Concise Encyclopedia of Islam London,
Sidgwick and Jackson, Limited
The 1660s were a time of continual
warfare in Europe. Early in the decade the
Ottoman Empire posed a grave threat to
the West, and later competing national
interests led the French, the English, and
the Dutch to become embroiled in military
conflict. As people sought to keep abreast
of current events, broadsheets constituted

one of the most important sources of
news. Reproduced in this volume are 450
sheets drawn from over 80 collections in
15 countries for the period from 1662 to
1670. The majority of this material is
extremely rare, and very few of the sheets
have been reproduced since the original
printing in the seventeenth century. The
entire edition, which now comprises 9
volumes and includes more than 3000
half-tone reproductions of broadsheets
dating from 1600 to 1670, is unparalleled
in its breadth and depth. It is a valuable
primary resource for scholars in many
fields who have an interest in Germany
and/or European politics in

Modern biblical scholarship interprets the Song as a collection of love lyrics. For Edmée Kingsmill, on the contrary, the essence of the Song is mystical. A principal concern of this study, however, is to uncover the relationship between the 117 verses of the Song and those biblical books to which they point. Beneath the metaphors a network of allusions is being woven, conveying a picture opposite to that we find in the prophets who, confronted with the continual 'adultery' of Israel, poured forth their condemnations with unwearying passion. In dramatic contrast, the Song presents a paradisaical picture: 'For, lo, the winter is past, the rain is over and gone. The flowers appear in the land, and the time of singing is come' (Song 2: 11-12). Thus, in presenting the ideal, the intention of the Song's author is

shown to be encouragement. The inclusion of this poem in the biblical canon is understood, therefore, to be central to the purpose of the biblical literature: to bring all people to love the God of love. The book is in two parts. The first and longer part is concerned with themes, including the relationship of the Song to the early Jewish mystical literature. The second part is a short commentary intended for the reader interested in the text as much as in the related questions to which the text gives rise.

Commentaire Litteral Sur Tous Les Livres De L'Ancien Et Du Nouveau Testament
Harrassowitz

What does it mean to "fit in?" In this volume of essays, editors Günther Schlee and Alexander Horstmann demystify the discourse on identity, challenging common assumptions about the role of sameness and difference as the basis for inclusion and exclusion. Armed with intimate knowledge of local systems, social relationships, and the negotiation of people's positions in the everyday politics, these essays tease out the ways in which ethnicity, religion and nationalism are used for social integration.

This work presents the only comprehensive collection of this fascinating material. Whereas earlier attempts by others have been limited either to individual broadsheet collections or to selected topics, this 11-volume collection reproduces all known extant German political broadsheets of the 17th century along with their numerous variant editions. In all, over 3000 broadsheets are reproduced in full-page size, and for each one all known copies are cited. Two decade's work has been needed to draw this material from over 180 libraries, museums, archives, and private collections in seventeen countries. At least 80% of the broadsheets reproduced in these volumes have never appeared in print since the 17th century. Many of them are extremely rare; over 30% are extant in

only one or two copies.

The Concise Encyclopedia of Islam is a mandatory reference tool that will prove to be indispensable for students of all subjects which concern, or touch on, the religion and law of Islam. It includes all the articles contained in the first edition and supplement of the Encyclopedia of Islam which are particularly related to the religion and law of Islam. This volume has a vast geographical and historical scope which includes the old Arabo-Islamic Empire, the Islamic states of Iran, Central Asia, the Indian sub-continent and Indonesia, the Ottoman Empire and the various Muslim states and communities in Africa, Europe, and the former U.S.S.R. The Concise Encyclopedia of Islam

contains an extensive index and bibliography. This publication has also been published in hardback, please click here for details.

The Roman de Rou University of Chicago Press

The first historical heroic epic authored by a woman, Scanderbeide recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, Scanderbeide combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects of political

conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, Scanderbeide reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.
