A Lifetime of Lessons
Simon and Schuster

'The pro tour's hottest coach' (Golf Digest) distills the lessons of a private strategy session

into an indispensable 'soft skills' companion. Credited with transforming the short games of world-class golfers like Rory McIlroy, Phil Mickelson, Annika Sorenstam, and Yani Tseng, Dave Stockton is one of the most sought-after coaches in golf. Yet Stockton's natural abilities are more like the average player's than those of most tour superstars. Not particularly long off the tee and average in terms of ballstriking, Stockton has won multiple major championships through a

willingness to set his ego aside and analyze his game objectively - precisely what make him so effective as an instructor. The hallmark of Stockton's coaching is the idea that 'trying doesn't work.' He shows students how to get out of their own way and let their subconscious take over. In *Own Your Game*, Stockton recreates the experience of riding eighteen holes with him at one of his highly sought-after corporate outings. He explains how any player can learn to use his or her

mind effectively - both in the microcosm of the shot at hand and in plotting a way through a round and gives players the tools and the freedom to play better with the swing they currently have. 'Dave is a creative thinker, and he sees things others don't. He has his finger on the pulse of what it takes to play at the highest level.' Paul Azinger, major-championship winner and 2008 Ryder Cup captain 'While studying professional golfers in the early 1980s, my mentor, Dr. Richard Lister, told me

to look to Dave Stockton as an example of a player who is superb at getting the last drop out of the lemon. What he meant was, Dave has been the best at using his mental skills to get the very most from his physical skills. Having had the honor of working with Dave and more than three hundred other professional golfers since, I can confirm Dave's gift and passion for not only getting the very most from his own golfing skills but also from those of any golfer who aspires to do the same.'

Dr. Deborah Graham, sport psychologist and author of *The 8 Traits of Champion Golfers*'Dave Stockton can help you simplify your approach, clear your mind, and make better decisions on the golf course. He's helped me become a better player, and I know he'll do the same for you.'

Rory McIlroy, two-time major-championship winner'To play your best at the most important times, you need to be comfortable. Dave shows you how to play confident and free. It's a lot of fun!'

Suzann Pettersen, two-time LPGA major-championship winner'Dave has proven methods that helped him achieve success on the course as one of the all-time great putters. His insight and positive mindset helped me tremendously, and I would recommend him to anyone looking to improve.'

through his junior golf program where they benefit from his experience as a player and also his unique talents as a teacher by learning not only golf skills but life skills. Many of the challenges faced on the golf course are mirrored by challenges faced in life and Tim's organic coaching methods encourage young people to grow into confident, caring, and skilled players on the golf course - and in life. Gravity Golf Simon and Schuster

I transformed my game from hacker to one of the best golfers at my club just by fixing the things outside of my swing and grip. I did this all in my adult years, so I have a clear understanding of what the average golfer is thinking and feeling. My grip sucks and my swing sure as hell ain't pretty,

but I've found a way to become a scratch golfer and I think I have some ways to help other people do that too. Consistency is the name of the game. The only way to improve consistency, is to remove variables and that is exactly what I will teach you in this book. Trying to replicate the swing of a touring pro is a recipe for disaster. Trust me, I've tried it, and lost a few golf seasons trying to look like Tiger Woods on the course. After a lot of research and experimenting, I've found

some easy techniques to implement into your game that you can take out on the course right away. You're going to enjoy this straight to the point, no bulls*it take on how to play better golf. You will have some laughs along the way but most importantly, you will have a road map to start playing better f*cking golf.

