*Cultural Mobility* W. W.  
Norton & Company  
In our post-9/11 world,  
the figure of the  
stranger—the

foreigner, the enemy, the unknown visitor—carries a particular urgency, and the force of language used to describe those who are “different” has become particularly strong. But arguments about the stranger are not unique to our time. In *Romanticism and the Question of the Stranger*, David Simpson locates the figure of the stranger and the rhetoric of strangeness in romanticism and places them in a tradition that extends from antiquity to today. Simpson shows that debates about strangers loomed large in the French Republic of the 1790s, resulting in heated discourse that weighed who was to be welcomed and who was to be proscribed as

dangerous. Placing this debate in the context of classical, biblical, and other later writings, he identifies a persistent difficulty in controlling the play between the despised and the desired. He examines the stranger as found in the works of Coleridge, Austen, Scott, and Southey, as well as in depictions of the betrayals of hospitality in the literature of slavery and exploration—as in Mungo Park's *Travels* and Stedman's *Narrative*—and portrayals of strange women in de Staël, Rousseau, and Burney. Contributing to a rich strain of thinking about the stranger that includes interventions by Ricoeur and Derrida, *Romanticism and the Question of the Stranger* reveals the

complex history of encounters with alien figures and our continued struggles with romantic concerns about the unknown. Renaissance Self-Fashioning Univ of California Press Winner of the 2012 Pulitzer Prize for Non-Fiction Winner of the 2011 National Book Award for Non-Fiction One of the world's most celebrated scholars, Stephen Greenblatt has crafted both an innovative work of history and a thrilling story of discovery, in which one manuscript, plucked from a thousand years of neglect, changed the course of human thought and made possible the world as we know it. Nearly six hundred years ago, a short, genial, cannily alert man in his late

thirties took a very old manuscript off a library shelf, saw with excitement what he had discovered, and ordered that it be copied. That book was the last surviving manuscript of an ancient Roman philosophical epic, *On the Nature of Things*, by Lucretius—a beautiful poem of the most dangerous ideas: that the universe functioned without the aid of gods, that religious fear was damaging to human life, and that matter was made up of very small particles in eternal motion, colliding and swerving in new directions. The copying and translation of this ancient book—the greatest discovery of the greatest book-hunter of his age—fueled the

Renaissance, inspiring artists such as Botticelli and thinkers such as Giordano Bruno; shaped the thought of Galileo and Freud, Darwin and Einstein; and had a revolutionary influence on writers such as Montaigne and Shakespeare and even Thomas Jefferson.

**Speaking With the Dead** W. W. Norton Stephen Greenblatt is one of the most influential practitioners of new historicism. This Reader makes available in one volume Greenblatt's most important writings on culture, Renaissance studies, and Shakespeare. It also features occasional pieces on subjects as diverse as story-telling and miracles, demonstrating the

range of his cultural interests. Taken together, the texts collected here dispel the idea that new historicism is antithetical to literary and aesthetic value. *The Swerve: How the World Became Modern* Edinburgh University Press  
Das ganze Studium der Anglistik und Amerikanistik in einem Band. Ob englische und amerikanische Literatur, Sprachwissenschaft, Literatur- und Kulturtheorie, Fachdidaktik oder die Analyse von Filmen und kulturellen Phänomenen führende Fachvertreter geben in englischer Sprache einen ausführlichen Überblick über alle relevanten Teildisziplinen. BA- und MA-Studierende finden

hier die wichtigsten Grundlagen und Wissensgebiete auf einen Blick. Durch die übersichtliche Darstellung und das Sachregister optimal für das systematische Lernen und zum Nachschlagen geeignet.

