Essai sur les lois criminelles des Romains concernant la responsabilité des magistrats

Washington : M.W. Dunne

Law, Magistracy, and Crime in Old Regime Paris, 1735-1789 is the first of two volumes centred around the two great courts of Paris, the Châtelet and Parlement, and their criminal defendants in the eighteenth century. Richard Andrews seeks to refute the 'black legend' of revolutionary propaganda and its modern historical successors, which hold that the Old Regime courts were cruel and arbitrary. These courts are shown rather to be thoroughly rule-bound and consisting of strict judicial procedure derived from royal statutes. Rule of and by the law is shown to be the most substantial legacy of the Old Regime. This volume places the courts of Old Regime Paris in the context of French society and the state. The practices and doctrines of punishment are examined, along with the jurisprudence of moral and criminal behaviour.

The Canada Gazette Cambridge University Press

Vols. 1-36, 1914-1949, 1999- issued in separate parts, called sections, e.g. Journal section, Federal Court section, Privy Council section, Allahabad section, Bombay section, etc.

Diodorus Siculus, Books 11-12.37.1

2007 — A Choice Magazine Outstanding Academic Book Sicilian historian Diodorus Siculus (ca. 100-30 BCE) is our only surviving source for a continuous narrative of Greek history from Xerxes' invasion to the Wars of the Successors following the death of Alexander the Great. Yet this important historian has been consistently denigrated as a mere copyist who slavishly reproduced the works of earlier historians without understanding what he was writing. By contrast, in this iconoclastic work Peter Green builds a convincing case for Diodorus' merits as a historian. Through a fresh English translation of a key portion of his multi-volume history (the so-called Bibliothekē, or "Library") and a commentary and notes that refute earlier assessments of Diodorus, Green offers a fairer, better balanced estimate of this much-maligned historian. The portion of Diodorus' history translated here

covers the period 480-431 BCE, from the Persian invasion of Greece to the outbreak of the Peloponnesian War. This half-century, known as the Pentekontaetia, was the Golden Age of Periclean Athens, a time of unprecedented achievement in drama, architecture, philosophy, historiography, and the visual arts. Green's accompanying notes and commentary revisit longstanding debates about historical inconsistencies in Diodorus' work and offer thought-provoking new interpretations and conclusions. In his masterful introductory essay, Green demolishes the traditional view of Diodorus and argues for a thorough critical reappraisal of this synthesizing historian, who attempted nothing less than a "universal history" that begins with the gods of mythology and continues down to the eve of Julius Caesar's Gallic campaigns.
