A thorough overview of the populations and social forces that have shaped the character of racial and ethnic diversity in the United States. Racial and Ethnic Diversity in America: A Reference Handbook documents how diversity as part of the social fabric of American society has changed its character over time. Adalberto Aguirre, an expert on race and ethnic relations, provides a descriptive presentation of racial and ethnic populations in America, with special focus on the latter part of the 20th century. Aguirre traces population

shifts through time, explores the changing character of diversity in the United States, and addresses the impact of these changes on social institutions in 21st-century America. Social and demographic data identify the size of racial and ethnic populations, document educational, economic, and occupational characteristics, and illustrate the relative status of each racial and ethnic group. This up to date reference work also features biographical profiles and detailed listings of organizations and resources.

Studyguide for Diversity and Society: Race, Ethnicity, and Gender by Joseph F. Healey, ISBN 9781412992459 SAGE American Multicultural Studies: Diversity of Race, Ethnicity, Gender and Sexuality provides an interdisciplinary view of

multicultural studies in the United States, addressing a wide range of topics that continue to define and shape this area of study. Through this collection of essays Sherrow Pinder responds to the need to open up a rich avenue for addressing current and continuing issues of race, gender, ethnicity, sexuality, cultural diversity, and education in their varied forms. Substantial thematic overlaps are found between sections and essays, all of which are oriented toward a single broad objective: to develop new and different ways of addressing how multicultural issues, in their discursive sociocultural contexts, are inextricably linked to the operations of power. Power, as a site of resistance to which it invariably gives rise, is tackled from a perspective that attends to the

complexities of America's history and politics.

American Multicultural Studies Pine Forge Press

This book examines how teachers, administrators, and educational institutions contribute to racial and ethnic inequality and offers policy and practice suggestions for change. It reviews the literature, the national societal and cultural contexts, definitions of race and ethnicity, family influences, and then explores the topic in relation to teachers, classrooms, school programs, school organization, and district policy making. The book concludes with recommendations on how to integrate current school restructuring with multicultural education.
