Power for the World

I wanted to share a little bit of my life with the members of the United States Armed Forces and Civilian Employees in the United States and around the Globe supporting those who serve. It's important to understand what role we, as Civilians play in the overall objective of the mission. I've had both an Honor and Privilege in getting to know the many service members I've encountered thanks to the multiple installations I've served under. As I reflect on all of my memories, I believe that it would not have been possible for my success within my career field if it were not for all of the support and mentoring I have received throughout my life working alongside our service members. It is my hope that many other civilian employees realize their true potential in whatever role they play within their programs.
