Eric Carle is a
very colorful
story that
introduces
children to
"male
mothers" who
are left
responsible to

care for the
eggs. It's
super colorful
like other
Carle books,
but what we
loved most
about it was
the
intermittent
clear pages
that cover and
hide other
fish. Children
will love the
discoveries
they find
underneath.

question is
why did Eric
Carle end the
story on such
a unnurturing
note? Tough

a young
