WARREN REYES	
<p><i>The Secret Government</i> Random House</p> <p>The surprising hidden history behind Charlotte Brontë’s Jane Eyre. Why did Charlotte Brontë go to such great lengths on the publication of her acclaimed, best-selling novel, Jane Eyre, to conceal its authorship from her family, close friends, and the press? In The Secret History of Jane Eyre, John Pfordresher tells the enthralling story of Brontë’s compulsion to write her masterpiece and why she then turned around and vehemently disavowed it. Few people know how quickly Brontë composed Jane Eyre. Nor do many know that she wrote it during a devastating and anxious period in her life. Thwarted in her passionate, secret, and forbidden love for a married man, she found herself living in a home suddenly imperiled by the fact that her father, a minister, the sole support of the family, was on the brink of blindness. After his hasty operation, as she nursed him in an isolated apartment kept dark to help him heal his eyes, Brontë began writing Jane Eyre, an invigorating romance that, despite her own fears and sorrows, gives voice to a powerfully rebellious and ultimately optimistic woman’s spirit. The Secret History of Jane Eyre expands our understanding of both Jane Eyre and the inner life of its notoriously private author. Pfordresher connects the people Brontë knew and the events she lived to the characters and story in the novel, and he explores how her fecund imagination used her inner life to shape one of the world’s most popular novels. By aligning his insights into Brontë’s life with the timeless characters, harrowing plot, and forbidden romance of Jane Eyre, Pfordresher reveals the remarkable parallels between one of literature’s most beloved heroines and her passionate creator, and arrives at a new understanding of Brontë’s brilliant, immersive genius.</p> <p><u>The Secret Origin of Jesus Christ</u> Marvel Entertainment</p> <p>Excerpt from The Secret of the East: Or, the Origin of the Christian Religion, and the Significance of Its Rise and Deline Summary: Traditional prejudices obstructing the propaganda of a rationalistic reform, the after effects of moral and physical poisons resisting the healing agencies of Nature. But, on the whole, progress in the direction of light, freedom, and happiness. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. NATIONAL BESTSELLERShortlisted for the Financial Times Business Book of the Year Award One of the Best Business Books of 2016 - CNBC, Bloomberg, 1-800-CEO-Read "The One Device is a tour de force, with a fast-paced edge and heaps of analytical insight." -Ashlee Vance, New York Times bestselling author of Elon Musk "A stunning book. You will never look at your iPhone the same way again." -Dan Lyons, New York Times bestselling author of Disrupted Odds are that as you read this, an iPhone is within reach. But before Steve Jobs introduced us to "the one device," as he called it, a cell phone was merely what you used to make calls on the go. How did the iPhone transform our world and turn Apple into the most valuable company ever? Veteran technology journalist Brian Merchant reveals the inside story you won't hear from Cupertino-based on his exclusive interviews with the engineers, inventors, and developers who guided every stage of the iPhone's creation. This deep dive takes you from inside One Infinite Loop to 19th century France to WWII America, from the driest place on earth to a Kenyan pit of toxic e-waste, and even deep inside Shenzhen's notorious "suicide factories." It's a firsthand look at how the cutting-edge tech that makes the world work-touch screens, motion trackers, and even AI-made their way into our pockets. The One Device is a roadmap for design and engineering genius, an anthropology of the modern age, and an unprecedented view into one of the most secretive companies in history. This is the untold account, ten years in the making, of the device that changed everything.</p> <p>SECRET OF THE EAST OR THE ORIG DC</p> <p>THE SECRET ORIGIN OF JESUS CHRIST tells the life story of Jesus of Nazareth as it has never been told before.In every other "Life of Jesus," things just seem to happen. Events unfold without interpretation, and nothing is ever explained. This is the first "Life of Jesus" where everything is explained - the teaching, the miracles, even the resurrection. If you want to know the secret, read THE SECRET ORIGIN OF JESUS CHRIST.</p> <p><u>The Origin of Secrets Book Safe</u> Legare Street Press</p> <p>THE NEW YORK TIMES BESTSELLER As seen on The Joe Rogan Experience! A groundbreaking dive into the role psychedelics have played in the origins of Western civilization, and the real-life quest for the Holy Grail that could shake the Church to its foundations. The most influential religious historian of the 20th century, Huston Smith, once referred to it as the "best-kept secret" in history. Did the Ancient Greeks use drugs to find God? And did the earliest Christians inherit the same, secret tradition? A profound knowledge of visionary plants, herbs and fungi passed from one generation to the next, ever since the Stone Age? There is zero archaeological evidence for the original Eucharist - the sacred wine said to guarantee life after death for those who drink the blood of Jesus. The Holy Grail and its miraculous contents have never been found. In the absence of any hard data, whatever happened at the Last Supper remains an article of faith for today’s 2.5 billion Christians. In an unprecedented search for answers, The Immortality Key</p>	<p>examines the archaic roots of the ritual that is performed every Sunday for nearly one third of the planet. Religion and science converge to paint a radical picture of Christianity’s founding event. And after centuries of debate, to solve history’s greatest puzzle. Before the birth of Jesus, the Ancient Greeks found salvation in their own sacraments. Sacred beverages were routinely consumed as part of the so-called Ancient Mysteries - elaborate rites that led initiates to the brink of death. The best