### **An Intimate Affair**

Springer

Emma Heaney's *The New Woman: Literary Modernism, Queer Theory, and the Trans Feminine Allegory* traces the evolution of the "trans feminine" as an allegorical figure from its origins in the late nineteenth century to contemporary Queer Theory.

*Sissy Feminization - From Alpha Male to Feminized Sissy - 5 Book Bundle - Volume 13* SAGE

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was

organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that

aggressiveness, violence and force are an acceptable means of expression.

[Cats Can Fetch](#) Purdue University Press

Our lives are full of small tensions, our closest relationships full of struggle: between woman and man, artist and customer, purist and commercialist, professional and client—and between the dominant and the submissive. In *Dominatrix*, Danielle Lindemann draws on extensive fieldwork and interviews with professional dominatrices in New York City and San Francisco to offer a sophisticated portrait of these unusual professionals, their work, and their clients. Prior research on sex work has

focused primarily on prostitutes and most studies of BDSM absorb pro-domme/client relationships without exploring what makes them unique. Lindemann satisfies our curiosity about these paid encounters, shining a light on one of the most secretive and least understood of personal relationships and unthreading a heretofore unexamined patch of our social tapestry. Upending the idea that these erotic laborers engage in simple exchanges and revealing the therapeutic and analytic nature of their work, Lindemann makes a major contribution to cultural studies, anthropology, and queer studies with her analysis of how gender, power, sexuality, and hierarchy shape all of our social experiences.

### **Forced Feminization**

Univ of Massachusetts Press

This short book is partly an attack on the apparent abdication of any systematic political thought on the part of today's positive, up-beat feminists. It suggests alternative ways of thinking about transformations in work, sexuality and culture that, while seemingly far-

fetched in the current ideological climate, may provide more serious material for future feminism.

### Thirty-five Castration Fantasies FurPlanet Productions

Drawing on 15 months of ethnographic research in one of the most under-developed regions in the Caribbean island of Trinidad, this book describes the uses and consequences of social media for its residents. Jolynna Sinanan argues that this semi-urban town is a place in-between: somewhere city dwellers look down on and villagers look up to. The complex identity of the town is expressed through uses of social media, with significant results for understanding social media more generally. Not elevating oneself above others is one of the core values of the town, and social media becomes a tool for social visibility; that is, the process of how social norms come to be and how they are negotiated. Carnival logic and high-impact visuality is pervasive in uses of social media, even if Carnival is not embraced by all Trinidadians in the town and results in presenting oneself and association with different

groups in varying ways. The study also has surprising results in how residents are explicitly non-activist and align themselves with everyday values of maintaining good relationships in a small town, rather than espousing more worldly or cosmopolitan values.

### The New Woman Psychology Press

In this innovative celebration of diversity and affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science—and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. Evolution's Rainbow explains how this diversity develops from the action of genes and hormones and how people come to differ from each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and

transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that emphasizes social inclusion and control of access to resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Christian religion to acknowledge the Bible's many passages endorsing diversity in gender and sexuality. Evolution's Rainbow concludes with bold recommendations for

improving education in biology, psychology, and medicine; for democratizing genetic engineering and medical practice; and for building a public monument to affirm diversity as one of our nation's defining principles.

Fashioning Jews Cornell University Press

This unique and fascinating book, meticulously and systematically develops a theory of male femaling which has major ramifications for both the field of 'transvestism' and 'transsexualism' and for the analysis of sex and gender more generally.

THE NATIONAL

BESTSELLER

"Transformative ... If Tobia aspires to the ranks of comic memoirists like David Sedaris and Mindy Kaling, Sissy succeeds." -- The New York Times Book Review (A Paperback Row Pick) A heart-wrenching, eye-opening, and giggle-inducing memoir about what it's like to grow up not sure if you're (a) a boy, (b) a girl, (c) something in between, or (d) all of the above. "A beautiful book . . . honest and funny."--Trevor Noah,

