MOHAMMAD GRIFFITH

The Book of Anna University of Wales Press

This is the first book-length treatment of the 'turncoat' John Poyer, the man who initiated the Second Civil War through his rebellion in south Wales in 1648. The volume charts Poyer's rise from a humble glover in Pembroke to become parliament's most significant supporter in Wales during the First Civil War (1642-6), and argues that he was a more complex and significant individual than most commentators have realised. Poyer's involvement in the poisonous factional politics of the post-war period (1646-8) is examined, and newly discovered material demonstrates how his career offers fresh insights into the relationship between national and local politics in the 1640s, the use of print and publicity by provincial interest groups, and the importance of local factionalism in understanding the course of the civil war in south Wales. The volume also offers a substantial analysis of Poyer's posthumous reputation after his execution by firing squad in April 1649.

The Two Cultures McFarland

In the dark, they are watching... They are waiting for you. No one has ever lived to tell the horrifying truth about them. Yet even now the Wolfen are gathered in the night-dark alleys ... unseen, poised ... ready to destroy their helpless human prey. Only one man and one woman, trained cops, willing to risk their lives, stand in the way.

[The Wolfen](#) Grove/Atlantic, Inc.

The importance of science and technology and future of education and research are just some of the subjects discussed here.

The American Revolution Reborn Hampton Roads Publishing

An inventive, wholly original look at the complex psyche of Eastern Europe in the wake of the revolutions of 1989 and the opening of the communist archives. In the tradition of Timothy Garton Ash's *The File*, Yale historian and prize-winning author Marci Shore draws upon intimate understanding to illuminate the afterlife of totalitarianism. *The Taste of Ashes* spans from Berlin to Moscow, moving from Vienna in Europe's west through Prague, Bratislava, Warsaw and Bucharest to Vilnius and Kiev in the post-communist east. The result is a shimmering literary examination of the ghost of communism - no longer Marx's "specter to come" but a haunting presence of the past. Marci Shore builds her history around people she came to know over the course of the two decades since communism came to an end in Eastern Europe: her colleagues and friends, once-communists and once-dissidents, the accusers and the accused, the interrogators and the interrogated, Zionists, Bundists, Stalinists and their children and grandchildren. For them, the post-communist moment has not closed but rather has summoned up the past: revolution in 1968, Stalinism, the Second World War, the Holocaust. The end of communism had a dark side. As Shore pulls the reader into her journey of discovery, reading the archival records of people who are themselves confronting the traumas of former lives, she reveals the intertwining of the personal and the political, of love and cruelty, of intimacy and betrayal. The result is a lyrical, touching, and sometimes heartbreaking, portrayal of how history moves and what history means.

Molière, the French Revolution, and the Theatrical Afterlife

University of Pennsylvania Press

"Prose's book is a stunning achievement. . . . Now Anne Frank stands before us. . . a figure who will live not only in history but also in the literature she aspired to create." — Minneapolis Star Tribune In June, 1942, Anne Frank received a diary for her thirteenth birthday, just weeks before she and her family went into hiding from the Nazis in an Amsterdam attic. For two years, she described life in hiding in vivid, unforgettable detail and grappled with the unfolding events of World War II. Before the attic was raided in August, 1944, Anne Frank furiously revised and edited her work, crafting a piece of literature that she hoped would be read by the public after the war. And read it has been. In *Anne Frank*, bestselling author Francine Prose deftly parses the artistry, ambition, and enduring influence of Anne Frank's beloved classic, *The Diary of a Young Girl*. She investigates the diary's unique afterlife: the obstacles and criticism Otto Frank faced in publishing his daughter's words; the controversy surrounding the diary's Broadway and film adaptations, and the social mores of the 1950s that reduced it to a tale of adolescent angst and love; the conspiracy theories that have cried fraud, and the scientific analysis that proved them wrong. Finally, having assigned the book to her own students, Prose considers the rewards and challenges of teaching one of the world's most read, and banned,

books. How has the life and death of one girl become emblematic of the lives and deaths of so many, and why do her words continue to inspire? Approved by both the Anne Frank House Foundation in Amsterdam and the Anne Frank-Fonds in Basel, run by the Frank family, Anne Frank unravels the fascinating story of a memoir that has become one of the most compelling, intimate, and important documents of modern history.

The Afterlife Revolution Penguin

Thus begins the most astonishing true-life odyssey ever recorded—one man's riveting account of his extraordinary experiences with visitors from "elsewhere" . . . how they found him, where they took him, what they did to him, and why. Believe it. Or don't believe it. But read it—for this gripping story will move you like no other. It will fascinate you, terrify you, and alter the way you experience your world.

