Snow Country Appalachian Mountain Club

A guide to the top 40 ski resorts in North America.

Squirrels on Skis The Mountaineers Books
The Northwest's most popular backcountry ski guide

Ski National Geographic Books

This new Beginner Book about manic skiing squirrels—by J. Hamilton Ray with illustrations by Pascal Lemaitre—has the feeling of an old classic read-aloud.

"Nobody knew how the mania grew. First there was one, and then there were two. Three more came gliding from under the trees. LOOK! On the hill. Those are squirrels on skis! Below lay the town, snow-covered and still. Not a sound could be heard. All was silent, until . . . Swwwishhhh swooped the skiers, all dressed for play. Eighty-five squirrels and more on the way!" As you can imagine, the townsfolk are NOT amused. Can intrepid reporter Sally Sue Breeze find out where the squirrels are getting their skis—and make them stop skiing long enough to eat lunch-before pest-control guy Stanley

Powers sucks them up in his vacuum device? (Don't worry—Sally triumphs in a most unexpected way.) With delightfully understated, funny illustrations by Pascal Lemaitre, this is the perfect book for beginning readers to curl up and chill out with on a snow day—or any day! Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Ski Mountaineers Books

An Outside Magazine Book Club Pick "A sparkling account."—Wall Street Journal An electrifying adventure into the rich history of skiing and the modern heart of ski-bum culture, from one of America's most preeminent ski journalists The story of skiing is, in many ways, the story of America itself. Blossoming from the Tenth Mountain Division in World War II, the sport took hold across the country, driven by adventurers seeking the rush of freedom that only cold mountain air could provide. As skiing gained in popularity, mom-and-pop backcountry hills gave way to groomed trails and eventually the megaresorts of today. Along the way, the

pioneers and diehards—the ski bums—remained the beating heart of the scene. Veteran ski journalist and former ski bum Heather Hansman takes readers on an exhilarating journey into the hidden history of American skiing, offering a glimpse into an underexplored subculture from the perspective of a true insider. Hopping from Vermont to Colorado, Montana to West Virginia, Hansman profiles the people who have built their lives around a cold-weather obsession. Along the way she reckons with skiing's problematic elements and investigates how the sport is evolving in the face of the existential threat of climate change.

Staying Alive in Avalanche Terrain Te Neues Publishing Company

Soft Skiing is unique among many how-to-ski-better books-full of practical, easy-to-follow and immediately effective ski coaching ideas, it's also a collection of

personal memories by one of America's best known ski instructors, Lito Tejada-Flores. Lito is the author of *Breakthrough On The New Skis*, and the creator of the *Breakthrough-On-Skis* video series. He has never followed the "party-line" of official ski teaching orthodoxy, and his *Breakthrough on Skis* books are amongst the best selling ski instruction books of all time. In this book, Lito breaks new ground, focusing 100% on the art of skiing in a relaxed, energy-efficient manner, a style of virtually effortless expert skiing that is ideally suited to older skiers. In his easy-to-follow conversational style, Lito reveals the secrets of skiing all day, on all terrain, without fatigue, without a moment of struggle or stress. Actually this is a book for all skiers but more than anything it is a gift for older skiers looking for grace, elegance and efficiency rather than aggressive daring-do on the slopes. This is a book that will change skiing lives, expand skiing horizons.

Photographer's Market Currency
Whether you're an experienced backcountry skier or intermediate snowboarder looking to ramp up your out of bounds expeditions, Brittany and Frank

Konsella have the cred to guide you to the state's special runs. Both have descended all of the state's 14ers on skis and Brittany was the second woman to accomplish that feat. They know where the sweet lines are. *Backcountry Ski & Snowboard Routes: Colorado*—part of the popular series—includes backcountry routes focused on the Front Range and the San Juans, with other routes in the Sawatch Range, Elk Mountains, Mosquito Range, and more.

Ski Europe takes skiers step by step

through planning the winter vacation of their dreams in the Alps in Austria, Italy, Switzerland or France as well as major resorts in Spain and Andorra. Just like here in the United States or Canada, every European resort has its quirks and specialties, notes Leocha. Seasoned skiers know that some resorts are better for singles, others better for families. Some offer cozy chalets, others feature modern hotels right on the slopes. And while one resort may be heaven for beginning skiers it may be boring for the expert. Ski Europe organizes all the necessary information to make intelligent choices and provides the phone numbers to make reservations and plans. Over more than a decade Ski Europe has become known for its no-holds-barred, brutally honest reports on reality at ski resorts. Ski Europe takes no advertising, has no ax to grind, and, like Ski America and Canada, is written by Leocha together with an international team of prize-winning ski and snowboard journalists.

Skiing The Mountaineers Books
Snowboarding as a winter sport has exploded in popularity in the last 25 years. One of the most prolific and talented

photographers of this extreme sport is Jeff Curtes. CHASING EPIC: THE SNOWBOARD PHOTOGRAPHS OF JEFF CURTES is not only the ultimate document of snowboarding but an impressive artistic achievement as well. Curtes's camera juxtaposes the best snowboarders of our time, including Shaun White and many others, across impossibly beautiful, majestic, and insane mountainsides. His compositions emphasize the lone individual soaring across awe-inspiring landscapes in an almost surreal and sometimes abstract figure/ground/sky relationship. Curtes's images capture the skill, courage, and freedom that these athletes possess in their pursuit of the perfect ride. Jeff Curtes has been at the forefront of the snowboarding industry's imagery since his first published work back in 1992. In 1994, Curtes signed with Burton Snowboards and had been their principal photographer until 2012, nearly 20 years behind the lens on the snow. Jeff's work with Burton, originating with action-centric images, was unique in that it came from within the core snowboarder's lifestyle. He was living and breathing snowboarding with his brother,

Joe Curtes, as they traveled from the Midwest to the Mountains of the West Coast. Burton allowed Curtes to travel the world in search of the epic conditions that

every snowboarder dreams of, and, in return, Curtes's camera delivered an overwhelming collection of photographs to their light table. These images not only

made incredible advertising and catalog content but also defined a subculture and captured the early history of snowboarding like no others before.
