The Routledge Dictionary of Modern American Slang and Unconventional

English Gunter Narr Verlag

The first literary addiction memoir, featuring the autobiographical *Suspiria de Profundis*, the inspiration for the 2018 horror film *Suspiria*, starring Dakota Johnson and Tilda Swinton and directed by Luca Guadagnino In this remarkable autobiography, Thomas De Quincey hauntingly describes the surreal visions and hallucinatory nocturnal wanderings he took through London—and the nightmares, despair, and paranoia to which he became prey—under the influence of the then-legal painkiller laudanum. Forging a link between artistic self-expression and addiction, *Confessions of an English Opium-Eater and Other Writings* seamlessly weaves the effects of drugs and the nature of dreams, memory, and imagination. First published in 1821, it

paved the way for later generations of literary drug users, from Baudelaire to Burroughs, and anticipated psychoanalysis with its insights into the subconscious. This edition is based on the original serial version of 1821, and reproduces two “sequels”: *Suspiria de Profundis* (1845) and *The English Mail-Coach* (1849). It also includes a critical introduction discussing the romantic figure of the addict and the tradition of confessional literature, and an appendix on opium in the nineteenth century. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide

authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Confessions of an English Opium-Eater and Other Writings Catapult

I was dead for thirty seconds. That's what the cop in Fall River told me. When the EMTs found me, there was a needle in my arm and a packet of heroin in the front seat. At basketball-crazy Durfee High School in Fall River, Massachusetts, junior guard Chris Herren carried his family's and the city's dreams on his skinny frame. His grandfather, father, and older brother had created their own sports legends in a declining city; he was the last, best hope for a career beyond the shuttered mills and factories. Herren was heavily recruited by major universities, chosen as a McDonald's All-American, featured in a Sports Illustrated cover story, and at just seventeen years old became the central figure in Fall River Dreams, an acclaimed book about the 1994 Durfee team's quest for

the state championship. Leaving Fall River for college, Herren starred on Jerry Tarkanian's Fresno State Bulldogs team of talented misfits, which included future NBA players as well as future convicted felons. His gritty, tattooed, hip-hop persona drew the ire of rival fans and more national attention: Rolling Stone profiled him, 60 Minutes interviewed him, and the Denver Nuggets drafted him. When the Boston Celtics acquired his contract, he lived the dream of every Massachusetts kid—but off the court Herren was secretly crumbling, as his alcohol and drug use escalated and his life spiraled out of control. Twenty years later, Chris Herren was married to his high-school sweetheart, the father of three young children, and a heroin junkie. His basketball career was over, consumed by addictions; he had no job, no skills, and was a sadly familiar figure to those in Fall River who remembered him as a boy, now prowling the streets he once ruled, looking for a fix. One day, for a time he cannot remember, he would die. In his own words, Chris Herren tells how he nearly lost

everything and everyone he loved, and how he found a way back to life. Powerful, honest, and dramatic, Basketball Junkie is a remarkable memoir, harrowing in its descent, and heartening in its return.

The Tennis Junkie's Guide (to Serious Humor) St. Martin's Press

That's What Junkies Do is a brutally honest, often dark journey of one man's struggle with alcoholism and drug addiction. The story starts innocently enough in 1980's Brooklyn, NY, with a young boy, Thomas Figlioli, making a bad choice so he could gain the respect of a group of kids he looked up to and admired. Alcohol gives him the courage to be the person he always wanted to be. His fear and insecurity leaves and his lifelong struggle begins. Being a good student, Thomas lands a scholarship to Pace University in Pleasantville, New York, where his alcohol use and hard partying ways increase with each passing day. When things start to turn sour in Pleasantville, he moves back to Brooklyn for a geographic change. It is back in his old hometown that his life starts to unravel at a

steady and almost torturous pace. After losing a promising career in the financial industry, his life turns even darker, eventually being hospitalized in a psych unit for alcohol and cocaine use. Once released he immediately reverts to the same ways. Thomas's life becomes a vicious cycle of addiction, graduating to harder and more damaging drugs. There is nothing he won't do and nobody he won't hurt. When thoughts of ending it all become a better choice than living how he is, Thomas finally asks for help and gets it through a program of twelve step recovery. He comes back to life only to fall back into his old ways a few short years later. Now, a grown man and upstanding citizen, with a career, a fiancé and people who count on him every day, Thomas secretly navigates his way through a seven-and-a-half-year struggle with various prescription medications, eventually finding his way back to recovery and the life he always prayed for when times were at their worst. **Junk** Routledge Thinking Italian Translation is a comprehensive and practical translation

Jude Hassan came from an upper-middle class household in suburban St. Louis. For most of his life, he was an all-around normal kid. He excelled in sports and academics, and cherished his time at home with his family. It wasn't until he turned fifteen that things went seriously wrong. While attending his first high school party, he was introduced to pot and alcohol. Needless to say, he gave in to the pressure. A month after that, he discovered heroin. The drug had just made its way into the

suburban party scene, and Jude was sure that he could get away with doing it only once. He was sadly mistaken. Within a few short months, his entire life was in shambles. In a series of events that leaves you grasping for the next page, Jude spares no amount of detail in his account of his near-decade long struggle with drug addiction, and the horrors he witnessed along the way.

