A major advance in Jesus studies and a critique of oppression. Horsley focuses his attention on how Jesus' proclamation of the kingdom of God relates to Roman and Herodian power politics.

The acclaimed author presents "three passionate lectures about the state of politics in Israel" in this "humorous, mournful, enraged, and uplifting" volume (Kirkus). A National Jewish Book Award Finalist Israeli author Amos Oz has won numerous awards for his novels capturing the cultural and political complexities of his country, including the Frankfurt Peace Prize, the Primo Levi Prize, and the National Jewish Book Award. But these essays on the universal nature of fanaticism and its possible cures, on the Jewish roots of humanism and the need for a secular pride in Israel, and on the geopolitical standing of Israel in the wider Middle East and internationally, "may contain his most urgent message yet." (Ruth Eglash, Washington Post). These essays were written, Oz states, "first and foremost" for his grandchildren: they are a patient, learned telling of history, religion, and politics, to be thumbed through and studied, clung to even, as we march toward an uncertain future. "Concise, evocative . . . Dear Zealots is not just a brilliant book of thoughts and ideas—it is a depiction of one man's struggle, who for decades has insisted on keeping a sharp, strident and lucid perspective in the face of chaos and at times of madness." —David Grossman, winner of the Man Booker International Prize

Designing Social Inquiry focuses on improving qualitative research, where numerical measurement is either impossible or undesirable. What are the right questions to ask? How should you define and make inferences about causal effects? How can you avoid bias? How many cases do you need, and how should they be selected? What are the consequences of unavoidable problems in qualitative research, such as measurement error, incomplete information, or omitted variables? What are proper ways to estimate and report the uncertainty of your conclusions?

Rainer Stuhlmann kennt Land und Leute aus erster Hand. Ihre Verzweiflung. Ihre Hoffnungen. Lange hat er vor Ort gelebt. Seine Perspektive: ein Weg zwischen den Stühlen. Im Gespräch mit Menschen aus Palästina und aus Israel. Viele wollen sich nicht zu Feinden machen lassen. Sie wünschen sich nichts sehnlicher als Frieden. Die christlich-palästinensische Familie Nassar aus Bethlehem zum Beispiel. Ihr Motto: "Wir weigern uns, Feinde zu sein." Ihr Protest: Das Zelt der Nationen (engl. Tent of Nations) - ein kleines palästinensisches Anwesen umgeben von israelischen Siedlungen. Eine Herausforderung, aber auch ein demonstratives Beispiel dafür, wie Konflikte ohne Gewalt und ohne Unterwerfung angegangen werden können. Ohne sich auf eine Seite zu schlagen, erzählt Stuhlmann von bewegenden menschlichen Schicksalen und was er aus diesen Begegnungen gelernt hat und wie sie ihm helfen, das "Land der Bibel" und seine beiden Völker besser zu verstehen. Auch die aktuelle Nahost-Debatte in Deutschland setzt er in Beziehung zum Titel seines Buches. Eine hochinteressante Lektüre für alle, die einen Blick hinter die Schlagzeilen werfen wollen.

There has been a recent trend to date many non-Priestly texts later than their Priestly counterparts, and this movement has significant synchronic, as well as diachronic, implications. The commentary engages these approaches, along with other recent proposals and methods, in providing a multi-layered reading of the diverse texts and strata of Genesis 1-11. This combination of diachronic and synchronic approaches yields new insights into these evocative and influential narratives at the outset of the Bible.

" This collection of articles supplements the previous issue on ""The Mediterraneans. Transborder Movements and Diasporas"" (vol. 9 (2000) no. 2). Both publications resonate with a shift in how Mediterranean cultures and societies are constructed in anthropological research and discourse today. Anthropology finds itself challenged by forms of social life and experience that are neither wholly traditional nor unambiguously modern, by social actors who in their own practices and attitudes are breaking down the divide between tradition and modernity. We are studying cultures that we can no longer mistake for those traditional communities whose invention anthropology was complicit with. In dealing with this challenge, a potentially transnational dialogue between anthropologists of various backgrounds has emerged - a dialogue that we especially hope to foster and support with this edition of AJEC. Eva Salomon's War Princeton University Press

A premier New Testament scholar explores how Jesus' trial and execution are portrayed in the New Testament and how that portrayal has affected biblical studies, Christian theology, and Jewish-Christian relations through history. Tomson has written an accessible, responsible analysis of the biblical accounts of Jesus' death, demonstrating how, through compounded misunderstandings, they contributed to anti-Jewish sentiment in the early church and later history. Tomson's question of how Jesus is to be understood in his first-century Judean context is a critical one not only for biblical scholars, but for anyone concerned about human rights and interreligious dialogue today.