and brightest from Athens and Rome flocked to the spiritual capital of Eleusis, where a holy beer unleashed heavenly visions for two thousand years. Others drank the holy wine of Dionysus to become one with the god. In the 1970s, renegade scholars claimed this beer and wine - the original sacraments of Western civilization - were spiked with mind-altering drugs. In recent years, vindication for the disgraced theory has been quietly mounting in the laboratory. The constantly advancing fields of archaeobotany and archaeochemistry have hinted at the enduring use of hallucinogenic drinks in antiquity. And with a single dose of psilocybin, the psychopharmacologists at Johns Hopkins and NYU are now turning self-proclaimed atheists into instant believers. But the smoking gun remains elusive. If these sacraments survived for thousands of years in our remote prehistory, from the Stone Age to the Ancient Greeks, did they also survive into the age of Jesus? Was the Eucharist of the earliest Christians, in fact, a psychedelic Eucharist? With an unquenchable thirst for evidence, Muraresku takes the reader on his twelve-year global hunt for proof. He tours the ruins of Greece with its government archaeologists. He gains access to the hidden collections of the Louvre to show the continuity from pagan to Christian wine. He unravels the Ancient Greek of the New Testament with the world’s most controversial priest. He spelunks into the catacombs under the streets of Rome to decipher the lost symbols of Christianity’s oldest monuments. He breaches the secret archives of the Vatican to unearth manuscripts never before translated into English. And with leads from the archaeological chemists at UPenn and MIT, he unveils the first scientific data for the ritual use of psychedelic drugs in classical antiquity. The Immortality Key reconstructs the suppressed history of women consecrating a forbidden, drugged Eucharist that was later banned by the Church Fathers. Women who were then targeted as witches during the Inquisition, when Europe’s sacred pharmacology largely disappeared. If the scientists of today have resurrected this technology, then Christianity is in crisis. Unless it returns to its roots. Featuring a Foreword by Graham Hancock, the NYT bestselling author of America Before.</p> <p>Origin: Wolf Creek Book 1 HarperCollins</p> <p>Collects Iron Man #6-11. Picture this: Tony Stark. In space. In a bar. With ladies. What could go wrong? Plus: is Tony guilty of a crime he's not even aware of? Tune in NOW! for the shocking start of an all-new, all-different direction for the Armored Avenger, helmed by superstar creators Kieron Gillen and Greg Land!</p> <p><u>Origin</u> Рипол Классик</p> <p>Hidden History uniquely exposes those responsible for the First World War. It reveals how accounts of the war’s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity. For ten years, they plotted the destruction of Germany as the first stage of their plan to take control of the world. The assassination of Archduke Franz Ferdinand was no chance happening. It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London. Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since. The official version is fatally flawed, warped by the volume of evidence they destroyed or concealed from public view. Hidden History poses a tantalising challenge. The authors ask only that you examine the evidence they lay before you . . .</p> <p><i>The Name of this Book Is Secret</i> Forgotten Books</p> <p>Secrets the Jesuits don't want Christians to know Out of Europe, a voice is heard from the secular world that documents historically the same information told by ex-priests. The author exposes the Vatican's involvement in world politics, intrigues, and the fomenting of wars throughout history. It appears, beyond any doubt, that the Roman Catholic institution is not a Christian church and never was. The poor Roman Catholic people have been betrayed by her and are facing spiritual disaster. Paris shows that Rome is responsible for the two great world wars. Author Edmond Paris explains why he wrote this book... "The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the start of the two world wars -- a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict." "In fact, the part they took in those tragic events has hardly been mentioned until the present time, except by apologists eager to disguise it. It is with the aim of rectifying this and establishing the true facts that we present in this and other books the political activity of the Vatican during the contemporary -- activity which mutually concerns the Jesuits." "This study is based on irrefutable archive documents, publications from well-known political personalities, diplomats, ambassadors and eminent writers, most of whom are Catholics, even attested by the imprimatur."</p> <p><i>Iron Man Vol. 3</i> Simon and Schuster</p> <p>Book One in the international bestselling Science Fiction-Fantasy series. Pia has always known her destiny. She is meant to start a new race, a line of descendants who will bring an end to death. She has been bred for no other purpose, genetically engineered to be immortal and raised by a team of scientists in a secret compound hidden deep in the Amazon rainforest. Now those scientists have begun to challenge her, with the goal of training her to carry on their dangerous work. For as long as she can remember, Pia's greatest desire has been to fulfill their expectations. But then one night she finds a hole in the impenetrable fence that surrounds her sterile home. Free in the jungle for the first time in her life, Pia meets Eio, a boy from a nearby village. Unable to resist, she continues sneaking out to see him. As they fall in love, they begin to piece together the truth about Pia's origin—a truth with nothing less than deadly consequences that will change their lives forever. Origin is a beautifully told, electric new way to look at an age-old desire: to live forever. But is eternal life worth living if you can't spend it with the one you love?

