Christmas stories. Pictures from Italy and American notes Thomas Nelson New York Times Bestseller Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian's home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump's in the United States; Conran and Liberty in the UK; and Astier de Villatte in Paris.

It all started with his now-iconic collectible plates decoupage with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between

commerce and art, and that is destined to become the gift book of the season.

Union Agriculturist and Western Prairie Farmer innovativekids Flight attendant Taylor Tippett had just finished beverage service and was sitting in the back of a Boeing 737 when she had a revelation: How can I show kindness to these passengers if I can't show it to myself? She grabbed a tiny notepad and a Sharpie and wrote a simple message that would change her life: "Be kind to yourself." Before she had time to think about it, Taylor taped the note to a window, posted a picture, and then left the slip of paper in a seat-back pocket for someone on the next flight to find. What started as a personal project to encourage herself and others soon became a viral sensation. In *Words from the Window Seat*, Taylor shares stories of

her travels, daily life, and interactions with people of all kinds, anchoring each chapter around a note she's left for a stranger to find. As she takes you from Chicago to Paris to Barcelona on planes, trains, and even a skateboard, you'll: Learn how to embody love through little acts of kindness Discover the small moments of magic in the everyday Find ways to embrace your authentic self With charm, inspiration, and plenty of whimsy, Taylor reminds us that even in a weary world, it's possible to celebrate the beauty in each person's unique story--and make an impact that goes deeper than you'll ever know. Praise for *Words from the Window Seat*: "These pages will empower you to explore the many opportunities we have each day to encounter light and share love with others while traveling. Whether traveling by air or traveling through life. This book is an encouragement to be present in the everyday, no matter what comes your way." --Morgan Harper Nichols, bestselling author of *All Along You Were Blooming* [Dictionary of Painters and Engravers, Biographical](#)

JOURNAL OF HORTICULTURE, COTTAGE GARDENER

Oxbow Books This book explores the role of material culture in the formation of corporeal aesthetics and beauty ideals in different past societies and thus contributes to the cultural

relativization of bodily aesthetics and related gender norms. The volume does not explore beauty for the sake of beauty, but extensively explores how it serves to form and keep gender norms in place. The concept of beauty has been a topic of interest for some time, yet it is only in recent times that archaeologists have begun to approach beauty as a culturally contingent and socially constructed phenomenon. Although archaeologists and ancient historians extensively dealt with gender, they dealt less with it in relation to beauty. The contributions in this volume deal with different intersections of gender and corporeal aesthetics by turning to rich archaeological, textual and iconographic data from ancient Sumer, Aegean Bronze Age, ancient Egypt, ancient Athens, Roman provinces, the Viking world and the Qajar Iran. Beauty thus moves away from a curiosity and surface of the body to an analytic concept for a better understanding of past and present societies.
