Racial Castration, the first book to bring together the fields of Asian American studies and psychoanalytic theory, explores the role of sexuality in racial formation and the place of race in sexual identity. David L. Eng examines images—literary, visual, and filmic—that configure past as well as contemporary perceptions of Asian American men as emasculated, homosexualized, or queer. Eng juxtaposes theoretical discussions of Freud, Lacan, and Fanon with critical readings of works by Frank Chin, Maxine Hong Kingston, Lonny Kaneko, David Henry Hwang, Louie Chu, David Wong Louie, Ang Lee, and R. Zamora Linmark. While situating these literary and cultural productions in relation to both psychoanalytic theory and historical events of particular significance for Asian Americans, Eng presents a sustained analysis of dreamwork and photography, the mirror stage and the primal scene, and fetishism and hysteria. In the process, he offers startlingly new interpretations of Asian American masculinity in its connections to immigration exclusion, the building of the transcontinental railroad, the wartime internment of Japanese Americans, multiculturalism, and the model minority myth. After demonstrating the many ways in which Asian American males are haunted and constrained by enduring domestic norms of sexuality and race, Eng analyzes the relationship between Asian American male subjectivity and the larger transnational Asian

diaspora. Challenging more conventional understandings of diaspora as organized by race, he instead reconceptualizes it in terms of sexuality and queerness.

Extreme Asia Maverick Arts

From Japanese horror to South Korean revenge thrillers, and from the new Hong Kong crime film to Thailand's boundary-breaking ghost stories, Western audiences have been stunned by a boom in challenging cult cinema from East Asia over the last decade. But how did this cycle of 'Extreme' Asian films gain such notoriety? How did distribution companies, journalists, critics and censors contribute to the rise of a new genre of forbidden foreign cinema? *Extreme Asia: The Rise of Cult Cinema from the Far East* charts the history of the recent cult Asian film invasion, covering a five-year period and focusing on the activities of the distribution company Tartan Films and their incredibly influential Asia Extreme brand. Through a series of case studies of individual releases and other exhibition events, this book examines strategies of film promotion and consumption in the context of differing theories about horror cinema, movie marketing, reception studies, and Orientalism. Covering the rise and fall of the Asia Extreme label, and the enduring legacy of an unforgettable wave of cult cinema, this is a comprehensive study of a film movement that has provoked passion and outrage in equal measure.

Consumption and Identity in Asian American Coming-of-Age Novels Plume
Includes an interview featuring Dagmara Dominczyk and Adriana Trigiani
A vibrant, engaging debut novel that follows the friendship of three women from their youthful days in Poland to their complicated, not-quite-successful adult

lives Because of her father's role in the Solidarity movement, Anna and her parents immigrate to the United States in the 1980s as political refugees from Poland. They settle in Brooklyn among immigrants of every stripe, yet Anna never quite feels that she belongs. But then, the summer she turns twelve, she is sent back to Poland to visit her grandmother, and suddenly she experiences the shock of recognition. In her family's hometown of Kielce, Anna develops intense friendships with two local girls—brash and beautiful Justyna and desperately awkward Kamila—and their bond is renewed every summer when Anna returns. *The Lullaby of Polish Girls* follows these three best friends from their early teenage years on the lookout for boys in Kielce—a town so rough its citizens are called “the switchblades”—to the loss of innocence that wrecks them, and the stunning murder that reaches across oceans to bring them back together after they've grown and long since left home. Dagmara Dominczyk's assured narrative flashes from the wild summers of the girls' youth to their years of self-discovery in New York and Europe. Her writing is full of grit and guts, and her descriptions of the emotional experiences of her characters resonate with honesty. *The Lullaby of Polish Girls* captures the passion and drama of friendship, the immigrant's yearning to be known, and the exquisite and wistful transformation of young women coming of age. Praise for *The Lullaby of Polish Girls* “A coming-of-age tale of three young Polish women [that is] brimming with teary epiphanies, betrayal and love, as well as the grit of both New York and Kielce. [It's] *Girls* with a Polish accent.”—The New York Times “*The Lullaby of Polish Girls* will make you swoon. Dagmara Dominczyk has written a glorious debut novel inspired by her own emigration from Poland to Brooklyn with depth, intensity, humor, and grace.”—Adriana Trigiani “An ennuistricken actress returns to the old country—and to the friends of her youth—in Dagmara Dominczyk's *The Lullaby of Polish Girls*, in which solidarity is all about summer evenings under the stars with a vodka bottle and a radio playing

'Forever Young.' "—Vogue "Compelling . . . an original portrait of friendship and identity . . . Dominczyk uses a fresh, confident style."—People "In this arresting debut novel, Polish American film and TV actress Dominczyk pays homage to her native city of Kielce while capturing the joys, insecurities, and struggles of three girlfriends coming of age. Spanning thirteen years, Dominczyk's absorbing story is a triptych of *tsknota* (Polish for a kind of yearning) and a profound desire for acceptance, freedom, and home."—Booklist (starred review) "The Lullaby of Polish Girls is sexy and sensitive, with a raw, openhearted center. Dominczyk's love for her complicated characters is apparent from the first page to the last, and by the novel's end the reader cares for them just as deeply."—Emma Straub Look for special features inside. This important collection of essays on the writers who have made Los Angeles one of the great cities of twentieth-century literature has been strengthened by the inclusion of three new essays. John Fante, Walter Mosley, and Chester Himes join such writers as Aldous Huxley, F. Scott Fitzgerald, Evelyn Waugh, Nathanael West, Norman Mailer, James M. Cain, Ross

Macdonald, Raymond Chandler, Budd Schulberg, Joan Didion, John Gregory Dunne, and Thomas Pynchon as well as less familiar writers such as Oscar Zeta Acosta, Horace McCoy, Thomas Sanchez, Marc Norman, and Hysaye Yamamoto in a text that provides a basic literary history of the region. Essays examine such special Los Angeles genres as the detective story and the Hollywood novel, and a chapter is devoted to the film Chinatown.