Read the series that's sold more than 2 million copies—if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

[The Secret History of Jane Eyre: How Charlotte Brontë Wrote Her Masterpiece](#) DC

Within the origin of one of the world's most iconic superheroes hides a fascinating family story—and a crucial history of feminism in the twentieth-century. "Everything you might want in a page-turner ... skeletons in the closet, a believe-it-or-not weirdness in its biographical details, and something else that secretly powers even the most "serious" feminist history—fun." —Entertainment Weekly The Secret History of Wonder Woman is a tour de force of intellectual and cultural history. Wonder Woman, Jill Lepore argues, is the missing link in the history of the struggle for women's rights—a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. Lepore, a Harvard historian and New Yorker staff writer, has uncovered an astonishing trove of documents, including the never-before-seen private papers of Wonder Woman's creator, William Moulton Marston. The Marston family story is a tale of drama, intrigue, and irony. In the 1920s,

Marston and his wife brought into their home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. Even while celebrating conventional family life in a regular column that Marston and Byrne wrote for Family Circle, they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth—he invented the lie detector test—lived a life of secrets, only to spill them on the pages of Wonder Woman. Includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family's papers, and 161 illustrations and 16 pages in full color.

The latest explosive origins from DC Comics - The New 52 include Wonder Woman by Brian Azzarello, Cyborg by Marv Wolfman, Red Hood by Scott Lobdell, and others. Collects SECRET ORIGINS #5-8. *Secret Identities #5* Little, Brown

The key to finding them lies in an ancient secret, a secret that men throughout history have sought to unveil. When it comes to ancient civilizations, they recall, as a rule, the Sumerians, Egyptians, Incas or Aztecs. But scientists believe that there was other, not so famous, but no less great civilization. In this book we will try to lift the veil of secrets that are associated with them.

Nature vs nurture turns out to be a bloodbath The wide open outback offers plenty of space for someone to hide. Or to hide a body. When wiry youngster Mick Taylor starts as a jackaroo at a remote Western Australian sheep station, he tries to keep his head down among the rough company of the farmhands. But he can't keep the devils inside him hidden for long. It turns out he's not the only one with the killer impulse - and the other psychopaths don't appreciate competition. Is Cutter, the station's surly shooter, on to him? And what are the cops really up to as they follow the trail of the dead? In the first of a blood-soaked series of Wolf Creek prequel novels, the cult film's writer/director Greg Mclean and horror writer Aaron Sterns take us back to the beginning, when Mick was a scrawny boy, the only witness to the grisly death of his little sister. Origin provides an unforgettably bloody answer to the question of nature vs nurture. What made Mick Taylor Australian horror's most terrifying psycho killer? 'One of the great horror film heavies of the last 25 years' Quentin Tarantino 'One of the best serial killer novels out there . . . destined to be considered a classic in future years' ScaryMinds.com 'It's grizzled, it's harsh, and it's damn mean - Wolf Creek: Origin is a kick-ass read' HorrorNovelReviews.com
