Lions 324A6 District Directory (2014-15) Dorrance Publishing
The first major account of the life of an extraordinary soldier and statesman, King Hussein of Jordan. Throughout his long reign (1953—1999), Hussein remained a dominant figure in Middle Eastern politics and a consistent proponent of peace with Israel. For over forty years he walked a tightrope between Palestinians and Arab radicals on the one hand and Israel on the other. Avi Shlaim reveals that Hussein initiated a secret dialogue with Israel in 1963 and spent hundreds of hours in talks with countless Israeli officials. Shlaim expertly reconstructs this dialogue from previously untapped records and first-hand accounts, significantly rewriting the history of the Middle East over the past fifty years and shedding light on the far-reaching impact of Hussein's leadership.

Further illumination comes from the insights of those contributors who had worked with the former Deputy Prime Minister and knew him personally. For a half-century that witnessed key turning points and phases of development in Singapore's transformation from colonial port city to independent global city, Dr. Goh played a leading role in the crafting and conduct of public policy, as with the creation of public institutions, which made the difference between survival and success. But for his early death, many Frenchmen believe Leclerc would have been their greatest figure to emerge from World War II. De Gaulle himself admitted to his son-in-law that he gave up smoking when Leclerc died, in order to retain his health in case France needed him, because Leclerc was no longer there. From the fall of France until 1943, Leclerc dovetailed his operations with the British effort in North Africa, establishing himself as a dynamic combat leader in the battles against Rommel. But once the conflict shifted to European soil he became even more prominent as the commander of the 2nd French Armored Division (the famous 2e DB). For the next two years he was under the operational control of either Patton's Third Army, as in the Normandy breakout, Hodges' First Army, at the Westwall, or Patch's Seventh Army in the south. His career not only includes the liberation of Paris, for which he is most famous, but the retaking of Strasbourg and the reduction of the Colmar Pocket. Helping to spearhead the advance into Germany itself, Leclerc's armor comprised a rock upon which American units could rely, and its waving the tricolor during the Allied counter-invasion went far toward retrieving French prestige in the war. By the German surrender in May 1945, Leclerc is one of very few Frenchmen of whom it can be said that he never stopped fighting to regain France's freedom, from the debacle of 1940 right through to the end. After VE-Day Leclerc was dispatched to reassert French authority in Indo-China, an uphill task given the atrophy suffered by the French colonial government due to its isolation from its homeland and local Japanese superiority. While being partly successful in the south and Cambodia, Leclerc soon discovered that the Viet Minh were harder to dislodge in the North, and that Ho Chi Minh was more than a match for frequently changing postwar French governments. Recognizing that France had neither the means nor the will to recover control, Leclerc advised his government to "negotiate at all costs." This didn't happen, leading to Dien Bien Phu eight years later and thence to US involvement. Surprisingly, Leclerc has never yet been the subject of a thorough biography in English. Nevertheless many Americans and Englishmen will inevitably have noticed the plethora of monuments to Leclerc in any moderately sized French town. With a fast-paced narrative covering combat at all levels of command and a foreword by Martin Windrow, author of *The Last Valley: Dien Bien Phu and the French Defeat in Vietnam*, Free France's Lion will make fascinating reading for any serious student of the full scope of World War II.

What is a Nittany Lion? The most frequently asked question about Penn State University is answered definitively for the first time in this beautifully illustrated book. Penn State librarians Jackie Esposito and Steven Herb have devoted hundreds of hours of research to uncover the fascinating and colorful history behind the beloved Penn State icon. Elements of the tale include the tragic legend of Indian Princess Nita-nee, for whom the majestic mountain in Central Pennsylvania is named; the story of the Original Nittany Lion, the elusive mountain lion that once roamed the hills of Pennsylvania; the 1904 Penn State baseball game at Princeton University, where the idea of a school mascot was born; the creation of the famous limestone Nittany Lion Shrine on Penn State's University Park campus; and the "Men in the Suit," the many Penn State students who have played the role of the Nittany Lion Mascot. This tale is also the story of many important figures in Penn State and Pennsylvania history, including folklorist Henry Shoemaker, baseball player and student leader H. D. "Joe" Mason, sculptor Heinz Warneke, famous mascot Norm Constantine, and football coaching legends "Rip" Engle and Joe Paterno. Sure to be of interest to Penn State's 340,000 living alumni and the countless numbers of Nittany Lion fans all over

the world, this book will also appeal to folklorists and Pennsylvania historians.

