and analysis. This book depicts a national calamity in which sincere people followed their convictions to often tragic ends. The Cristero rebellion climaxed a century of animosity between the Catholic church and the Mexican state, and this background is briefly summarized here. With the coming of the 1910 revolution the hostility intensified. The revolutionists sought to impose severe

limitations on the Church, and Catholic anti-revolutionary militancy grew apace. When the government in 1926 decreed strict enforcement of anticlerical legislation, matters reached a crisis. Church authorities suspended public worship throughout Mexico, and Catholics in various parts of the country rose up in arms. There followed almost three years of indecisive guerrilla warfare marked by brutal excesses on both sides. Bailey describes the armed struggle in broad outline but concentrates on the political and diplomatic maneuvering that ultimately decided the issue. A de facto settlement was brought about in 1929, based on the government's pledge to allow the Church to perform its spiritual offices under its own internal discipline. The pact was

arranged mainly through the intercession of U.S. Ambassador Dwight Morrow. His role in the conflict, as well as that of other Americans who decisively influenced the course of events, receives detailed attention in the study. The position of the Vatican during the conflict and its role in the settlement are also examined in detail. With the 1929 settlement the clergy returned to the churches, whereupon the Cristeros lost public support and the rebellion collapsed. The spirit of the settlement soon evaporated, more strife followed, and only after another decade did permanent religious peace come to Mexico.

The Armies Createspace Independent Publishing Platform
Named a Best Book of the Year by the

Los Angeles Public Library This hilarious, colorful portrait of a sex worker navigating life in modern Morocco introduces a promising new literary voice. Thirty-four-year-old prostitute Jmiaa reflects on the bustling world around her with a brutal honesty, but also a quick wit that cuts through the drudgery. Like many of the women in her working-class Casablanca neighborhood, Jmiaa struggles to earn enough money to support herself and her family—often including the deadbeat husband who walked out on her and their young daughter. While she doesn't despair about her profession like her roommate, Halima, who reads the Quran between clients, she still has to maintain a delicate balance between her reality and the “respectable” one she paints for

her own more conservative mother. This daily grind is interrupted by the arrival of an aspiring young director, Chadlia, whom Jmiaa takes to calling “Horse Mouth.” Chadlia enlists Jmiaa’s help on a film project, initially just to make sure the plot and dialogue are authentic. But when she’s unable to find an actress who’s right for the starring role, she turns again to Jmiaa, giving the latter an incredible opportunity for a better life. In her breakout debut novel, Meryem Alaoui creates a vibrant picture of the day-to-day challenges faced by working people in Casablanca, which they meet head-on with resourcefulness and resilience.

Iberia Manchester University Press
Drawing on his involvement in the Spanish Civil War, the Nobel prize-

winning author's masterpiece of time and place tells the story of Robert Jordan, an American fighting in Spain, and his suicidal stand for his beliefs. Reprint. 15,000 first printing.

Testimonios: Stories of Latinx and Hispanic Mathematicians Indiana University Press

Beginning lessons in Spanish for parents and young children. Spiral-bound book is designed to be flipped and used in reverse after the eighth lesson.

Accompanying CD assists with proper pronunciation and provides more speaking practice as well as some fun songs to entertain and sing along with! Each lesson number corresponds to a track on the CD, with additional bonus song and game tracks at the end.

Life Traces of the Georgia Coast

University of Texas Press

Yoshiro thinks he might never die. A hundred years old and counting, he is one of Japan's many 'old-elderly'; men and women who remember a time before the air and the sea were poisoned, before terrible catastrophe prompted Japan to shut itself off from the rest of the world. He may live for decades yet, but he knows his beloved great-grandson - born frail and prone to sickness - might not survive to adulthood. Day after day, it takes all of Yoshiro's sagacity to keep Mumei alive. As hopes for Japan's youngest generation fade, a secretive organisation embarks on an audacious plan to find a cure - might Yoshiro's great-grandson be the key to saving the last children of Tokyo?

