Public theology is a developing field of discourse concerned to address matters of pressing public concern in theological perspective for the common good. Themes of ecology, poverty, human rights, and especially justice feature prominently in its discourse. Although justice is also a prominent theme in the Bible, there is no single perspective on what constitutes justice in the Bible and no single view on how biblical perspectives on justice should contribute to contemporary discussion regarding the meaning and implementation of justice. Informed and inspired by Christopher Marshall's landmark work on *Compassionate Justice* (Cascade Books, 2012) in dialogue with Jesus' parables of the Good Samaritan and the Prodigal Son, this collection of studies addresses various interrelations between the Bible, justice, and public theology. Marshall himself proposes that certain parables of Jesus are paradigmatic for public theology, and some contributors respond to different dimensions of his treatment of the parables of the Good Samaritan and the Prodigal Son in terms of restorative justice. Other contributors, by contrast, examine broader related concerns such as justice in biblical, theological, and philosophical perspective, the hermeneutics of engagement for justice, the relation between feminist theology and restorative justice, biblical resources for public theology, and popular culture as both a conversation partner with and a medium for public theology.

"Grandma Margie's Tale of Loving Neighbor: The Story of the Good Samaritan" Written by Dr. K.T. Zulkowski is a heartwarming children's book that teaches important values of love, kindness, and empathy. Through the captivating story of Grandma Margie and her grandchildren, Zion and Zipporah, young readers are introduced to the timeless parable of the Good Samaritan as shared by Jesus. This beautifully illustrated book not only entertains children but also holds significant educational value. It helps children understand the importance of being a loving neighbor and showing kindness to others, regardless of their differences. The story promotes empathy and compassion, teaching children to recognize and respond to the needs of those around them. In addition to the engaging narrative, the book includes Bible verses that reinforce the teachings of Jesus and provide a spiritual foundation for the story. These verses can spark meaningful discussions about faith, love, and the significance of treating others with respect and care. "Grandma Margie's Tale of Loving Neighbor" also encourages critical thinking and reflection. Readers are prompted to consider how they can be loving neighbors in their own lives and communities. The book inspires children to take action, whether it's through small acts of kindness or participating in community service projects. Overall, this book serves as a valuable educational tool, fostering character development and social-emotional learning. It instills important values of love, kindness, and empathy,

empowering children to make a positive impact in the world around them.

*Sandinista Narratives* is an analysis of the role of agency in the Nicaraguan Revolution and its aftermath. Jean-Pierre Reed argues that the insurrection in Nicaragua was shaped by political contingency, action-specific subjectivity, and popular culture. He also examines how Sandinista ideology contributed to state-building in Nicaragua while tracing the role of post-revolutionary Sandinismo as a political identity.

If the goal of catechesis is to cultivate an encounter with Christ, why do religious educators spend so much time focused almost exclusively on ideas and not experiences? The reason is that many have never been shown a method that inspires the heart while also instructing the mind. Jared Dees, creator of the popular website *The Religion Teacher*, shows how applying the steps of *lectio divina* to teaching can reorient religious education toward encountering the person of Christ rather than merely sharing information about him. In *Christ in the Classroom*, Catholic author and speaker Jared Dees applies the five steps of *lectio divina*—reading/learning, meditation, prayer, contemplation, and action—to the ministry of catechesis. He offers teachers and catechists a practical framework for preparing lessons that broaden the focus of teaching from mostly intellectual learning to also encountering Christ in prayer, reflection, and action. Using this method, students and catechists come to know intimately the person of Christ at the same time that they are learning the tenets and traditions of the Church. Dees shares stories of success and failure from his own teaching experience and he offers dozens of field-tested strategies, tactics, and teaching methods to effectively integrate the steps of *lectio divina* into the classroom or other catechetical setting. Outfitted with these tools, both experienced and new religious educators will feel confident in their ability to teach effectively and lead their students to a life-changing encounter with Jesus.

A master plan exists for human life so amazing that it goes beyond human imagination. No human mind could give birth to it nor can any human ability bring it into being. The plan is intended for all people who will claim it for themselves. The plan is given to us by our Creator through Moses' tabernacle in approximately 1440 BC in a book called *Exodus*, and it is about to be fulfilled in the near future. The tabernacle is the blueprint for the plan through an amazing, voluminous number of symbols expressed in measurements, the furniture within it, metals and substances for construction, and colors and areas used within it. The historic people, Israel, were the scale model of the plan, a living clarification of the symbols on the stage of planet earth. In part five, you'll find several chapters of totally unique revelations that give us a clearer understanding of some concepts that we have had difficulty in grasping, particularly in the chapter *The Cell* of

Life. Lets put off the conventional, humanly preconceived, limiting blindness of human legalism and tradition and explore the concepts from a greater mind whose vision is unlimited. That vision is expressed in a being who has agape (sacrificial) love. The plan with its promises is available to everyone who really wants it a gift requiring no merit on the part of the receiver, only a hungry heart desiring truth and a willingness to follow its guidance. The purpose of Exodus: The Master Plan is to draw you into this plan so you may have all of its promise.