From humble Glasgow beginnings, Colin Campbell rose to become Scotland's finest general and a favourite of Queen Victoria. In his fifty-year career he fought through the Peninsula, the Crimea, China and India, and still found time to contain a slave revolt, a Chartist revolution and Ireland's Tithe War. Through a combination of personal courage, compassionate leadership and genius for military strategy he became an idol for the men who served under him. This undisputed hero, whose memory has grown faint beside celebrated warriors of the Victorian age, was a soldier ahead of his time - the first working-class field marshal, with strong humanitarian leanings and an instinct for harnessing the power of the press. In the first major biography of Campbell since 1880 his career is radically reinterpreted and the life of this very private man is revealed. Victoria's Scottish Lion was shortlisted for The Society for Army Historical Research's 2015 Templar Prize.

"A brilliant look into the psyche of combat. Where he once took us into the Spartan line of battle at Thermopylae, Steven Pressfield now takes us into the sands of the Sinai, the alleys of Old Jerusalem, and into the hearts and souls of soldiers winning a spectacularly improbable victory against daunting odds."

—General Stanley McChrystal, U.S. Army, ret.; author of *My Share of the Task* June 5, 1967. The nineteen-year-old state of Israel is surrounded by enemies who want nothing less than her utter extinction. The Soviet-equipped Egyptian Army has massed a thousand tanks on the nation's southern border. Syrian heavy guns are shelling her from the north. To the east, Jordan and Iraq are moving mechanized brigades and fighter squadrons into position to attack. Egypt's President Nasser has declared that the Arab force's objective is "the destruction of Israel." The rest of the world turns a blind eye to the new nation's desperate peril. June 10, 1967. The Arab armies have been routed, ground divisions wiped out, air forces totally destroyed. Israel's citizen-soldiers have seized the Gaza Strip and the Sinai Peninsula from Egypt, the Golan Heights from Syria, East Jerusalem and the West Bank from Jordan. The land under Israeli control has tripled. Her charismatic defense minister, Moshe Dayan, has entered the Lion's Gate of the Old City of Jerusalem to stand with the paratroopers who have liberated Judaism's holiest site—the Western Wall, part of the ruins of Solomon's temple, which has not been in Jewish hands for nineteen hundred years. It is one of the most unlikely and astonishing military victories in history. Drawing on hundreds of hours of interviews with veterans of the war—fighter and helicopter pilots, tank commanders and Recon soldiers, paratroopers, as well as women soldiers, wives, and others—bestselling author Steven Pressfield tells the story of the Six Day War as you've never experienced it before: in the voices of the young men and women who battled not only for their lives but for the survival of a Jewish state, and for the dreams of their ancestors. By turns inspiring, thrilling, and heartbreaking, *The Lion's Gate* is both a true tale of military courage under fire and a journey into the heart of what it means to fight for one's people.

Goh Keng Swee Signpost Celfon.In Technology

Dr. Goh Keng Swee's extensive career as a public servant was dynamic as well as distinguished, in many ways decisively instrumental in the making of the Republic of Singapore. This distinctive collection of essays attempts an assessment of the long-term influence and significance of Dr. Goh's major contributions. Envisaged as a companion volume to *Goh Keng Swee: A Public Career Remembered*, this volume brings together an exceptional team of Singaporean scholars whose interdisciplinary expertise and cross-generational perspectives offer a balanced analysis and nuanced appraisal of Dr. Goh's lifetime of public service. The book's contributors argue that Dr.