**Representing the English Renaissance**  
University of Chicago Press

How does a truly disastrous leader - a sociopath, a demagogue, a tyrant - come to power? How, and why, does a tyrant hold on to power? And what goes on in the hidden recesses of the tyrant's soul? For help in understanding our most urgent contemporary dilemmas, William Shakespeare has no peer. As an ageing, tenacious Elizabeth I clung to power, a talented playwright probed the social and psychological roots and

the twisted consequences of tyranny. What he discovered in his characters remains remarkably relevant today. With uncanny insight, he shone a spotlight on the infantile psychology and unquenchable narcissistic appetites of demagogues and imagined how they might be stopped. In *Tyrant*, Stephen Greenblatt examines the themes of power and tyranny in some of Shakespeare's most famous plays -- from the dominating figures of Richard III, Julius Caesar, Hamlet, Macbeth, and Coriolanus to the subtle tyranny found in *Measure for Measure* and *The Winter's Tale*. *Tyrant* is a highly relevant exploration of Shakespeare's work

that sheds new light on the workings of power.

### **New Historicism and Cultural Materialism**

Bloomsbury Publishing

The legacy of ancient Greece and Rome has been imitated,

resisted,

misunderstood, and

reworked by every culture that followed.

In this volume, some five hundred articles by a wide range of

scholars investigate

the afterlife of this rich heritage in the fields of

literature, philosophy,

art, architecture,

history, politics,

religion, and science.

### **Marvelous Possessions**

Routledge

Stephen Greenblatt

argued in these

celebrated essays that

the art of the

Renaissance could only

be understood in the

context of the society

from which it sprang. His approach - 'New Historicism' - drew from history, anthropology, Marxist theory, post-structuralism, and psychoanalysis and in the process, blew apart the academic boundaries insulating literature from the world around it. *Learning to Curse* charts the evolution of that approach and provides a vivid and compelling exploration of a complex and contradictory epoch.

**The Book of the Courtier** Springer

What is a self? Greenblatt argues that the 16th century saw the awakening of modern self-consciousness, the ability to fashion an identity out of the culture and politics of one's society. In a

series of brilliant readings, Greenblatt shows how identity is constructed in the work of Shakespeare, Marlowe, Spenser and other Renaissance writers. A classic piece of literary criticism, and the origins of the New Historicist school of thought, *Renaissance Self-Fashioning* remains a critical and challenging text for readers of Renaissance literature. *Hamlet in Purgatory* University of Chicago Press

A historical account of masturbation as a moral issue and cultural taboo.

**Moments of Negotiation** Pilgrim Books (OK)

Stephen Greenblatt has been at the center of a major shift in literary interpretation toward a critical

method that situates cultural creation in history. Shakespearean Negotiations is a sustained and powerful exemplification of this innovative method, offering a new way of understanding the power of Shakespeare's achievement and, beyond this, an original analysis of cultural process.

*Tyrant: Shakespeare on Politics* Routledge

A masterwork of history and cultural studies, *Marvelous Possessions* is a brilliant meditation on the interconnected ways in which Europeans of the Age of Discovery represented non-European peoples and took possession of their lands, particularly in the New World. In a series of innovative

readings of travel narratives, judicial documents, and official reports, Stephen Greenblatt shows that the experience of the marvelous, central to both art and philosophy, was manipulated by Columbus and others in the service of colonial appropriation. Much more than simply a collection of the odd and exotic, *Marvelous Possessions* is both a highly original extension of Greenblatt's thinking on a subject that has permeated his career and a thrilling tale of wandering, kidnapping, and go-betweens—of daring improvisation, betrayal, and violence. Reaching back to the ancient Greeks, forward to the present, and, in his new preface, even to

fantastical meetings between humans and aliens in movies like *Close Encounters of the Third Kind*, Greenblatt would have us ask: How is it possible, in a time of disorientation, hatred of the other, and possessiveness, to keep the capacity for wonder—for tolerant recognition of cultural difference—from being poisoned?

