The pioneers of ecological architecture today are necessarily researchers as much as architects, in any conventional sense of the term. Sustainability is the key criterion in this field, and ecologically sound solutions for the designs of homes are the key challenge (homes the most commonly built structure). Ecological Living assesses a selection of some recently built ecological habitats, collecting several built examples from a variety of French architects, examining precursors such as Frank Lloyd Wright, Alvar Aalto and Pierre Lajus, plus proposals for European architects and architecture students and inquiries into the ecological viability of detached housing and tower blocks. The book is structured in thematic chapters, such as "Why is Action So Urgent," "The Precursors of Eco-Responsible," "An International Panorama of the State of the Art" and "Into Action!"

The Dictionary of Louisiana French (DLF) provides the richest inventory of French vocabulary in Louisiana and reflects precisely the speech of the period from 1930 to the present. This dictionary describes the current usage of French-speaking peoples in the five broad regions of South Louisiana: the coastal marshes, the banks of the Mississippi River, the central area, the north, and the western prairie. Data were collected during interviews from at least five persons in each of twenty-four areas in these regions. In addition to the data collected from fieldwork, the dictionary contains material compiled from existing lexical inventories, from texts published after 1930, and from archival recordings. The new authoritative resource, the DLF not only contains the largest number of words and expressions but also provides the most complete information available for each entry. Entries include the word in the conventional French spelling, the pronunciation (including attested variants), the part of speech classification, the English equivalent, and the word's use in common phrases. The DLF features a wealth of illustrative examples derived from fieldwork and textual sources and identification of the parish where the entry was collected or the source from which it was compiled. An English-to-Louisiana French index enables readers to find out how particular notions would be expressed in la Louisiane.

Delphi Complete Works of Jules Verne

(Illustrated) Univ. Press of Mississippi
 EXTRAIT: Sans pouvoir l'expliquer exactement, les relations entre Charlotte et sa sœur cadette n'avaient jamais été au beau fixe. Toute à son opposé, Janet avait toujours été une enfant calme et obéissante. Elle ne parlait jamais trop fort et entretenait une mise impeccable. De la petite fille parfaite qu'elle s'était toujours efforcée d'être, elle représentait aujourd'hui « la » jeune femme accomplie au regard de « la » société. Janet s'y était appliquée avec une détermination peu commune. De ses manières distinguées à sa diction irréprochable. Même son anglais avait perdu presque toute trace de ses origines écossaises. Et sa voix claire, parfaite pour le chant. Janet cultivait une recherche de la perfection qu'elle étendait aussi à ses compositions littéraires, qui lui avaient valu de nombreux éloges, et à la musique, qu'elle maîtrisait. Chez Mrs Hargrave, elle avait été deux années de suite nommée « élève modèle d'exception ». Un exploit que n'avait jamais accompli Charlotte. Loin de là. Le passage de Charlotte au pensionnat avait été plutôt turbulent, pour ne pas dire perturbant. Son dernier coup d'éclat, particulièrement troublant – dans un accès de rage, elle avait coupé ses cheveux courts –, avait entraîné son expulsion de Mrs Hargrave's Academy, la prestigieuse école pour filles située dans le chic Berkeley Square. Une école de dressage, pensait Charlotte. Elle n'avait jamais pu se conformer aux règles strictes de l'établissement. Ce qu'arrivait si naturellement à faire Janet. Que ce fût pour plaire à Mrs Hargrave ou à leurs parents, cette propension à la soumission inconditionnelle avait toujours agacé Charlotte. Complaisante Janet, que la droiture lui permettait

d'être si... moraliste! Et ce qui hérissait le plus Charlotte était que Janet avait le plus souvent raison. Un borborygme sonore lui rappela qu'elle avait faim et Charlotte fouilla dans le garde-manger. Elle trouva le reste de poulet froid, le huma. Tu ne vas tout de même pas manger ça à l'heure du thé! se raisonnait-elle. Elle déposa, à la place, des biscuits secs dans une assiette. Avec un peu de confiture aux groseilles, ce serait suffisant. Quoique le poulet... Elle disposa les tasses de porcelaine sur le plateau et remplit la théière d'eau bouillante. Et puis après! Un morceau de cuisse du volatile rôti vint rejoindre les biscuits secs sur le plateau. — Qui a dit qu'on ne pouvait pas manger du poulet à l'heure du thé? Janet le lui dirait.

