**The Living World of the  
Old Testament** Penguin

Renowned biblical scholar  
Richard Bauckham  
believes that the New  
Testament texts cannot

be adequately understood without careful attention to their Judaic and Second Temple roots. This book contains twenty-four studies that shed essential light on the religious and biblical-interpretive matrix in which early Christianity emerged. Bauckham discusses the "parting of the ways" between early Judaism and early Christianity and the relevance of early Jewish literature for the study of the New Testament. He also explores specific aspects or texts of early

Christianity by relating them to their early Jewish context. Originally published by Mohr Siebeck, this book is now available as an affordable North American paperback edition. **Introducing the New Testament** Westminster John Knox Press  
The New Testament in Its World by N. T. Wright and Michael F. Bird is the definitive seminary-level introduction to the New Testament, presenting the New Testament books as a literary, narrative, and social phenomena located

in the world of second temple Judaism and early Christianity covering the third to the mid-second centuries BCE.

**The Christian World Around the New Testament** B&H

Publishing Group

Finally: an introduction that captures the excitement of the early Christians, helping today's readers to think like a first-century believer while reading the text responsibly for today. The New Testament in Its World is your passageway from the twenty-first

century to the era of Jesus and the first Christians. A highly-readable, one-volume introduction placing the entire New Testament and early Christianity in its original context, it is the only such work by distinguished scholar and author N. T. (Tom) Wright. An ideal guide for students, *The New Testament in Its World* addresses the many difficult questions faced by those studying early Christianity. Both large and small, these questions include: What is the purpose of the New

Testament? What was the first-century understanding of the kingdom? What is the real meaning of the resurrection in its original context? What really were the Gospels? Who was Paul and why are his letters so controversial? As twenty-first-century people, how do we recover the excitement of what it was like to live as Christians in the first or second centuries? In short, *The New Testament in Its World* brings together decades of ground-breaking research,

writing, and teaching into one volume that will open readers' eyes to the larger world of the New Testament. It presents the New Testament books as historical, literary, and social phenomena located in the world of Second Temple Judaism, amidst Greco-Roman politics and culture, and within early Christianity. Written for both classroom and personal use, the benefits of *The New Testament in Its World* include: A distillation of the life work of N. T. Wright on the New Testament with input from

Michael Bird Historical context that situates Jesus and the early church within the history, culture, and religion of Second Temple Judaism and the Greco-Roman world Major sections on the historical Jesus, the resurrection of Jesus, and Paul's chronology and theology Surveys of each New Testament book that discuss their significance, critical topics like authorship and date, and that provide commentary on contents along with implications for the Christian life Up-to-date

discussions of textual criticism and the canonization of the New Testament A concluding chapter dedicated to living the story of the New Testament Available Video and Workbook companion resources to enhance learning and experience the world of the New Testament Illustrated with visually rich pictures, maps, charts, diagrams, and artwork; plentiful sidebars provide additional explanations and insights [Isaiah 40-66](#) Baker Academic

This useful, concise introduction to the worlds around the New Testament focuses on seven key moments in the centuries before and after Jesus. It enlightens readers about the beginnings of the Christian movement, showing how religious, political, and economic factors were interwoven in the fabric of the New Testament world. Leading New Testament scholar Warren Carter has a record of providing student-friendly texts. This introduction offers a

"big picture" focus and is logically and memorably organized around seven events, which Carter uses as launching pads to discuss larger cultural dynamics and sociohistorical realities that were in some way significant for followers of Jesus and the New Testament. Photos and maps are included.

*The New Testament in Antiquity* Baker Books  
Lucidly written by leading biblical scholar Michael D. Coogan, this balanced, engaging, and up-to-date introduction to the

Hebrew scriptures distills the best of current scholarship. Employing the narrative chronology of the Bible itself and the history of the ancient Near East as a framework, Coogan covers all the books of the Hebrew Bible, along with the deuterocanonical books included in the Bible used by many Christians. He works from a primarily historical and critical methodology but also introduces students to literary analysis and other interpretive strategies. A FREE 6-month

subscription to Oxford Biblical Studies Online ([www.oxfordbiblicalstudies.com](http://www.oxfordbiblicalstudies.com))--a \$180 value--is included with the purchase of every new copy of this text. **SAVE YOUR STUDENTS 20%!** This text is available in a discounted package with The New Oxford Annotated Bible with Apocrypha: New Revised Standard Version, College Edition, Fourth Edition. To assign this package, order package ISBN 978-0-19-935856-4. For additional Bibles and packaging options,

contact your Oxford University Press Representative at 800.280.0280 Peoples of the Old Testament World Grove/Atlantic, Inc. Written by two leading Old Testament scholars with a wide range of expertise, this unique introduction describes the historical, social and cultural setting in which the Old Testament was written and a description of the major genres of literature that it contains. It seeks therefore to illuminate the literature of

the Old Testament by showing how it was shaped by the events, social structures, and religions and intellectual ideas of the ancient civilizations and cultures in which it was produced. Unlike most Introductions, it does not build largely on the traditional formats. It also reflects the huge changes that our understanding of the Old Testament has undergone in the recent decades. Rather than a conventional canonical-theological approach, the book offers an approach

for those interested in the Old Testament as a monumental cultural achievement, ideal for students of ancient history and religion in general as well as theology, and requires a minimum of prior knowledge or expertise. **The First Book of Moses, Called Genesis** Westminster John Knox Press Eminently readable, exegetically thorough, and written in an emotionally warm style that flows from his keen sensitivity to the text,

