The Forests of Silence Delacorte Press

A meditation on escaping the chaos of modern life and rediscovering the luxury of solitude. Winner of the Prix Médicis for nonfiction, *The Consolations of the Forest* is a Thoreau-esque quest to find solace, taken to the extreme. No stranger to inhospitable places, Sylvain Tesson exiles himself to a wooden cabin on Siberia's Lake Baikal, a full day's hike from any "neighbor," with his thoughts, his books, a couple of dogs, and many bottles of vodka for company. Writing from February to July, he shares his deep appreciation for the harsh but beautiful land, the resilient men and women who populate it, and the bizarre and tragic history that has given Siberia an almost mythological place in the imagination. Rich with observation, introspection, and the good humor necessary to laugh at his own folly, Tesson's memoir is about the ultimate freedom of owning your own time. Only in the hands of a gifted storyteller can an experiment in isolation become an exceptional adventure accessible to all. By recording his impressions in the face of silence, his struggles in a hostile environment, his hopes, doubts, and moments of pure joy in communion with nature, Tesson makes a decidedly out-of-the-ordinary experience relatable. The awe and joy are contagious, and one comes away with the comforting knowledge that "as long as there is a cabin deep in the woods, nothing is completely lost." *The Dark Forest* Legare Street Press

In The Dark Forest, Earth is reeling from the revelation of a coming alien invasion-in just four centuries' time. Only the human mind remains a secret. This is the motivation for the Wallfacer Project, a daring plan that grants four men enormous resources to design secret strategies, hidden through deceit and misdirection from Earth and Trisolaris alike. Three of the Wallfacers are influential statesmen and scientists, but the fourth is a total unknown. Luo Ji, an unambitious Chinese astronomer and sociologist, is baffled by his new status. [Nature Is Never Silent](#) Farrar, Straus and Giroux (BYR)

A personal and cultural exploration of silence and its value in our lives—"[an] artful book, mixing autobiography, travel writing, meditation, and essay" (Independent, UK). In her late forties, after a noisy upbringing as one of six children and adulthood as a vocal feminist and mother, Sara Maitland found herself living alone in the country and, to her surprise, falling in love with silence. In this fascinating, intelligent, and beautifully written book, Maitland describes how she began to explore this new love, spending periods of silence in the Sinai desert, the Scottish hills, and a remote cottage on the Isle of Skye. Maitland also delves deep into the rich cultural history of silence, exploring its significance in fairy tale and myth, its importance to the Western and Eastern religious traditions, and its use in psychoanalysis and artistic expression. Her story culminates in her building a hermitage on an isolated moor in Galloway. "Her book is probably unique in its subject, and timely, because good, healing silence is becoming hard to find, and we may not know we need it" (Guardian, UK).

Originally appearing in the Dangerous Women anthology and now available as a solo ebook, *Shadows for Silence in the Forests of Hell* is a chilling novella of the Cosmere, the universe shared by Brandon Sanderson's Mistborn series and the #1 New York Times bestselling Stormlight Archive. When the familiar and seemingly safe turns lethal, therein danger lies. Amid a forest where the shades of the dead linger all around, every homesteader knows to follow the Simple Rules: "Don't kindle flame, don't shed the blood of another, don't run at night. These things draw shades." Silence Montane has broken all three rules on more than one occasion. And to protect her family from a murderous gang with high bounties on their heads, Silence will break every rule again, at the risk of becoming a shade herself.

The Consolations of the Forest Palala Press

Daughter of the Forest is a testimony to an incredible author's talent, a first novel and the beginning of a trilogy like no other: a mixture of history and fantasy, myth and magic, legend and love. Lord Colum of Sevenwaters is blessed with six sons: Liam, a natural leader; Diarmid, with his passion for adventure; twins Cormack and Conor, each with a different calling; rebellious Finbar, grown old before his time by his gift of the Sight; and the young, compassionate Padriac. But it is Sorch, the seventh child and only daughter, who alone is destined to defend her family and protect her land from the Britons and the clan known as Northwoods. For her father has been bewitched, and her brothers bound by a spell that only Sorch can lift. To reclaim the lives of her brothers, Sorch leaves the only safe place she has ever known, and embarks on a journey filled with pain, loss, and terror. When she is kidnapped by enemy forces and taken to a foreign land, it seems that there will be no way for her to break the spell that condemns all that she loves. But magic knows no boundaries, and Sorch will have to choose between the life she has always known and a love that comes only once. Juliet Marillier is a rare talent, a writer who can imbue her characters and her story with such warmth, such heart, that no reader can come away from her work untouched.
