*Be Your Own Makeup Artist* Basic Books  
The must-have resource for media selling in today's technology-driven environment  
The revised and updated fifth edition of *Media Selling* is an essential guide to our technology-driven, programmatic, micro-targeted, mobile, multi-channel media ecosystem. Today, digital advertising has surpassed television as the number-one ad investment platform, and Google and Facebook dominate the digital advertising marketplace. The authors highlight the new sales processes and approaches that will give media salespeople a leg up on the

competition in our post-Internet media era. The book explores the automated programmatic buying and selling of digital ad inventory that is disrupting both media buyers and media salespeople. In addition to information on disruptive technologies in media sales, the book explores sales ethics, communication theory and listening, emotional intelligence, creating value, the principles of persuasion, sales stage management guides, and sample in-person, phone, and email sales scripts. *Media Selling* offers media sellers a customer-first and problem-solving sales approach. The updated fifth edition: Contains insight from digital experts into how 82.5% of digital ad inventory is bought and sold programmatically Reveals

how to conduct research on Google Analytics Identifies how media salespeople can offer cross-platform and multi-channel solutions to prospects' advertising and marketing challenge Includes insights into selling and distribution of podcasts Includes links to downloadable case studies, presentations, and planners on the *Media Selling* website Includes an extensive Glossary of Digital Advertising terms Written for students in communications, radio-TV, and mass communication, *Media Selling* is the classic work in the field. The updated edition provides an indispensable tool for learning, training, and mastering sales techniques for digital media.

Allan Rossman's 4th Edition of *Workshop Statistics: Discovery with Data* is enhanced from previous issues with more focus and emphasis on collaborative

learning. It further requires student observation, and integrates technology for gathering, recording, and synthesizing data. The text offers more flexibility in selecting technology tools for classrooms primarily using technologies other than graphing calculators or Fathom Dynamic Data software. Furthermore, it presents more standards for teaching statistics in an innovative, investigative, and accessible as well as provides in-depth guidance and resources to support active learning of statistics and includes updated real data sets with everyday applications in order to promote statistical literacy.

Midnight basketball may not have been invented in Chicago, but the City of Big Shoulders—home of Michael Jordan and the Bulls—is where it first came to national prominence. And it's also where Douglas Hartmann first began to think seriously about the audacious notion that organizing young men to run around in the wee hours of the night—all trying to throw a leather ball through a metal hoop—could constitute meaningful social policy. Organized in the 1980s and '90s by dozens of American cities, late-night basketball leagues were designed for social intervention, risk reduction, and

crime prevention targeted at African American youth and young men. In *Midnight Basketball*, Hartmann traces the history of the program and the policy transformations of the period, while exploring the racial ideologies, cultural tensions, and institutional realities that shaped the entire field of sports-based social policy. Drawing on extensive fieldwork, the book also brings to life the actual, on-the-ground practices of midnight basketball programs and the young men that the programs intended to serve. In the process, *Midnight Basketball* offers a more grounded and nuanced understanding of the intricate ways sports, race, and risk intersect and interact in urban America.

After thirty-six years as book-editor in New York, Robin retires and moves back to her girlhood home in Oberlin, Ohio. She takes with her copies of items she had kept in a special file. The items had come not from literary agents but directly from writers, reflecting their quirky, original, creative, passionate, ironic, even bizarre voices. All the items enlighten and entertain. A Hall of Fame for Unknown Writers is Robin's story as she reproduces the comic items and nominates them for induction into America's first (and only) hall of fame for unknown writers, where the motto reads:

"We're in Kansas forevermore." "For thirty-six years, I was an editor at a family-owned (now part of a bulky conglomerate) book-publishing house in New York. In retirement, I thought it might be enjoyable to write not the Great American Novel (my authors are trying to do that) but the Fun American Novel. Over the years, I had accumulated all sorts of material that I could weave into the novel: material that came to me directly from the country's most unforgettable unknown writers and professors." -Robin