Goh's past endeavours bequeathed an enduring legacy, meriting fresh examination and careful evaluation in order to appreciate the heroic scale of such achievement. Particularly instructive are the examples of Dr. Goh's thinking patriotism, fiscal prudence, strategic pragmatism, and creative imagination at work — technocracy at its finest — which could be of immediate, practical benefit to a wider 'nation of technocrats'. Further illumination comes from the insights of those contributors who had worked with the former Deputy Prime Minister and knew him personally. For a half-century that witnessed key turning points and phases of development in Singapore's transformation from colonial port city to independent global city, Dr. Goh played a leading role in the crafting and conduct of public policy, as with the creation of public institutions, which made the difference between survival and success. The organization of this volume reflects both a thematic approach and a chronological arrangement of material, the focus and the order of chapters corresponding to the historical sequence of public offices that Dr. Goh held: social welfare; political and constitutional evolution; development economics and finance; the armed forces and defence industry; the education system, from schools through higher education to the research institutes; Chinese studies, from Confucianism to 'China watching'; and cultural development, with special emphasis on the creation of the Singapore Symphony Orchestra. Goh Keng Swee: A Legacy of Public Service will be read by present and future generations of public servants, by Singaporeans in general, and by all students and laypersons with an interest in the modern history of Singapore — social, economic, political, military, and cultural — to which a characteristically simple and frugal Dr. Goh contributed both decisively and unreservedly. Contents: Introduction — Goh Keng Swee: Heroic Public Servant and History-Maker of Modern Singapore (Emrys Chew) Goh Keng Swee in a Social Welfare History of Singapore (Ho Chi Tim) Goh Keng Swee in Politics and Parliament (Kevin Y L Tan) Goh Keng Swee, the Development Economist (Lee Soo Ann) Goh Keng Swee and Finance (Linda Low) Goh Keng Swee and the Emergence of a Modern SAF: The Rearing of a Poisonous Shrimp (Bernard Fook Weng Loo) Goh Keng Swee and Singapore's Defence Industrial Policy (Adrian Wee Jin Kuah) Goh Keng Swee and the Singapore Education System (Alistair Chew) Goh Keng Swee's Contributions to Higher

Education, Military Studies, and the Research Institutes (Ernest Chew) Goh Keng Swee and Chinese Studies in Singapore: From Confucianism to 'China Watching' (John Wong) Goh Keng Swee's Cultural Contributions and the Making of the Singapore Symphony Orchestra (Bernard T G Tan) Concluding Reflections: Goh Keng Swee as a 'Great Man' (Kwa Chong Guan) Readership: Researchers, academics, undergraduates and graduates, in addition to professionals and the general public interested in politics, history, and Singapore's founding fathers. Keywords: Goh Keng Swee; Singapore; Singapore Story; History; Founding Father; Old Guard; People's Action Party (PAP); Nation; Nation-Building; Civil Service; Public Service; Policy; Policy-Making; Politics; Political Economy; Government; Governance; Globalization; Economic Development; Strategy; Singapore Armed Forces; Defence; National Service; Industry; Jurong Industrial Estate; Education; Meritocracy; Streaming; Confucianism; Research Institute; Jurong Bird Park; Singapore Zoo; Singapore Symphony Orchestra Key Features: Dr. Goh's colonial civil service record, with salary details, made public for the first time Analytical commentaries on Dr. Goh with regard to a 'social welfare Singapore', the establishment of the Singapore Symphony Orchestra, military studies and 'China watching', among others Offers the only comprehensive 'panoptic' survey that attempts coverage of the entirety of Dr. Goh's epic career, spanning five eventful decades of public service, from his employment in a colonial civil service through the fight for national independence to nation-building and beyond Provides a significant reframing of the 'Singapore Story' — including a redefinition of its protagonists — by addressing the academic discourse on founding fathers and national heroes: who is worthy of such honour, and why do they deserve to be remembered or celebrated? Presents a study of connections between the evolution of Dr. Goh's 'official mind' and the outworking of decision-making processes impacting upon specific areas of Singaporean society, in which the broad range of career experiences and examples elucidated in this volume could serve a didactic purpose, furnishing practical lessons for the edification of present and future generations of public servants Lions 321A1 District Directory World Scientific Thanks a Lot, Murphy! Orwell's Faded Lion traces the history of Britain from the end of the Second World War, during the darkest days of which George Orwell wrote *The Lion and the Unicorn*, calling for a British revolution, to the present. The book confronts the actual direction taken by British society against the background of the high hopes of the generation that survived the war. The book also considers Britain alongside its European neighbours, drawing upon personal experiences of living and travelling widely in Europe, as well as experience of left-wing party politics and of the Northern Ireland situation in the 1980s.

The 77 essays in this book have been written by a man who has lived 84 years and an old cat that has shared his painting studio for a long time. There are no earth shaking events in them. Also, there are no murders, abusive husbands or wives, drunken drivers, blood spatters, cutup body parts, galloping horses, town tamers, or crooked sheriffs. Rather, they are descriptions of small segments of daily happenings. They are about living and loving and good relationships with all kinds of people. And about buying groceries, riding buses, walking in deep snow, military service, teaching students, sports, walking the road, making paintings, and the joy of putting words together to form thoughts. Above all, it is a book for a quiet evening of thoughtful reading.