The Key Harper Collins

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Afterlife Revolution is about making this way of living ordinary, and by doing that, enabling us on the physical side to see more of ourselves and our futures. It is not a lie or a hoax, and it is not a cynical attempt to exploit the death of my wife. #2 The experience I have had with Anne emerged from the knowledge I gained from my relationship with the visitors. They are not only aliens, but here. Their primary mission is to strengthen the soul, and they have become my mission as well. #3 The soul is what matters most in any living thing, and it is the most important part of us that is not only conscious but also intelligent. The scientific community is generally united in the belief that the only reality that matters is the one that can be detected by existing instruments. #4 The author's wife, Anne, had a near death experience in 2004, after a stroke nearly took her life. She joined the larger mission of the author's visitors and their dead. She proved that the methods she advocated worked. [Life After Life](#) Little, Brown

Finalist for Le prix du Meilleur livre tranger (France) * A Finalist for the Premio von Rezzori (Italy) * Longlisted for the Prix Femina (France) From an award-winning and internationally acclaimed European writer, and for fans of *The Tiger's Wife* A chilling and suspenseful novel set in the wake of a violent revolution about a young girl rescued from an orphanage by an otherworldly grandmother she's never met

Life and Death in Shanghai Princeton University Press

In September of 2015 the visitors in Whitley Strieber's immortal bestseller *Communion* returned to his life. A *New World* details their powerful message: A new world is coming...if we can take it. In 2018, the US Navy admitted that videos taken off the carrier *Nimitz* by pilots using ultra-sophisticated cameras were of unknown objects with incredible flight characteristics. Add to this the past seventy years of UFO evidence, and it is now undeniable that something unknown is flying around in our skies. But why are they here? There are millions of close encounter witnesses who would say that they are here for us, and have already been in contact with us for two generations, while the official world and the media have been in denial. In 1987, author Whitley Strieber published *Communion* about his own close encounter. It was met with brutal skepticism...but not from other close encounter witnesses, who wrote him in the hundreds of thousands, telling of their own experiences. With these overwhelming accounts of alien encounters, Rice University in Houston, Texas, has archived these letters as a testimony that we are not alone. After thirty-three years of having them in his life, and an entirely new group of encounters starting in 2015, Whitley Strieber returns with a new vision of contact that will shatter all of our previous theories and beliefs and reveal the experience for what it is: the strangest, most powerful, and potentially most important thing that has ever happened to mankind.

The Wild Simon and Schuster

This study centres around three leading military statesmen who served under Oliver Cromwell but were also his kin and shared the experiences of the civil wars, John Disbrowe (1608-80), Henry Ireton (1611-51), and Charles Fleetwood (1618-92). It seeks to develop our picture of their positions from the context of their kin link to Cromwell and how their private worlds shaped their public roles, how kinship was part of the functioning of the Cromwellian state, how they were seen and presented, and how this impacted on their own lives, and their kin, before and after the Restoration. Cromwell's career can be explored further by considering figures in his kinship network to show how the public and private overlapped and influenced each other through their interaction before and after 1660. This study aims to consider the trajectory of elements of Cromwell's network and how its functioning and the interaction of its constituent parts over time shaped the politics of the years 1643 to 1660 but also how the survival of

some networks after 1660 were continuing communities of those willing to own their memories of the civil wars, regicide, and Cromwell. A study of aspects of Cromwell's kin also provides examples of the continuities between those who resisted the Stuarts in the 1640s and 1650s and did so again in the 1680s. Suitable for specialists in the area and students taking courses on early modern British, European and American history as well as those with a more general interest in the period.

Communion Beyond Words

From the bestselling author of *Communion* comes the mysterious true story of how an unknown visitor barged into Strieber's hotel room late one night--and imparted extraordinary lessons in personal development and man's fate that challenge us to rethink every assumption about the meaning of life. At two-thirty in the morning of June 6, 1998, Whitley Strieber was awakened by somebody knocking on his hotel room door. A man came in, and everything he said was life-altering. This is the unsettling and ultimately enlightening narrative of what happened that night. Strieber was never really sure who this strange and knowing visitor was--a "Master of Wisdom"? A figure from a different realm of consciousness? A preternaturally intelligent being? He called him the Master of the Key. The one thing of which Strieber was certain is that both the man and the encounter were real. The main concern of the Master of the Key is to save each of us from self-imprisonment. "Mankind is trapped," the stranger tells Strieber. "I want to help you spring the trap." In a sweeping exchange between Strieber and the stranger--which takes the form of a classical student- teacher dialogue in pursuit of inner understanding--the unknown man presents a lesson in human potential, esoteric psychology, and man's fate. He illuminates why man has been caught in a cycle of repeat violence and self-destruction--and the slender, but very real, possibility for release. In its breadth and intimacy, *The Key* is on par with contemporary metaphysical traditions, such as *A Course in Miracles*, or even with the dialogues of modern wisdom teachers, such as D.T. Suzuki and Carl Jung.

