Crammed with fascinating facts, expert advice, and a wealth of essential information, Shades of Grey will guide you through the minefield that is choosing exactly the right shade of gray paint. "Grey is the cooler, chicer cousin of white that we can't help lusting after" Elle Decor There's no doubt about it, gray is the

shade of the moment. On-trend restaurants, shops and homes are covered in it. There's not a home improvement TV show that doesn't feature it. However, despite its popularity, it's not quite as simple as buying a can of gray paint and slapping it on the wall. Make the wrong choice, and a gray room can be cold and dark, even energy-sapping. Get it right, however, and your home will look inviting, sophisticated, and modern. So how to find the perfect hue? In *Shades of Grey*, Kate Watson-Smyth explores the current popularity of the shade and consults experts—scientists, paint brands, interior decorators—who reveal their favourite grays (as well as other tricks of the trade). She looks at the huge range of grays on offer and, via a simple process of elimination, will help you track down the shade that works perfectly for you.

Coffeeshops are the most famous example of Dutch tolerance. But in fact, these cannabis distributors are highly regulated. Coffeeshops are permitted to break the law, but not the rules. On

the premises, there cannot be minors, hard drugs or more than 500 grams. Nor can a coffeeshop advertise, cause nuisance or sell over five grams to a person in a day. These rules are enforced by surprise police checks, with violation punishable by closure. In *Grey Area*, Scott Jacques examines the regulations with a huge stash of data, which he collected during two years of fieldwork in Amsterdam. How do coffeeshop owners and staff obey the rules? How are the rules broken? Why so? To what effect? The stories and statistics show that order in the midst of smoke is key to Dutch drug policy, vaporising the idea that prohibition is better than regulation. *Grey Area* is a timely contribution in light of the blazing reform to cannabis policy worldwide. Praise for *Grey Area* 'This book is original and highly topical. Logical and well structured, the discussion is firmly located in a large body of contemporary theory. The writing style is conversational, open and accessible. The quality, amount and depth of the empirical work that Jacques has undertaken made me feel that I was there, visiting the coffeeshops with him. Rarely have I seen something as careful and detailed as this work.'

Ronald V. Clarke, Rutgers University, USA 'This book examines the intricacies of operating between law and rules in Amsterdam coffeeshops. Based on an extensive fieldwork, it is arguably the most comprehensive criminological analysis of the issue to date. This is an important work, from an excellent writer, that I warmly recommend to both students and researchers.' Kim Møller, Malmö University, Sweden

She's mad as hell. He's the reason. The desert may not be big enough for both of them. . . Tell Me More. . . Lexy Stuart is nobody's fool. . .not since she wised up to the fact that her fiancé, Noah Paxton, wasn't just sporting the hardest bod this side of the Ironman competition. No, he was also harboring enough secrets to make a CIA operative blush. Little things he never thought worth mentioning like, oh, a previous marriage. So Lexy gave back the ring--with extreme prejudice--and made sandy tracks straight to a remote desert spa. Problem is, with a man like Noah, a girl can run, but she can't hide. Nor does she particularly want to. . . Alexa Annabeth Stuart. The stuffy name couldn't be less suitable for a woman as fiery and free as Noah's Lexy. And Lexy

is his--always will be--the tricky part will be getting her to realize it. Of course, Noah's always up for a challenge. Which is a good thing, since between the crazy heat at this god-forsaken "retreat" and the looks Lexy's shooting him (not to mention the shockwaves he's getting from her hot-pink bikini), winning his ex back could be one dangerous mission. But if Noah doesn't survive it, well, he intends to die a very satisfied man. . .

This first ever, officially authorised biography of Fry & Laurie takes us on their journey from insecure Footlighters to international comedy heroes. It is the tale of a true friendship, a deep affection between two very funny men which has long been reflected back from an adoring public. Jem Roberts, acclaimed chronicler of Blackadder and The Hitchhiker's Guide to the Galaxy, covers everything from the excitement of being the first Perrier Award winners with The Cellar Tapes to the terrors of performing on Saturday Live, the collaborative warfare of Blackadder and the ultimate depiction of Wodehouse's most inimitable characters, Jeeves & Wooster. Beyond this, the trials

and tribulations of their remarkable subsequent separate career paths, from QI to House, will be explored for the first time. With tantalising, never-before-seen titbits from the A Bit of Fry & Laurie archive, and interviews with Emma Thompson, Richard Curtis, John Lloyd and more, this history of Fry & Laurie is an overdue celebration, paying tribute to a legacy of laughter from one of the funniest double acts of all time.

Japanese POW camp Changi, Singapore: hell on earth for the soldiers contained within its barbed wire walls. Officers and enlisted men, all prisoners together, yet the old hierarchies and rivalries survive. An American corporal, known as the King, has used his personality and wiles to facilitate trading with guards and locals to get needed food, supplies, even information into the camp. The imprisoned upper-class officers have never had to do things for themselves, and now they are reduced to wearing rags while the King's clean shirt, gained through guts and moxie, seems like luxury in comparison. In the camp, everything has its price and everything is for sale. But trading is illegal—and the King has made a formidable enemy. Robin Grey, the provost marshal, hates the King and all he represents. Grey, though he grew up modestly, fervently believes in the British class system: everyone should know their place, and he knows the King's place is at the bottom. The King does have a friend in Peter Marlowe, who, though wary of the King and himself a product of the British system, finds himself drawn to the charismatic man who just might be the only one who can save them from both the inhumanity of the prison camp but also from themselves. Powerful and engrossing, King Rat artfully weaves the author's

own World War II prison camp experiences into a compelling narrative of survival amidst the grim realities of war and what men can do when pushed to the edge. A taut masterwork of World War II historical fiction by bestselling author James Clavell.

**Mad as Hell** Harper Collins

"I'm mad as hell, and I'm not going to take it anymore!" The words of Howard Beale, the fictional anchorman in the 1970s hit film *Network*, struck a chord with a generation of Americans. From the disgrace of Watergate to the humiliation of the Iran hostage crisis, the American Dream seemed to be falling apart. In this magisterial new history, Dominic Sandbrook re-creates the schizophrenic atmosphere of the 1970s, the world of Henry Kissinger and Edward Kennedy, Anita Bryant and Jerry Falwell,

Bruce Springsteen and Tom Landry. He takes us back to an age when feminists were on the march and the Communists seemed to be winning the Cold War, but also when a new kind of right-wing populism was transforming American politics from the ground up. Those years gave us organic food, disco music, gas lines, and gay rights—but they also gave us Proposition 13, the neoconservative movement, and the rise of Ronald Reagan. From the killing fields of Vietnam to the mean streets of Manhattan, this is a richly compelling picture of the turbulent age in which our modern-day populist politics was born. For those who remember the days when you could buy a new Ford Mustang II but had to wait hours to fill the tank, this could hardly be a more vivid book. And for those born later, it is the perfect guide to a tortured landscape that shaped our present, from the financial boardroom to the suburban bedroom: the extraordinary world of 1970s America.