The Daily Show

"Sensational."--Tyler Oakley "Jacob Tobia is a force." --Good Morning America "A trans Nora Ephron . . . both honest and didactic." --OUT Magazine "A rallying cry for anyone who's ever felt like they don't belong." -- Woman's Day As a young child in North Carolina, Jacob Tobia wasn't the wrong gender, they just had too much of the stuff. Barbies? Yes. Playing with bugs? Absolutely. Getting muddy? Please. Princess dresses? You betcha. Jacob wanted it all, but because they were "a boy," they were told they could only have the masculine half. Acting feminine labelled them "a sissy" and brought social isolation. It took Jacob years to discover that being "a sissy" isn't something to be ashamed of. It's a source of pride. Following Jacob through bullying and beauty contests, from Duke University to the United Nations to the podiums of the Methodist church--not to mention the parlors of the White House--this unforgettable memoir contains multitudes. A deeply personal story of trauma and healing, a powerful reflection on gender and self-acceptance, and a

hilarious guidebook for wearing tacky clip-on earrings in today's world, Sissy guarantees you'll never think about gender--both other people's and your own--the same way again.

Maternal Child Nursing Care The History Press

This 16,850 word story is the surprising conclusion to Jacqueline Reed PhD's story. It starts where 'Orgasm Denial : A Study in Chastity' left off, with her intending try forced feminization turning Simon into Simone to further her selfishly enjoyable experiments into domination, submission, forced femme, BDSM, chastity, orgasm denial and sexuality. However after a brutal judicial caning leaves one of her subjects unable to sit down, suspicions are raised. Her career under threat, her secret life of domination and slave owning about to be exposed, there is only place Jacqueline can hide, only one person she can turn to, the dominant Mistress who has asked her to submit fully, and to her, to become her property, her sex slave, the dominant Mistress Mariella Jane Hall...\*Warning this 16,850 word novella contains depictions of

severe, judicial caning, corporal punishment, forced femme, genital piercing, branding and slavery and various fetish elements. It is NOT for the prudish or those offended by these topics! - Over 18's only please!\*

Gender Routledge

Institutionalizing Gender analyzes the relationship between class, gender, and psychiatry in France from 1789 to 1900, an era noteworthy for the creation of the psychiatric profession, the development of a national asylum system, and the spread of bourgeois gender values. Asylum doctors in nineteenth-century France promoted the notion that manliness was synonymous with rationality, using this "fact" to pathologize non-normative behaviors and confine people who did not embody mainstream gender expectations to asylums. And yet, this gendering of rationality also had the power to upset prevailing dynamics between men and women. Jessie Hewitt argues that the ways that doctors used dominant gender values to find "cures" for madness inadvertently undermined both medical and masculine power—in large part because the performance of gender, as

a pathway to health, had to be taught; it was not inherent. Institutionalizing Gender examines a series of controversies and clinical contexts where doctors' ideas about gender and class simultaneously legitimated authority and revealed unexpected opportunities for resistance. Thanks to generous funding from the Andrew W. Mellon Foundation, through The Sustainable History Monograph Pilot, the ebook editions of this book are available as Open Access volumes from Cornell Open ([cornellpress.cornell.edu/cornell-open](http://cornellpress.cornell.edu/cornell-open)) and other repositories.

Dominatrix Mosby

Shoes, gloves, umbrellas, cigars that are not just objects—the topic of fetishism seems both bizarre and inevitable. In this venturesome and provocative book, Emily Apter offers a fresh account of the complex relationship between representation and sexual obsession in turn-of-the-century French culture. Analyzing works by authors in the naturalist and realist traditions as well as making use of documents from a contemporary medical archive, she considers

fetishism as a cultural artifact and as a subgenre of realist fiction. Apter traces the web of connections among fin-de-siècle representations of perversion, the fiction of pathology, and the literary case history. She explores in particular the theme of "female fetishism" in the context of the feminine culture of mourning, collecting, and dressing.

### **COMIC STRIPS & CONSUMER CULT PB**

Createspace Independent Publishing Platform  
Is gender something done to us by society, or something we do? What is the relationship between gender and other inequalities? What is Gender? explores these complex and important questions, helping readers to critically analyse how women's and men's lives are shaped by the society in which they live. The book offers a comprehensive account of trends in sociological thinking, from a material and economic focus on gender inequalities to the debates about meaning initiated by the linguistic or cultural turn. The book begins by questioning simplistic biological conceptions of gender and goes on to evaluate different theoretical

frameworks for explaining gender, as well as political approaches to gender issues. The cultural turn is also examined in relation to thinking about how gender is related to other forms of inequality such as class and 'race'. The book is up-to-date and broad in its scope, drawing on a range of disciplines, such as: sociology, psychoanalysis, masculinity studies, literary criticism, feminist political theory, feminist philosophy and feminist theory.