Genesis 1-11 Houghton Mifflin Harcourt

Recognizing both the potential of biblical prohibition of images for causing religious conflict and the promise of a more nuanced appreciation of the role of images in human experience, this book constructs a framework for understanding the place of images, and their prohibition, within the biblical text and Christian religious practice.

At the age of 12, Eva Salomon becomes disillusioned about all the "isms" raging through her world. Crushed by her father's rigid Jewish orthodoxy and by the cruelties of a burgeoning Nazi regime, she renounces all belief systems, and even belief itself. Five years later, when she and her father leave Germany for Palestine, she's still a skeptic, yet hopeful about a fresh start in a new country. But her yearning for unfettered freedom soon puts her at odds with collective pressures in the new-old homeland. Eva finds love with a man who is anything but "kosher." Duncan Rees is a British constable in the Palestine Police Force. As a gentile, he's taboo even in the secular circles of a society forging its new nationalist identity. What's more, he represents the British Mandate government, a regime seen to increasingly impede Zionist dreams for a Jewish state in the

contested country. And so the relationship hits obstacles right from the start. Set during complex upheaval of Palestine in the 1930s and 1940s, Eva Salomon's War tells of the struggle to find a faith that doesn't blind, a love that doesn't lie, and solid human truths in the midst of ideological ferment.

Exceptionally clear and well-written chapters provide engaging discussions of the methods of accessing, generating, and analyzing social science data, using methods ranging from reflexive historical analysis to critical ethnography. Reflecting on their own research experiences, the contributors offer an inside, applied perspective on how research topics, evidence, and methods intertwine to produce knowledge in the social sciences.

This 11th issue of the Anthropological Journal on European Cultures is dedicated to presenting ongoing and recent innovative ethnographic work on Europe. Prompted by relentless social, political and cultural reconfigurations 'on the ground', the issue seeks to explore the challenges that these pose to ethnographic fundamentals. In doing so, it takes a broad and inclusive approach to what constitutes ethnography, considering questions of theory and practice in and beyond the field, and provocatively reflecting on what constitutes 'the field' itself. Fundamentals that are put under the Spotlight in the volume are: place and space, history and time, disciplinarity, relationships between ethnographic and other sites and modes of expertise, and forms of representation and reception. All of these, as we show, are in a state of movement - they are all destabilised by ongoing change within the world and within anthropology itself. A challenge for contemporary ethnography is to find ways of wor

Messianische Juden werden oft als eine Provokation empfunden - hier in Deutschland besonders. Die meisten Synagogen wie die offiziellen Kirchen halten sich auf kritischer Distanz. Aber wer sind die Messianischen Juden? Warum stoßen sie auf Widerstand? Welche Fragen werfen sie mit ihrer Existenz und mit ihrer Theologie auf? Sind sie eine Bedrohung oder eine Bereicherung des christlich-jüdischen Dialogs? Die im christlich-jüdischen Dialog erfahrenen Autoren aus unterschiedlichen Landeskirchen der EKD wollen mit den Beiträgen dieses Buchs Brücken des Verständnisses bauen und zentrale Fragen zur Einordnung der Bewegung beleuchten.

Drawing on untapped resources, exclusive interviews, and new archival research, *The Pope's Last Crusade* by Peter Eisner is a thrilling narrative that sheds new light on Pope Pius XI's valiant effort to condemn Nazism and the policies of the Third Reich—a crusade that might have changed the course of World War II. A shocking tale of intrigue and suspense, illustrated with sixteen pages of archival photos, *The Pope's Last Crusade: How an American Jesuit Helped Pope Pius XI's Campaign to Stop Hitler* illuminates this religious leader's daring yet little-known campaign, a spiritual and political battle that would be derailed by Pius's XI's death just a few months later. Peter Eisner reveals how Pius XI intended to unequivocally reject Nazism in one of the most unprecedented and progressive pronouncements ever issued by the Vatican, and how a group of conservative churchmen plotted to prevent it. For years, only parts of this story have been known. Eisner offers a new interpretation of this historic event and the powerful figures at its center in an essential work that provides thoughtful insight and raises controversial questions impacting our own time.