NOVELS FOR STUDENTS Simon and Schuster

In the early 1970s, Frank Chin, the outspoken Chinese American author of such plays as *The Chickencoop Chinaman* and *The Year of the Dragon*, wrote a full-length novel that was never published and presumably lost. Nearly four decades later, Calvin McMillin, a literary scholar specializing in Asian American literature, would discover Chin's original manuscripts and embark on an extensive restoration project. Meticulously reassembled from multiple extant drafts, Frank Chin's "forgotten" novel is a sequel to *The Chickencoop Chinaman* and follows the further misadventures of Tam Lum, the original play's witty protagonist. Haunted by the bitter memories of a failed marriage and the untimely death of a beloved family member, Tam flees San Francisco's Chinatown for a life of self-imposed exile on the Hawaiian island of Maui. After burning his sole copy of a manuscript he believed would someday be hailed as "The Great Chinese American Novel," Tam stumbles into an unlikely romance with Lily, a former nun fresh out of the convent and looking for love. In the process, he also develops an unusual friendship with Lily's father, a washed-up Hollywood actor once famous for portraying Charlie Chan on the big screen. Thanks in no small part to this bizarre father/daughter pair, not to mention an array of equally quirky locals, Tam soon discovers that his otherwise laidback island existence has been transformed into a farce of epic proportions. Had it been published in the 1970s as originally intended, *The Confessions of a Number One Son* might have changed the face of Asian American literature as we know it. Written at the height of Frank Chin's creative powers, this formerly "lost" novel ranks as the author's funniest, most powerful, and most poignant work to date. Now, some forty years after its initial conception, *The Confessions of a Number One Son* is finally available to readers everywhere.

Asian American literature abounds with complex depictions of American cities as spaces that reinforce racial segregation and prevent interactions across boundaries of race, culture, class, and gender. However, in *Cities of Others*, Xiaojing Zhou uncovers a much different narrative, providing the most comprehensive examination to date of how Asian American writers - both celebrated and overlooked - depict urban settings. Zhou goes beyond examining popular portrayals of Chinatowns by paying equal attention to life in other parts of the city. Her innovative and wide-ranging approach sheds new light on the works of Chinese, Filipino, Indian, Japanese, Korean, and Vietnamese American writers who bear witness to a variety of urban experiences and reimagine the American city as other than a segregated nation-space. Drawing on critical theories on space from urban geography, ecocriticism, and postcolonial studies, Zhou shows how spatial organization shapes identity in the works of Sui Sin Far, *Bienvenido Santos*, Meena Alexander, Frank Chin, Chang-rae Lee, Karen Tei Yamashita, and others. She also shows how the everyday practices of Asian American communities challenge racial segregation, reshape urban spaces, and redefine the identity of the American city. From a reimagining of the nineteenth-century flaneur figure in an Asian American context to providing a framework that allows readers to see ethnic enclaves and American cities as mutually constitutive and transformative, Zhou gives us a provocative new way to understand some of the most important works of Asian American literature.

"America doesn't want us as a visible native minority. They want us to keep our

place as Americanized foreigners ruled by immigrant loyalty. But never having been anything else but born here, I've never been foreign and resent having foreigners telling me my place in America and America telling me I'm foreign. There's no denial or rejection of Chinese culture going on here, just the recognition of the fact that Americanized Chinese are not Chinese Americans and that Chinese Americans cannot be understood in the terms of either Chinese or American culture, or some 'chow mein/spaghetti' formula of Chinese and American cultures, or anything else you've seen and loved in Charlie Chan." —from "Confessions of a Chinatown Cowboy"

From the pencil to the puppet to the drone—the humanities and the social sciences continue to ride a wave of interest in material culture and the world of things. How should we understand the force and figure of that wave as it shapes different disciplines? *Other Things* explores this question by considering a wide assortment of objects—from beach glass to cell phones, sneakers to skyscrapers—that have fascinated a range of writers and artists, including Virginia Woolf, Man Ray, Spike Lee, and Don DeLillo. The book ranges across the literary, visual, and plastic arts to depict the curious lives of things. Beginning with Achilles's Shield, then tracking the object/thing distinction as it appears in the work of Martin Heidegger and Jacques Lacan, Bill Brown ultimately focuses on the thingness disclosed by specific literary and artistic works. Combining history and literature, criticism and theory, *Other Things* provides a new way of understanding the inanimate object world and the place of the human within it, encouraging us to think anew about what

we mean by materiality itself.

Racial Castration Rowman & Littlefield

First published in 1971 in Chile, where the entire third printing was dumped into the ocean by the Chilean Navy and bonfires were held to destroy earlier editions, *How to Read Donald Duck* reveals the capitalist ideology at work in our most beloved cartoons. Focusing on the hapless mice and ducks of Disney—curiously parentless, marginalized, always short of cash—Ariel Dorfman and Armand Mattelart dissect the narratives of dependency and social aspiration that define the Disney corpus. Disney recognized the challenge, and when the book was translated and imported into the U.S. in 1975, managed to have all 4,000 copies impounded. Ultimately, 1,500 copies of the book were allowed into the country, the rest of the shipment was blocked, and until now no American publisher has dared re-release the book, which sold over a million copies worldwide and has been translated into seventeen languages. A devastating indictment of a media giant, a document of twentieth-century political upheaval, and a reminder of the dark undercurrent of pop culture, *How to Read Donald Duck* is once again available, together with a new introduction by Ariel Dorfman.