The Life of Lazarillo de Tormes Paw Prints

First published in 1979, *Inequality, Crime, and Public Policy* integrates and interprets the vast corpus of existing research on social class, slums, and crime, and presents its own findings on these matters. It explores two major questions. First, do policies designed to redistribute wealth and power within capitalist societies have effects upon crime? Second, do policies created to overcome the residential segregation of social classes have effects on crime? The book provides a brilliantly comprehensive and systematic review of the empirical evidence to support or refute the classic theories of Engles, Bonger, Merton, Cloward and Ohlin, Cohen, Miller, Shaw and McKay, amongst

many others. Braithwaite confronts these theories with evidence of the extent and nature of white collar crime, and a consideration of the way law enhancement and law enforcement might serve class interest.

Untold Night and Day Cosimo Classics
Francis-Fallon returns to the origins of the U.S. "Spanish-speaking vote" to understand the history and potential of this political bloc. He finds that individual voters affiliate more with their particular ethnic communities than with the pan-ethnic Latino identity created for them, complicating the notion of a broader Latino constituency.

Self-Portrait in Green New Directions Publishing
Mercede Rodoreda depicts the story of the bizarre and destructive customs of a

nameless town-burying the dead in trees after filling their mouths with cement to prevent their soul from escaping, or sending a man to swim in the river that courses underneath the town to discover if they will be washed away by a flood-through the eyes of a fourteen-year-old boy who must come to terms with the rhyme and reason of this ritual violence, and with his wild, child-like, and teenaged stepmother, who becomes his playmate.

Barbarous Mexico Cambridge University Press

In the wake of his father's premature death, Jose Cemi comes of age in a turn of the century Cuba described in the Washington Post as "an island paradise where magic and philosophy twist the lives of the old Cuban bourgeoisie into

extravagant wonderful shapes."

Neo-extractivism in Latin America

Other Press, LLC

The war that won't die charts the changing nature of cinematic depictions of the Spanish Civil War. In 1936, a significant number of artists, filmmakers and writers – from George Orwell and Pablo Picasso to Joris Ivens and Joan Miró – rallied to support the country's democratically-elected Republican government. The arts have played an important role in shaping popular understandings of the Spanish Civil War and this book examines the specific role cinema has played in this process. The book's focus is on fictional feature films produced within Spain and beyond its

borders between the 1940s and the early years of the twenty-first century – including Hollywood blockbusters, East European films, the work of the avant garde in Paris and films produced under Franco's censorial dictatorship. The book will appeal to scholars and students of Film, Media and Hispanic Studies, but also to historians and, indeed, anyone interested in why the Spanish Civil War remains such a contested political topic. Zuckerman Unbound Hispanic Classics "Massive, beautiful . . . unquestionably some of the best writing on Spain [and] the best that Mr. Michener has ever done on any subject."—The Wall Street Journal Spain is an immemorial land like no other, one that James A. Michener, the Pulitzer Prize-winning author and celebrated citizen of the world, came to

love as his own. Iberia is Michener's enduring nonfiction tribute to his cherished second home. In the fresh and vivid prose that is his trademark, he not only reveals the celebrated history of bullfighters and warrior kings, painters and processions, cathedrals and olive orchards, he also shares the intimate, often hidden country he came to know, where the congeniality of living souls is thrust against the dark weight of history. Wild, contradictory, passionately beautiful, this is Spain as experienced by a master writer.

The Making of Toro HarperCollins UK

"I found Mexico to be a land where the people are poor because they have no

rights, where peonage is the rule for the great mass, and where actual chattel slavery obtains for hundreds of thousands." — John Kenneth Turner, *Barbarous Mexico* In *Barbarous Mexico* (1911), John Kenneth Turner describes the corruption and brutal labor system he observed during three years of involvement in a revolutionary movement which led to the overthrow of Mexico's ruler Porfirio Diaz in 1910. The book is organized around three themes: the slave life of the plantations, the elitism of the Diaz government, and the role of foreign governments in supporting the oppression of the Mexican people.