Given German history and Germany's current substantial non-citizenship population, it is hardly surprising that multiculturalism with its treatment of "the other" is as controversial there as in the US. Sixteen papers derived from an unspecified conference co-hosted by the Center for German and European Studies at Georgetown U., Berlin's Humboldt U., and the Friedrich Ebert Foundation address: theorizing comparisons; gender and race; American studies in Germany; German studies in America; and multiculturalism in the transatlantic sphere. Messianische Juden - eine Provokation Berghahn Books

The Mediterranean world has long been an island for European thought and imagination.

Anthropologically, the focus has been on tradition rather than modernity, on continuity rather than change, on borders rather than transgression. Today, the focus shifts to the interconnected turbulence of the present that challenges the imagination of a southern Other vis-a-vis a Northwestern Self and the notion of a homogenous, unanimous culture area. The emerging dialogue between Mediterranean and non-Mediterranean anthropologists has introduced new perspectives on southern mobilities and modernities across collapsing and (re)constructed borders as they are inserted and created by global, transnational and local cultural processes.

Mit dem Synodalbeschluss zur Erneuerung des Verhältnisses von Christen und Juden der Evangelischen Kirche im Rheinland im Jahr 1980 hat erstmals eine evangelische Landeskirche in Deutschland das christlich-jüdische Verhältnis und den christlich-jüdischen Dialog sowohl ekklesiologisch als auch strukturell im eigenen Selbstverständnis verankert. Seither folgten die meisten Landeskirchen innerhalb der EKD wie auch die EKD selbst diesem Weg. Aus Anlass des 40jährigen Jubiläums des Rheinischen Synodalbeschlusses erscheinen in dem Band Beiträge zur Entwicklung und Bedeutung der jüdisch-christlichen Beziehungen und des Dialogs bis heute. Autoren und Autorinnen tragen Einsichten aus der biblischen Exegese, der Judaistik, der kirchlichen Zeitgeschichte, der systematischen Theologie, der Religionspädagogik und der kirchlichen Praxis zusammen. [»Thou bearest not the root, but the root thee.« (Romans 11:18) - Contemporary Perspectives on the Rhenish Synodal Resolution »On the Renewal of the Relationship between Christians and Jews« of 1980] With the synodal resolution on the renewal of the relationship between Christians and Jews of the Protestant Church in the Rhineland in 1980, for the first time a Protestant regional Church in Germany anchored the Christian-Jewish relationship and the Christian-

Jewish dialogue both ecclesiologically and structurally in its own self-understanding. Since then, most of the regional Churches within the EKD as well as the EKD itself have followed this path. On the occasion of the 40th anniversary of the Rhenish Synodal Resolution, this volume contains contributions on the development and significance of Jewish-Christian relations and dialogue up to the present day. Authors bring together insights from biblical exegesis, Jewish studies, contemporary Church history, systematic theology, religious education and Church practice.

In diesem Buch erzählt der Autor von seinen persönlichen Erfahrungen in Israel und Palästina. Rainer Stuhlmann ist Koordinator und Organisator des Studienprogramms für die Freiwilligen im internationalen ökumenischen Dorf Nes Ammim im Norden Israels und kommt deshalb weit herum, diesseits und jenseits der Mauer. Als Christ aus Deutschland fühlt er sich auf beiden Seiten des Konfliktes "zwischen den Stühlen". Seine Geschichten lenken den Blick hinter die Schlagzeilen: Sie zeigen, wie Menschen mit dem Konflikt umgehen, wie Feinde zu Freunden werden, und wie die Bibel hilft, dieses Land und seine beiden Völker besser zu verstehen. "Zwischen den Stühlen" ist ein Plädoyer für mehr Demut und Menschlichkeit in einer Debatte zwischen verhärteten Fronten.
