*Face2face Pre-intermediate Workbook with Key* Longman  
This volume is designed for the students who can

speak English quite fluently at elementary level, would like to improve their speaking skills and transit into intermediate level. The book is aimed at the development of the learner's fluency in speech through fluency practice drills. The volume contains 40 dialogues and 80 fluency practice stories. Each dialogue is followed by two stories which are summaries or free interpretations of the conversation narrated by the participants of the dialogue. The material of

the volume includes more complex grammar like Past Tenses, Reported Speech, Passive Voice, Conditional Sentences and other complicated structures. The series is based on the Speech Plasma Method. The Speech Plasma Method uses special Speech Fluency Drills to generate a super active area, "speech plasma" thus producing all the necessary conditions for spontaneous, automatic speech. Once created in your mind, speech plasma acts as a stimulator for

further language learning. The bigger and stronger your speech plasma grows, the more fluently you speak, the easier it is to absorb new words and grammar rules, the faster you read, and the better you understand oral texts. *Vocabulary CreateSpace* Part of a series of books, which show learners what they get wrong and how to put it right.