### **Cemetery of the Murdered Daughters**

Routledge  
Scott was often punished by sisters when he was younger, and always knew that there was something he liked about it. When he became older he met a girl that treated him similarly to the way his sisters did when he was younger, but in other ways far, far worse.

### **Institutionalizing Gender**

John Hunt Publishing  
In *Portrait of a Young Painter*, the distinguished historian Mary Kay Vaughan adopts a biographical approach to understanding the culture surrounding the Mexico City youth rebellion of the 1960s. Her chronicle of the life of painter Pepe

Zúñiga counters a literature that portrays post-1940 Mexican history as a series of uprisings against state repression, injustice, and social neglect that culminated in the student protests of 1968. Rendering Zúñiga's coming of age on the margins of formal politics, Vaughan depicts midcentury Mexico City as a culture of growing prosperity, state largesse, and a vibrant, transnationally-informed public life that produced a multifaceted youth movement brimming with creativity and criticism of convention. In an analysis encompassing the mass media, schools, politics, family, sexuality, neighborhoods, and friendships, she subtly invokes theories of discourse, phenomenology, and affect to examine the formation of Zúñiga's persona in the decades leading up to 1968. By discussing the influences that shaped his worldview, she historicizes the process of subject formation and shows how doing so offers new perspectives on the events of 1968. [The Man in the Red Velvet Dress](#) Simon and Schuster  
Up-to-date information, substantial amount of

material on clinical Forensic Medicine included in a nutshell. Medical Jurisprudence, Identification, Autopsy, Injuries, Sexual Offences, Forensic Psychiatry and Toxicology are dealt with elaborately.

### **Male Femaling**

University of Chicago Press  
 Gender Reversals and Gender Cultures is a collection of specially commissioned essays taking a cross cultural and cross historical perspective on the subject. The book documents the universality of gender reversals, with chapters ranging from early Christianity up to the present. It examines how gender reversals are bound up with taboo, and how this underlies various religious and ritual activities. Gender Reversals and Gender Cultures also shows how attitudes to gender-reversal can reveal much about a particular culture. Anne Bolin, Elon College, Judith Ochshorn, University of South Florida, Karen Torjesen, Claremont Graduate School, California, Julia Welch, Winfried Schleiner,

Unive  
Feminization of a Sissy  
 Penguin  
 Images of teenage girls in poodle skirts dominated American popular culture on the 1950's. But as Kelly Schrum shows, teenage girls were swooning over pop idols and using their allowances to buy the latest fashions well beforehand. After World War I, a teenage identity arose in the US, as well as a consumer culture geared toward it. From fashion and beauty to music and movies, high school girls both consumed and influenced what manufacturers, marketers, and retailers offered to them. Examining both national trends and individual lives, Schrum looks at the relationship between the power of consumer culture and the ability of girls to selectively accept, reject, and appropriate consumer goods. Lavishly illustrated with images from advertisements, catalogs, and high school year books, *Some Wore Bobby Sox* is a unique and fascinating cultural history of teenage girl culture in the middle of the century.  
Neither Man Nor Woman  
 Cambridge University

Press  
 This ethnography is a cultural study of the Hijras of India, a religious community of men who dress and act like women. It focuses on how Hijras can be used in the study of gender categories and human sexual variation.  
*Social Media in Trinidad*  
 Cornell University Press  
 The chastity belt is one of those objects people have commonly identified with the 'dark' Middle Ages. This book analyzes the origin of this myth and demonstrates how a convenient misconception, or contorted imagination, of an allegedly historical practice has led to profoundly flawed interpretations of control mechanisms used by jealous husbands.  
*Review of Forensic Medicine and Toxicology*  
 One World  
 "A moving and unforgettable memoir of a transgender pastor's journey from despair to joy as she transitioned from male to female and learned about gender inequity, at home and in the workplace-perfect for fans of Redefining Realness and There Is Room for You"--
