Family of Liars Lake Union Publishing
The Gentleman's Guide to Vice and Virtue meets Jane Austen in this witty, winking historical romance with a dash of mystery! Lady Victoria Aston has everything she could want: an older sister happily wed, the future of her family estate secure, and ample opportunity to while her time away in the fields around her home. But now Vicky must marry—or find herself and her family destitute. Armed only with the wisdom she has gained from her beloved novels by Jane Austen, she enters society's treacherous season. Sadly, Miss Austen has little to say about Vicky's exact circumstances: whether the roguish Mr. Carmichael is indeed a scoundrel, if her former best friend, Tom Sherborne, is out for her dowry or for her heart, or even how to fend off the attentions of the foppish Mr. Silby, he of the unfortunate fashion sensibility. Most unfortunately of all, Vicky's books are silent on the topic of the mysterious accidents cropping up around her...ones that could prevent her from surviving until her wedding day.

The Peculiar Fate of Holly Banks Penguin
A sharp and hilariously relatable novel about the business of weddings, the toll they can take, and the lengths one exasperated bridesmaid will go to for the love of friends. Lily Weiss is her mother's worst nightmare: thirty-two and single--the horror! She's also a talented writer but hides behind a boring job at a science foundation. To her friends, she's reliable and selfless, which is how she winds up a bridesmaid in five weddings in six weeks. Anything for her three best friends and two (younger) siblings, right? Even if her own love life is...well, she'd rather not talk about it. To keep her sanity, Lily needs a safe place to vent. And so her anonymous blog, Bridesmania, is born. The posts start pouring out of her: all the feels about

mom-zillas, her vanishing bank balance, the wicked bridesmaids of the west, high-strung brides-to-be, body-shaming dress clerks, bachelorette parties, and Spanx for days, not to mention being deemed guardian of eighty-eight-year-old Granny (who enjoys morning mimosas in the nude) for her brother's destination wedding. So far the blog has stayed anonymous. But as everyone knows, few things online remain secret forever... When all is said and done, can Lily help all five couples make it to happily ever after? And will her own happy ending be close behind?

Who knew my brother's friend could be Mr. Right, and not just Mr. Right Now? My brother refused to introduce me, so I blame him. If he'd just caved, and introduced me to Jasper, I wouldn't be in this mess. I mean, really, what's the big deal? I'm not interested in the guy's looks. Oh no, I want his cold hard cash. (Be honest, you were expecting that other four letter 'c' word weren't you?) Now, before you go getting all judgy, I'm not a gold digger. I have a legitimate business opportunity for Jasper to invest in. The problem is that my stick-up-his-ass brother is embarrassed that his twin sister invents kick ass sex toys. His problem, not mine.

So, I took matters into my own hands. Defeat isn't a word in Lennon Hart's dictionary. Using my stealthy P.I. moves, I narrowed my search to a time and place where I knew I could find him. It was completely innocent. A chance meeting that would give me the opportunity to pitch my business. It wasn't until I sat down across from the gorgeous panty-soaking man in front of me, that I realized I wanted so much more than just his money. I could very well want his heart if I wasn't careful. Apparently my P.I. skills aren't as stellar as I thought because Jasper had his own secret—and it changed EVERYTHING. A romcom from a secret duo of USA Today Bestselling Authors, comes the third COMPLETE STANDALONE in the Modern Love Series.

The Touch of a Villain Harlequin

"A simmering slow burn bursting with banter... This is a romance for anyone who's ever felt too messy to be loved." —ROSIE DANAN, author of *The Roommate*
In this fierce and funny battle of the exes, Ashley Winstead's *Fool Me Once* explores the chaos of wanting something you used to have. Lee Stone is a twenty-first-century woman: she kicks butt at her job as a communications director at a women-run electric car company (that's better than Tesla, thank you), and after work she is "Stoner," drinking guys under the table and never letting any of them get too comfortable in her bed... That's because Lee's learned one big lesson: never trust love. Four major heartbreaks set her straight, from her father cheating on her mom all the way to Ben Laderman in grad school—who wasn't actually cheating, but she could have sworn he was, so she reciprocated in kind. Then Ben shows up five years later, working as a policy expert for the most liberal governor in Texas history, just as Lee is trying to get a clean energy bill rolling. Things get complicated—and competitive—as Lee and Ben are forced to work together. Tension builds just as old sparks reignite, fanning the flames for a romantic dustup the size of Texas. Don't miss *The Boyfriend Candidate*, Ashley Winstead's next laugh-out-loud rom-com about learning to embrace living outside your comfort zone!

Buzzfeed * Glamour * PopSugar From bestselling author Laura Zigman, a hilarious novel about a wife and mother whose life is unraveling and the well-intentioned but increasingly disastrous steps she takes to course-correct her relationships, her career, and her belief in herself Judy never intended to start wearing the dog. So: the dog went into the sling, Judy felt connected to another living being, and she's repeated the process every day since. Life hasn't gone according to Judy's plan. Her career as a children's book author offered a glimpse of success before taking an embarrassing nose dive. Teddy, now a teenager, treats her with some combination of mortification and indifference. In the Same Boat Penguin

Laurie Gelman's clever debut novel about a year in the life of a kindergarten class mom—a brilliant send-up of the petty and surprisingly cutthroat terrain of parent politics. Jen Dixon is not your typical Kansas City kindergarten class mom—or mom in general. Jen already has two college-age daughters by two different (probably) musicians, and it's her second

time around the class mom block with five-year-old Max—this time with a husband and father by her side. Though her best friend and PTA President sees her as the “wisest” candidate for the job (or oldest), not all of the other parents agree. From recording parents' response times to her emails about helping in the classroom, to requesting contributions of “special” brownies for curriculum night, not all of Jen's methods win approval from the other moms. Throw in an old flame from Jen's past, a hyper-sensitive “allergy mom,” a surprisingly sexy kindergarten teacher, and an impossible-to-please Real Housewife-wannabe, causing problems at every turn, and the job really becomes much more than she signed up for. Relatable, irreverent, and hilarious in the spirit of Maria Semple, *Class Mom* is a fresh, welcome voice in fiction—the kind of novel that real moms clamor for, and a vicarious thrill-read for all mothers, who will be laughing as they are liberated by Gelman's acerbic truths.