*The Tragedy of State*  
Univ of California Press  
The domination of the state over the lives of individuals is, arguably, a problem of the present-day world. In this book, first published in 1971, the author finds essentially the same problem in Jacobean tragedy in the shape it assumed during the rise of the first European nation-states. The English

dramatists of the early seventeenth century a **The Greenblatt Reader** Univ of California Press  
“Endlessly illuminating and a sheer pleasure to read.” —Jack Miles, author of *God: A Biography*  
Daring to take the great biblical account of human origins seriously, but without credulity The most influential story in Western cultural history, the biblical account of Adam and Eve is now treated either as the sacred possession of the faithful or as the butt of secular jokes. Here, acclaimed scholar Stephen Greenblatt explores it with profound appreciation for its cultural and psychological power as literature. From the birth of the Hebrew Bible to the awe-

inspiring contributions of Augustine, Dürer, and Milton in bringing Adam and Eve to vivid life, Greenblatt unpacks the story's many interpretations and consequences over time. Rich allegory, vicious misogyny, deep moral insight, narrow literalism, and some of the greatest triumphs of art and literature: all can be counted as children of our "first" parents.

*Shakespeare's Freedom* Cambridge University Press  
Cultural Mobility offers a model for understanding the patterns of meaning that human societies create. It has emerged under the very distinguished editorial guidance of Stephen Greenblatt and represents a new way of thinking about

culture and cultures with which scholars in many disciplines will need to engage.

World-renowned

Shakespeare scholar

Stephen Greenblatt

explores the

playwright's insight

into bad (and often

mad) rulers. Examining

the psyche—and psychoses—of the likes of Richard III, Macbeth, Lear, and Coriolanus, Greenblatt illuminates the ways in which William Shakespeare delved into the lust for absolute power and the disasters visited upon the societies over which these characters rule. Tyrant shows that Shakespeare's work remains vitally relevant today, not least in its probing of the unquenchable, narcissistic appetites of demagogues and the self-destructive willingness of collaborators who indulge them.

**The Greenblatt Reader** Princeton University Press  
The Ninth Edition offers more complete works and more teachable groupings than ever before, the apparatus

you trust, and a new, free Supplemental Ebook with more than 1,000 additional texts. Read by more than 8 million students, The Norton Anthology of English Literature sets the standard and remains an unmatched value.

*The Norton Anthology of English Literature* W. W. Norton & Company  
English law underwent rapid transformation in the sixteenth century, in response to the Reformation and also to heightened litigation and legal professionalization. As the common law became more comprehensive and systematic, the principle of jurisdiction came under particular strain. When the common law engaged with other court systems in England,

when it encountered territories like Ireland and France, or when it confronted the ocean as a juridical space, the law revealed its qualities of ingenuity and improvisation. In other words, as Bradin Cormack argues, jurisdictional crisis made visible the law's resemblance to the literary arts. *A Power to Do Justice* shows how Renaissance writers engaged the practical and conceptual dynamics of jurisdiction, both as a subject for critical investigation and as a frame for articulating literature's sense of itself. Reassessing the relation between English literature and law from More to Shakespeare, Cormack argues that where literary texts attend to jurisdiction, they

dramatize how boundaries and limits are the very precondition of law's power, even as they clarify the forms of intensification that make literary space a reality. Tracking cultural responses to Renaissance jurisdictional thinking and legal centralization, *A Power to Do Justice* makes theoretical, literary-historical, and methodological contributions that set a new standard for law and the humanities and for the cultural history of early modern law and literature.

**A Power to Do Justice** W. W. Norton & Company

Taking Wittgenstein's "Don't think, but look" as his motto, Richard Strier argues against the application of a

priori schemes to Renaissance (and all) texts. He argues for the possibility and desirability of rigorously attentive but "pre-theoretical" reading. His approach privileges particularity and attempts to respect the "resistant structures" of texts. He opposes theories, critical and historical, that dictate in advance what texts must - or cannot - say or do. The first part of the book, "Against Schemes", demonstrates, in discussions of Rosemond Tuve,

Stephen Greenblatt, and Stanley Fish, among others, how both historicist and purely theoretical approaches can equally produce distortion of particulars. The second part, "Against Received Ideas", shows how a variety of texts (by Shakespeare, Donne, Herbert, and others) have been seen through the lenses of fixed, mainly conservative ideas in ways that have obscured their actual, surprising, and sometimes surprisingly radical content.