Jules Verne, a 19th-century French author, is famed for such revolutionary science-fiction novels as "Around the World in Eighty Days" and "Twenty Thousand Leagues Under the Sea". He has sometimes been called the "Father of Science Fiction", a title that has also been given to H. G. Wells and Hugo Gernsback. In all, Verne authored more than 60 books (most notably the 54 novels comprising the "Voyages Extraordinaires"), as well as dozens of plays, short stories and librettos. He conjured hundreds of memorable characters and imagined countless innovations years before their time, including the submarine, space travel, terrestrial flight and deep-sea exploration. Verne is generally considered a major literary author in France and most of Europe, where he has had a wide influence on the literary avant-garde and on surrealism. Verne has been the second most-translated author in the world since 1979, ranking

between Agatha Christie and William Shakespeare. Some of the works appear only in their original French texts, due to copyright restrictions. Table of Contents

De toute évidence, les jurons sont

d'usage quotidien. Il leur fallait un

dictionnaire. Des gros mots, les jurons ?

Certains d'entre eux, sans doute ; la

plupart, cependant - mille sabords, flûte,

saperlipopette, sainte vierge ou nom

d'un petit bonhomme -, n'ont rien

d'indécent. Ces mots expriment des

sentiments variés, la colère, la surprise,

la révolte, la perplexité, et même, à

l'occasion, l'indifférence ou l'admiration.

Nous y avons tous recours. Mais savait-

on qu'ils étaient si nombreux et si variés

? D'abomination à zut, les voici recensés

dans leur totalité, pour la première fois. "

Tous les morbleus, tous les ventrebleus,

les sacrebleus et les cornegidouilles ",

comme le chantait Brassens,
 accompagnés de quelques milliers
 d'autres encore, funérailles et juste ciel,

 cul, foutrebleu et damned, vertuchou et
 coquin de sort, sans parler des plus rares
 d'entre eux, ignorés par tous les autres
 dictionnaires. Chacun U trouvera de quoi
 enrichir son vocabulaire. Avec le plus
 grand soin, les divers emplois des jurons
 sont répertoriés, leurs variantes
 enregistrées, leurs étymologies
 précisées. Une immense quantité de
 textes savoureux fait de cet inventaire
 une sorte d'anthologie. Les exemples

Gustave Caillebotte was more than a
 painter: he collected and researched
 postage stamps; designed and built
 yachts; administered and participated in
 the sport of yachting; collected
 paintings; cultivated and collected rare
 orchids; designed and tended his
 gardens; and engaged in local politics.
 Gustave Caillebotte as Worker, Collector,
 Painter presents the first comprehensive
 account of Caillebotte's manifold
 activities. It presents a completely new
 critical interpretation of Caillebotte's
 broad career that highlights the singular
 salience of 'work', and which intersects
 histories and theories of visual culture,
 ideology, and psychoanalysis. Where the

recent art historical 'rediscovery' of Caillebotte offers multiple narratives of his identification with working men, this book goes beyond them towards excavating what his work was in its own terms. Born to an haut bourgeois milieu in which he was never completely comfortable and assailed by traumatic familial bereavements, Caillebotte adopted and adapted the ideologically normative category of work for his own purposes, deconstructing its ostensibly class-determinate parameters in order to bridge the chasm of his social alienation.

A French string quartet traveling from San Francisco to their next engagement in San Diego, is diverted to Standard

Island. Standard Island is an immense man-made island designed to travel the waters of the Pacific Ocean. The wealth of residents of the island can only be measured in millions. The quartet is hired to play a number of concerts for the residents during their tour of the islands (Sandwich, Cook, Society, etc.) of the South Pacific. The island seems an idyllic paradise; however, it is an island divided in two. The left half's population is led by Jem Tankerton and is known as the Larboardites. The right half's population is led by Nat Coverley and is known as the Starboardites. Despite the obstacles encountered on their journey, the two parties have a disagreement that threatens the future of the island itself.