What's Left of Us

Bloomsbury Publishing USA

A wry, often affectionate view on the English, and how to navigate our national personality. 'In England everything is typical. If your train is late, it is typical. If there are no seats on the upper deck of a bus, it is typical. If it starts to rain at five

o'clock just before you leave work, it is typical.' 'The English do not like to be wished "Have a nice day", because to them it sounds like a command. They think, Who the hell do you think you are to order me to have a nice day?' Ten years ago, Angela Kiss arrived in the UK without a word of English. All she brought with her was a small bag, a sense of adventure, a desire to work and a copy of George Mikes' classic 1940s' humour book about the peculiarities of the British, *How to be an Alien*. Through every dodgy flat share, low-paid waitressing job, awkward date and office mishap, Angela held tight to George's wit and wisdom. With his help she began to understand how to live amongst the English - with their eccentricity, spirit and singing train drivers - and fell in love with a land rich in green spaces, pubs and puddings.

'Junk is not, like alcohol or weed, a means to increased enjoyment in life. Junk is not a kick. It is a way of life.' Burrough's cult classic is a raw, semi-autobiographical account of drug addiction, which

outraged America and influenced generations of writers to come. He relates with unflinching realism the highs and lows of dependency-euphoria, hallucinations, ghostly nocturnal wanderings and strange sexual encounters. Junky is a dark, powerful and mesmerizing account of one man's challenge to turn self-destruction into art.

Border Junkies Taylor Trade Publishing
The drug war that has turned Juárez, Mexico, into a killing field that has claimed more than 7,000 lives since 2008 captures headlines almost daily. But few accounts go all the way down to the streets to investigate the lives of individual drug users. One of those users, Scott Comar, survived years of heroin addiction and failed attempts at detox and finally cleaned up in 2003. Now a graduate student at the University of Texas at El Paso in the history department's borderlands doctoral program, Comar has written *Border Junkies*, a searingly honest account of his spiraling descent into heroin addiction, surrender, change, and recovery on the U.S.-Mexico border. *Border*

Junkies is the first book ever written about the lifestyle of active addiction on the streets of Juárez. Comar vividly describes living between the disparate Mexican and American cultures and among the fellow junkies, drug dealers, hookers, coyote smugglers, thieves, and killers who were his friends and neighbors in addiction—and the social workers, missionaries, shelter workers, and doctors who tried to help him escape. With the perspective of his anthropological training, he shows how homelessness, poverty, and addiction all fuel the use of narcotics and the rise in their consumption on the streets of Juárez and contribute to the societal decay of this Mexican urban landscape. Comar also offers significant insights into the U.S.-Mexico borderland's underground and peripheral economy and the ways in which the region's inhabitants adapt to the local economic terrain.

At 17, I became a heroin addict. This is the true memoir of how heroin became my boyfriend, my best friend, and my whole life. "Replacing my tan skin was now an over pale, greyish color. I decided to wear my black hair straight and though it had gotten longer, it was no longer bouncy - just wavy and turning lifeless. I had gotten really skinny over the time of my breakup to pre-dope, but now I could see hip bones when I walked; when I slept I saw ribs during each inhale. Most of the time, probably because I was high, I thought I looked amazing. Tonight, I cried instead. I thought I was the most hideous person in the world. I was no longer the person people came to for advice (except for the select few who I didn't see often who couldn't tell the change in me), instead I had become the person

who's facebook I'd lurk for the latest drama. I remember thinking people who did drugs and got into fights and didn't give a fuck about anything were cool, and now that I was living and breathing in that lifestyle I hated it. I wasn't ready. I still lived off of the state's insurance, I couldn't adult yet if I tried."

In addition to contributing significantly to the growing field of Burroughs scholarship, Burroughs Unbound also directly engages with the growing fields of textual studies, archival research, and genetic criticism, asking crucial questions thereby about the nature of archives and their relationship to a writer's work. These questions about the archive concern not only the literary medium. In the 1960s and 1970s Burroughs collaborated with filmmakers, sound technicians, and musicians, who helped re-contextualized his writings in other media. Burroughs Unbound examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author's work. It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws, sexual

practice, censorship, and what we today call a society of control. More broadly, his work continues to challenge our common assumptions about language, authorship, textual stability, and the archive in its broadest definition.

More Than a Junkie

September Publishing Concise English Dictionary *Aspects of Verbal Humour in English* A&C Black "Reflections Of A 'B' Movie Junkie" is a tribute to the old "B" Movies of the Saturday Matinees of yesteryear. Actually, it is more of a homage to them, or at least (6) genres of those film types, that were so prevalent back in primarily the '40's and '50's. Their research and discussion, however, in some instances, dates all the way back to the beginning of the "talkies" of motion picture content,

and can extend in the other direction, into the early '70s. These (6) genres include the popular "B"-Western, The Comedy Teams, The Jungle Adventures, Sci-Fi & Fantasy, Horror and the Serial, or Chapter Plays, so popular with the weekend Matinee crowds back then. These film-types filled up our Saturday afternoons (and evenings) with exciting adventure, curious wonder, spine-tingling horror, and non-stop action. Often filmed on a shoe-string budget, and in a limited time-frame, many of these "classics" came to be looked upon by many fans as being so truly bad, that they were good, (in a bad sort of way) ! They are thus categorized, reviewed and discussed, for the most part, in a lovingly personal style, especially when compared to the film types we are subjected to in today's market. They had their place in film history, and that time is long since gone. But, for some of us, they have never been equaled, which, for others, may indeed be a good thing.