All Those Pieces is a memoir based on a speech-language pathologist's experiences working with developmentally-disabled adults. In the book, the author shares the stories of a number of individuals who have been diagnosed with both developmental and mental impairments. Light is shed on the specific issues such people deal with daily. The stories are sometimes sad and tragic, making you cry, but at other times enormously triumphant and inspirational, causing you to both laugh and cheer. This book leaves readers with much more compassionate hearts towards all.

Two parables that have become firmly lodged in popular consciousness and affection are the parable of the Good Samaritan and the parable of the Prodigal Son. These simple but subversive tales have had a significant impact historically on shaping the spiritual, aesthetic, moral, and legal traditions of Western civilization, and their capacity to inform debate on a wide range of moral and social issues remains as potent today as ever. Noting that both stories deal with episodes of serious interpersonal offending, and both recount restorative responses on the part of the leading characters, *Compassionate Justice* draws on the insights of restorative justice theory, legal philosophy, and social psychology to offer a fresh reading of these two great parables. It also provides a compelling analysis of how the priorities commended by the parables are pertinent to the criminal justice system today. The parables teach that the conscientious cultivation of compassion is essential to achieving true justice. Restorative justice strategies, this book argues, provide a promising and practical means of attaining to this goal of reconciling justice with compassion.

Public Theology is an indispensable dimension of the calling of the church. As minister, bishop and academic teacher Heinrich Bedford-Strohm, in this collection of articles in English language, draws on a multitude of experiences in theological reflection as well as in pastoral praxis. The contributions of this volume include fundamental reflections on the role of churches and religion in the public sphere. But they also deal with issues of material ethics such as human rights, economic justice, overcoming violence, ecology or interreligious dialogue. The volume shows how theology can give moral guidance not only for the church but also for society as a whole.

This volume represents the current state of Samaritan research. The studies, which were presented at the seventh international conference of the Société d'Études Samaritaines, deal with several aspects of the field of Samaritan studies, like the connections of Samaritan history and religion to the Old Testament, problems of the temple building on Mount Gerizim in the Persian or Hellenistic period, linguistic characteristics of the Samaritan Hebrew language and Samaritan theological questions of the Arabic era. Papers were written by the leading scholars of Samaritan studies.

Does God expect women who've lived faithfully most or all our lives to continue to grow in Christ as we age into our later decades? Absolutely! Not only does God want us to keep on maturing, but God provides the path to spiritual growth. God hardwired us to blossom into a new realm of spirituality as we age. *Aging in Spirit* provides a blueprint for developing the type of greater love, compassion, understanding, and acceptance that Jesus taught as we move into our elder years so we can continue to be the hands and feet of God until the end of our lives.

Author of such major books as *Remembering Jesus: Christian Community, Scripture, and the Moral Life*, Allen Verhey has become one of today's most trusted Christian voices in contemporary ethics, including the moral challenges that new medical technologies pose to Christian faith and decision-making. With this new book Verhey brings the biblical tradition to bear on contemporary bioethical concerns. Drawing on an unmatched depth of insight in these two realms, Verhey explores how the Bible can illuminate and guide medical ethics. He argues that churches are called to think and speak clearly about bioethical concerns, and he lays out here the scriptural tools for them to do so. After firmly grounding Christian ethical discourse in Scripture, Verhey shows how the Bible can be applied to such pressing questions as suffering, genetic intervention, abortion, reproductive technologies, end-of-life care, physician-assisted suicide, and more. Filled with faith-based wisdom and apt illustrations of the moral dilemmas discussed, this book is a must-read for Christians grappling with the ethical dimensions of medicine today.

"The Curse of the Good Samaritan" is not what you think. It's a romantic mystery with twists and turns that you'll never see coming. It's the story of an attractive widow, Abby Christianson, who wants to start living a new and better life, a life that doesn't involve any serious relationships with men. Abby has had some unfortunate experiences with men in her past, experiences that she has never shared and never plans to share, not even with her best friends. She is ready to leave her past behind her. First, she sells her large home and then purchases a luxury oceanfront apartment in a retirement complex. There she makes many interesting and unique friends who end up playing important roles in her new life. This number includes a man, Bob Goldman, who decides immediately that he wants to know Abby better; however, Abby finds his interest and attention a bit unsettling. Even more unsettling, are the letters and messages that she begins receiving from an unknown writer, who threatens to take her life and she doesn't know why. The story doesn't end where you think or how you think but it will hold your attention to the last page, leaving you wanting more.

Are we rational creatures? Do we have free will? Can we ever know ourselves? These and other fundamental questions have been discussed by philosophers over millennia. But recent empirical findings in psychology and neuroscience suggest we should reconsider them. This textbook provides an engrossing overview of contemporary debates in the philosophy of psychology, exploring the ways in which the interaction and collaboration between psychologists and philosophers contribute to a better understanding of the human mind, cognition and behaviour. Miyazono and Bortolotti discuss pivotal studies in cognitive psychology, social psychology, developmental psychology, evolutionary psychology, clinical psychology and neuroscience, and their implications for philosophy. Combining the latest philosophical and psychological research with an accessible style, *Philosophy of Psychology* is a crucial resource for students from either discipline. It is the most up-to-date text for modules on philosophy of mind, philosophy of psychology, philosophy of mental health and philosophy of cognitive science.