In this love letter to his father, former professional golfer Nathaniel Crosby shares

memories of Bing Crosby on the golf course, and the lessons he taught him about the game and about life. With a Foreword by Jack Nicklaus. “Bing Crosby was a great ambassador for our game, as well as a great man,” hails longtime friend and golf partner, Jack Nicklaus. The beloved singer and star was also an extraordinary teacher who instilled an abiding passion and mastery of the game in his youngest son, Nathaniel. Winning the US Amateur at

nineteen, Nathaniel went on to compete in high-level professional tournaments for his entire life. In *18 Holes with Bing*, Nathaniel introduces us to the Bing Crosby he and his family knew—not the beloved singer who played golf, but a golfer who sang to pay his country club dues. Nathaniel shares exclusive stories about this American icon golfing, working, and playing with some of the most famous people in history—royalty, titans of industry, stars of stage and screen, and

champions of the green, including Bob Hope, Dwight Eisenhower, Ben Hogan, Jack Nicklaus, and Louis Armstrong. At the book’s heart is an intimate account of a father and a son—how a mutual love of golf formed an exceptional emotional bond. Full of anecdotes, vignettes, and recollections of Bing’s time on the course, the tournaments he created and later sponsored, and the constant encouragement he showed his son, *18 Holes with Bing* honors this

celebrated golfer, entertainer, and father, and illuminates his life as never before.

A highly original and groundbreaking book from a noted PGA coach and Buddhist instructor •
“The lessons in Zen Golf

make the mental game seem so simple. Dr. Parent has given me very effective methods for working with thoughts and emotions, and for taking the negatives out of the picture.” —Vijay Singh, Masters and PGA Champion By combining classic insights and stories from Zen tradition, Zen Golf helps eliminate the mental distractions that routinely cause poor shots and loss of concentration, allowing golfers to feel in “the zone” that professionals have learned to master.

The best players know that golf is a game of confidence, and most important, concentration—the ability to focus and block out distraction. The goal of achieving clear thought is also at the heart of Buddhist teachings. PGA coach and Buddhist instructor Dr. Joseph Parent draws on this natural connection and teaches golfers how to clear their minds, achieve ultimate focus, and play in the moment for each shot. Zen Golf presents a simple system for building

“mental game mastery.” Dr Parent’s unique PAR Approach (focusing on Preparation, Action, and Response to Results) guides golfers with specific techniques for each aspect of their games. In chapters such as “How to Get From the Practice Tee to the First Tee”, “You Produce What You Fear”, and “How to Enjoy a Bad Round of Golf”, the author shares a personal teaching regimen that has helped improve the games of professionals and amateurs alike. Clear,

concise, and enlightening, Zen Golf shows golfers how to prepare for, execute, and equally important, respond the results of any golf shot. A different approach to golf instruction, this book shapes ancient philosophies into new teachings.

Golf Lessons from Great Pros

Golf Harvey Penick's life in golf began when he started caddying at the Austin, (Texas), Country Club at age eight. Eighty-one years later he is still there, still dispensing wisdom to pros and beginners alike. His stature in the golf world is reflected in the

remarkable array of champions he's worked with, both men and women, including U.S. Open champion and golf's leading money winner Tom Kite, Masters champion Ben Crenshaw, and LPGA Hall of Famers Mickey Wright, Betsy Rawls, and Kathy Whitworth. It is not for nothing that the Teacher of the Year Award given by the Golf Teachers Association is called the Harvey Penick Award. Now, after sixty years of keeping notes on the things he's seen and

learned and on the golfing greats he's taught, Penick is finally letting his Little Red Book (named for the red notebook he's always kept) be seen by the golf world. His simple, direct, practical wisdom pares away all the hypertechanical jargon that's grown up around the golf swing, and lets all golfers, whatever their level, play their best. He avoids negative words; when Tom Kite asked him if he should "choke down" on the club for a particular shot, Harvey told him to "grip down"

instead, to keep the word "choke" from entering his mind. He advises golfers to have dinner with people who are good putters; their confidence may rub off, and it's certainly better than listening to bad putters complain. And he shows why, if you've got a bad grip, the last thing you want is a good swing. Throughout, Penick's love of golf and, more importantly, his love of teaching shine through. He gets as much pleasure from watching a beginner get the ball in the air for

the first time as he does when one of his students wins the U.S. Open. Harvey Penick's Little Red Book is an instant classic, a book to rank with Ben Hogan's Modern Fundamentals of Golf and Tommy Armour's How to Play Your Best Golf All the Time.
