Words. They're the foundation of nearly everything of value in our world. They have the power to create and the power to destroy. The power to inspire and to terrify. The power to enlighten and also to obscure. And, more specifically for you, they have the power to attract wealth and success and guarantee your brighter future. This is not hyperbole - it is based on rock-solid research. Studies show that those people with large vocabularies are smarter, wealthier, and happier than the average person - and substantially so. And here's the best news of all: a large vocabulary is not tied to your social status, your genes, or even your education level. It is a skill that can be learned - and it takes only 30 days. In this cutting-edge program, 30 Days to a More Powerful Vocabulary, personal development expert and English enthusiast Dan Strutzel will instruct, enlighten, and inspire you with a concentrated 30-day program that will

teach you over 500 words. But, more than teaching you these words, the uniquely designed program will ensure that these words become a habit-knit part of your life - and with minimal effort on your part. Best of all, research shows that learning new words has an exponential effect on the size of your vocabulary - since learning one word naturally produces an association between two to three more words. In short, after reading and applying the system in this 30-day program, you will not only have a bigger vocabulary - you will have a brighter future! Here's just a sampling of what you'll learn: The 10 myths about building a dynamic vocabulary The secret behind the exponential effect of vocabulary building A 30-day program designed to maximize learning and comprehension of over 500 words The words you need to know about money and financial issues The words you need to know about persuading others The words you need to know about marriage, parenting, and other relationships The words you need to know about science The words you need to know to be a great conversationalist Why building a large, dynamic vocabulary is even more valuable

in the digital age And much more!

Can I get a "ramen" from the congregation?! Behold the Church of the Flying Spaghetti Monster (FSM), today's fastest growing carbohydrate-based religion. According to church founder Bobby Henderson, the universe and all life within it were created by a mystical and divine being: the Flying Spaghetti Monster.

What drives the FSM's devout followers, a.k.a. Pastafarians? Some say it's the assuring touch from the FSM's "noodly appendage." Then there are those who love the worship service, which is conducted in pirate talk and attended by congregants in dashing buccaneer garb. Still others are drawn to the Church's flimsy moral standards, religious holidays every Friday, or the fact that Pastafarian heaven is way cooler: Does your heaven have a Stripper Factory and a Beer Volcano? Intelligent Design has finally met its match—and it has nothing to do with apes or the Olive Garden of Eden. Within these pages, Bobby Henderson outlines the true facts- dispelling such malicious myths as evolution ("only a theory"), science ("only a lot of theories"), and whether we're really descended from apes (fact: Humans share 95 percent of their DNA with chimpanzees, but they share 99.9 percent with pirates!) See what impressively credentialed top scientists have to say: "If Intelligent Design is taught in schools, equal time should be given to the FSM theory and the non-FSM theory." -Professor Douglas Shaw, Ph.D. "Do not be hypocritical. Allow equal time for other

alternative 'theories' like FSMism, which is by far the tastier choice." -J. Simon, Ph.D. "In my scientific opinion, when comparing the two theories, FSM theory seems to be more valid than classic ID theory." -Afshin Beheshti, Ph.D. Read the book and decide for yourself!