Barry Webb's commentary on Judges is just what is needed to properly engage a dynamic, narrative work like the book of Judges. It discusses not only unique features of the stories themselves but also such issues as the violent nature of Judges, how women are portrayed in it, and how it relates to the Christian gospel of the New Testament. Webb concentrates throughout on what the biblical text itself throws into prominence, giving space to background issues only

when they cast significant light on the foreground. For those who want more, the footnotes and bibliography provide helpful guidance. The end result is a welcome resource for interpreting one of the most challenging books in the Old Testament.

first on the earlier ed. *A Guide Through the New Testament* Baker Books  
 We tend to think of the Holy Spirit as the straggler of the Trinity, a latecomer in God's interaction with the world. But our first introduction to the Holy Spirit is not the drama of Pentecost in the second chapter of Acts. We first meet the Holy Spirit in the second verse of the Bible, hovering there, speaking the world into existence. Christopher Wright begins here and traces the Holy Spirit through the pages

of the Old Testament. We see the Third Person of the Trinity in the decrees of prophets and psalmists, in the actions of judges and craftspeople, in the anointing of kings and the promise of a new creation. Knowable and discernable in the Old Testament, the Holy Spirit is thus eminently knowable to us. The witness of the whole of Scripture, from its first pages to its last, directs us to a Holy Spirit empowering the people of God, and sustaining and renewing the face of the

earth.

### **The New Testament in Its World Workbook**

Westminster John Knox Press

Three esteemed Old Testament professors introduce students to the first eighty percent of the Bible—freshly illuminating the text as a rich source of theology and doctrine packed with practical principles for modern times.

*The Old Testament World*  
 BoD - Books on Demand  
 What was the family like for the first Christians?  
 Informed by

archaeological work and illustrated by figures, this work is a remarkable window into the past, one that both informs and illuminates our current condition. The Family, Culture, and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family's revitalization. *The Old Testament World* Zondervan

This lively, engaging introduction to the New Testament is critical yet

faith-friendly, lavishly illustrated, and accompanied by a variety of pedagogical aids, including sidebars, maps, tables, charts, diagrams, and suggestions for further reading. The full-color interior features art from around the world that illustrates the New Testament's impact on history and culture. The first edition has been well received (over 60,000 copies sold). This new edition has been thoroughly revised in response to professor feedback and features an

updated interior design. It offers expanded coverage of the New Testament world in a new chapter on Jewish backgrounds, features dozens of new works of fine art from around the world, and provides extensive new online material for students and professors available through Baker Academic's Textbook eSources.

**Revelation** Zondervan Academic

Today many Christians know the basic elements of this story and enjoy an intimate, deeply personal

love for numerous passages of the New Testament. However, few understand the breadth of this story, much less how to interpret each book. Many gravitate to familiar texts but don't feel confident interpreting other more difficult chapters. The aims of this book are simple: to assist students to become alert, capable readers of the New Testament---to guide them through its many books, giving not only "*Families in the New Testament World*" Baker Academic

In this commentary on the book of Amos, Daniel Carroll combines a detailed reading of the Hebrew text with attention to its historical background and current relevance. What makes this volume unique is its special attention to Amos's literary features and what they reveal about the book's theology and composition. Instead of reconstructing a hypothetical redactional history, this commentary offers a close reading of the canonical form against the backdrop of

the eighth century BCE. *Holy Bible (NIV)* Baker Academic  
This workbook accompanies *The New Testament in Its World* by N. T. Wright and Michael F. Bird. Following the textbook's structure, it offers assessment questions, exercises, and activities designed to support the students' learning experience. Reinforcing the teaching in the textbook, this workbook will not only help to enhance their understanding of the New Testament books as

historical, literary, and social phenomena located in the world of early Christianity, but also guide them to think like a first-century believer while reading the text responsibly for today. Knowing the Holy Spirit Through the Old Testament Zondervan Academic  
The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of

the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

**The New Testament in Its World** Westminster John Knox Press  
Walter Kaiser questions the notion that the New Testament represents a deviation from God's supposed intention to save only the Israelites. He argues that--contrary to popular opinion--the older Testament does not reinforce an exclusive redemptive plan. Instead,

it emphasizes a common human condition and God's original and continuing concern for all humanity. Kaiser shows that the Israelites' mission was always to actively spread to gentiles the Good News of the promised Messiah. This new edition adds two new chapters, freshens material throughout, expands the bibliography, and includes study questions. Ancient Near Eastern Thought and the Old Testament Wm. B. Eerdmans Publishing

Who were the Scribes? The Pharisees? The Herodians? Dr. William A. Simmons invites readers to examine the diverse cultural, religious, political, and economic groups that existed in the time of the New Testament. Color photographs, maps, charts, timelines, and drawings illustrate this accessible exploration. Book jacket. *The World of the New Testament* InterVarsity Press

In the early church, miraculous workings of

the Holy Spirit were normal and normative. Today an ever-increasing number of Christians worldwide self-identify as Pentecostal or charismatic. William A. Simmons argues that this means the church needs a Spirit-centered interpretation of Scripture informed by a Pentecostal lens. In *The Holy Spirit in the New Testament*, Simmons provides an accessible New Testament introduction that discusses themes and passages of particular interest to Pentecostal

readers. Each chapter explores the presence of the Spirit in a biblical book, then offers devotional applications to help readers respond to the text. In Matthew, for example, we discover that there is no Messianic era apart from the Spirit. For Paul in Romans, the Holy Spirit is the authenticating power and emotive heart of God. And Revelation is permeated with the illuminating voice of the Spirit from beginning to end. A Spirit-centered reading breaks down divisions between reason

and spirit, mind and emotion. This book opens a dialogue between the academy and the church,

demonstrating how sound exegesis speaks to Spirit-filled Christians. In the world and writings of the

New Testament authors, we continue to encounter the revelatory presence of God.
