Bommel entdeckt die

Wiese Candlewick Press

This “poetic, poignant”

(US Weekly) debut

features last great

adventures, unlikely

heroes, and a “sweet,

disarming story of lasting

love” (The New York

Times Book Review).

Eighty-three-year-old Etta

has never seen the ocean.

So early one morning she

takes a rifle, some

chocolate, and her best

boots and begins walking

the 3,232 kilometers from

rural Saskatchewan,

Canada eastward to the
sea. As Etta walks further

toward the crashing

waves, the lines among

memory, illusion, and

reality blur. Otto wakes to

a note left on the kitchen

table. “I will try to

remember to come back,”

Etta writes to her

husband. Otto has seen

the ocean, having crossed

the Atlantic years ago to

fight in a far-away war. He

understands. But with

Etta gone, the memories

come crowding in and

Otto struggles to keep

them at bay. Meanwhile,

their neighbor Russell has
spent his whole life trying

to keep up with Otto and

loving Etta from afar.

Russell insists on finding

Etta, wherever she’s

gone. Leaving his own

farm will be the first act of

defiance in his life. Moving

from the hot and dry

present of a quiet

Canadian farm to a dusty,

burnt past of hunger, war,

and passion, from trying

to remember to trying to

forget, Etta and Otto and

Russell and James is an

astounding literary debut

“of deep longing, for

reinvention and self-

discovery, as well as for the past and for love and for the boundless unknown" (San Francisco Chronicle). "In this haunting debut, set in a starkly beautiful landscape, Hooper delineates the stories of Etta and the men she loved (Otto and Russell) as they intertwine through youth and wartime and into old age. It's a lovely book you'll want to linger over" (People).

Then a figure appears over the horizon: it is Father Christmas with one last sack to deliver. The donkey finds he can help, and Father Christmas gives him the best present he could ever wish for.

It's getting late and time for little rabbit to go to bed. Can you help him with this new bedtime ritual: Clap your hands, plump the pillow, tickle

Das große Buch von der kleinen Hummel Bommel

'A compelling, prescient tale of an alternate world with far too many scary similarities to our own.' Angela Clarke Let me repeat myself, so we can be very clear. Women are not the enemy. We must protect them from themselves, just as much as we must protect ourselves. Imagine a

world in which witchcraft is real. In which mothers hand down power to their daughters, power that is used harmlessly and peacefully. Then imagine that the US President is a populist demagogue who decides that all witches must be imprisoned for their own safety, as well as the safety of those around them - creating a world in which to be female is one step away from being criminal... As witches across the world are rounded up, one young woman discovers a power she did not know

she had. It's a dangerous force and it puts her top of the list in a global witch hunt. But she - and the women around her - won't give in easily. Not while all of women's power is under threat. The Coven is a dazzling global thriller that pays homage to the power and potential of women everywhere. * 'A gripping and vividly drawn dystopian fantasy about the power and potential of women which feels easier to enjoy now Trump has gone.' Heat 'Thought-provoking and powerful. A big, page-turning thriller.'

Paula Daly 'A real thrill ride.' Debbie Moon 'Dark, dangerous & powerful - I couldn't put it down' Michelle Kenney, author of The Book of Fire series 'Compelling, urgent and highly original as well as being a cracking read. I loved it.' Kate Hamer 'A barnstorming, breathless ride - The Handmaid's Tale by way of wicca and Witchfinder General. Thrillingly cinematic and compulsive reading.'