[What's after Life?](#) Studies in Print Culture and t

The groundbreaking, bestselling classic, now available in a special fortieth-anniversary edition that includes a new Foreword from Eben Alexander, M.D., author of *Proof of Heaven*, and a new Afterword by the author. Raymond Moody is the "father" of the modern NDE (Near Death Experience) movement, and his pioneering work *Life After Life* transformed the world, revolutionizing the way we think about death and what lies beyond. Originally published in 1975, it is the groundbreaking study of one hundred people who experienced "clinical death" and were revived, and who tell, in their own words, what lies beyond death. A smash bestseller that has sold more than thirteen million copies around the globe, *Life After Life* introduced us to concepts—including the bright light, the tunnel, the presence of loved ones waiting on the other side—that have become cultural memes today, and paved the way for modern bestsellers by Eben Alexander, Todd Burpo, Mary Neal, and Betty Eadie that have shaped countless readers notions about the end life and the meaning of death.

[John Poyer, the Civil Wars in Pembrokeshire and the British Revolutions](#) Harper Collins

Can love actually enable a relationship to survive death? The Afterlife Revolution triumphantly says that it can. After a near-death experience in 2004, Anne Strieber became an expert in afterlife studies. When she died in 2015, she executed a plan which, to her husband Whitley's amazement, brought the two of them back into contact.

A New Science of the Afterlife Harper Collins

It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. Imagine Heaven is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this

fascinating and hope-filled book.

Summary of Whitley & Anne Strieber's *The Afterlife Revolution* Everest Media LLC

On the 100th anniversary of the Russian Revolution, the epic story of an enormous apartment building where Communist true believers lived before their destruction *The House of Government* is unlike any other book about the Russian Revolution and the Soviet experiment. Written in the tradition of Tolstoy's *War and Peace*, Grossman's *Life and Fate*, and Solzhenitsyn's *The Gulag Archipelago*, Yuri Slezkine's gripping narrative tells the true story of the residents of an enormous Moscow apartment building where top Communist officials and their families lived before they were destroyed in Stalin's purges. A vivid account of the personal and public lives of Bolshevik true believers, the book begins with their conversion to Communism and ends with their children's loss of faith and the fall of the Soviet Union. Completed in 1931, the House of Government, later known as the House on the Embankment, was located across the Moscow River from the Kremlin. The largest residential building in Europe, it combined 505 furnished apartments with public spaces that included everything from a movie theater and a library to a tennis court and a shooting range. Slezkine tells the chilling story of how the

building's residents lived in their apartments and ruled the Soviet state until some eight hundred of them were evicted from the House and led, one by one, to prison or their deaths. Drawing on letters, diaries, and interviews, and featuring hundreds of rare photographs, *The House of Government* weaves together biography, literary criticism, architectural history, and fascinating new theories of revolutions, millennial prophecies, and reigns of terror. The result is an unforgettable human saga of a building that, like the Soviet Union itself, became a haunted house, forever disturbed by the ghosts of the disappeared.

The Afterlife of Billy Fingers Crown

A probing look at the afterlife of a classic American novel *George Lawson's 'Politica' and the English Revolution* Crown Mark Twain once quipped that a "classic [is] something that everybody wants to have read and nobody wants to read." This definition fits Adam Smith's timeless work *The Wealth of Nations*, published in 1776 on the eve of the American Revolution. For more than two centuries, partisans and pundits across the political spectrum have selectively quoted (or purported to quote) Smith's masterpiece of economic theory in support of legislative agendas and public policy. Smith himself would have been

surprised at the near universal acceptance of his theories, especially given changes in the world economy since the 18th century. This book provides a close reading of his work, revealing a complex intellect schooled in the high moral ideals of classical philosophy, yet firmly grounded in the pragmatism of international trade and commerce.

The Taste of Ashes Baker Books

A woman who spent more than six years in solitary confinement during Communist China's Cultural Revolution discusses her time in prison. Reissue. A New York Times Best Book of the Year.

A New World Simon and Schuster

Martin Puchner tells the story of political and artistic upheavals through the political manifestos of the 19th and 20th centuries. He argues that the manifesto was the genre through which modern culture articulated its revolutionary ambitions and desires.

The House of Government Entangled: Teen

It's 1988 and Lily Bloom, a 65-year-old American lies dying of cancer in a London hospital. As her two daughters buzz around her and the nurses pump her full of morphine, she slides in and out of consciousness, outraged that there is so little time left and so many people still to disparage.
