Passengers arriving at
New York June 1897-*

May 1898 National Geographic Books
 Once you start poppin', there's just no stoppin'!
 Raised buttons pop in on every page of these fun, tactile books so kids can press them as they read along, and learn to count. In this newest addition, kids can pop the buttons as they sing the alphabet and search for all the different eye-spy elements of this hunt-and-find animal alphabet adventure!
 This adaptation of the popular rhyme, "A My Name is Alice," teaches the alphabet in a whole new way!

Historical Dictionary of the Fashion Industry

Allyn & Bacon

The pioneering contribution to infant psychology that gave us separation and individuation documents with

standard-setting care the intrapsychic process of a child's emergence from symbiotic fusion with the mother toward affirmation of his own psychological birth. Available for the first time in paperback to a new generation of students and clinicians on the twenty-fifth anniversary of its original publication.

Embrace the Night
 Basic Books

When a new boy comes to town and starts taking cases away from Klooz, they decide to have a duel to find the best detective in town.

Baudolino Capstone Classroom

Provides a basic comprehensive treatment of the major electrical engineering problems associated with the design and

operation of electric power systems. The major components of the power system are modeled in terms of their sequence (symmetrical component) equivalent circuits. Reviews power flow, fault analysis, economic dispatch, and transient stability in power systems.

fifty years.

Tell Me How You Feel Today Rowman & Littlefield

"The most comprehensive, the most thoroughly researched and documented, the most scholarly of the biographies of Martin Luther King, Jr." —Henry Steele Commanger,

Philadelphia Inquirer Winner of the Robert F. Kennedy Memorial Book Award * A New York Times Notable Book of the Year By the acclaimed biographer of Abraham Lincoln, Nat Turner, and John Brown, Stephen B. Oates's prizewinning *Let the Trumpet Sound* is the definitive one-volume life of Martin Luther King, Jr. This brilliant examination of the great civil rights icon and the

movement he led provides a lasting portrait of a man whose dream shaped American history. "Drawing on interviews with those who knew King, previously unutilized material at Presidential libraries, and the holdings of the Martin Luther King Jr. Center in Atlanta, Mr. Oates has written the most comprehensive account of King's life yet published. . . . He displays a remarkable understanding of King's individual role in the civil rights movement. . . . Oates's biography helps us appreciate how sorely King is missed." —Eric Foner, New York Times Book Review

Statistics Dragonbooks Italians to America provides both genealogists and researchers of family

history with the first extensive, indexed source of Italian surname immigrants. This entire project was planned to span the years 1850 through 1893, but now the series has been extended. The series reproduces information from the original passenger lists filed by all vessels entering U.S. ports from abroad. Ships that departed from Italian ports or carried passengers who declared themselves to be of Italian origin are included, with first and last names, age, sex, occupation, and province and village of origin (whenever available) provided for each emigrant. A complete index of names is included at the end of every volume. Italians to

America may be ordered by individual volume. Standing orders, which receive a 10% discount, are also welcomed.

The Governance Revolution Arcadia Publishing

Boards of directors are sitting ducks.

Shareholders complain and even attack,

management manipulates, and

individual board members have little

power, able to act only as part of the board as

a whole. Governance issues are front and

center, yet there is often little

understanding, even among board

members, of the key role that they play.

Written in an accessible and human

voice, *The Governance Revolution: What Every*

Board Member Needs

to Know, NOW!

provides information and context essential

to anyone seeking to understand how

corporations and their stewards—the board of

directors—can and should function in the

volatile world we inhabit. Deborah Hicks

Midanek offers useful insight into what board

members of corporations actually

do, the current standards for board

members and why they exist. She includes a

timely discussion of how clarity of purpose

can improve board and director effectiveness.

Informed by her long experience serving

public, private, and family owned corporate

boards as well as those of charitable, and

government organizations, she

provides essential

context regarding the evolution of board practice as well as candid discussion of the issues involved in the relentless effort to improve corporate governance processes. Focused mainly on the dominant public corporation, she also explores the special challenges of serving private and family owned as well as nonprofit and public agency boards. Written by a seasoned board member, and liberally laced with stories and cases illustrating the tricky issues directors wrestle with, this book is the essential common-sense companion for anyone working with a board, serving on a board, or wanting to do so. Directors, aspiring directors, investors, and students of

corporate behavior will benefit from this highly readable description of the cloistered boardroom. The Psychological

Birth Of The Human Infant Symbiosis And Individuation

Intrepid Traveler

Kaja doesn't like change in her life. And why should she? Everything seems to be quite nice and settled: she is living in a cosy flat in the centre of Zurich, together with her faithful dog Zorro. She has a successful career as a computer programmer and a casual relationship with a charming work colleague. Surely, it couldn't get any better. - But then her whole life comes crashing down: her lover turns out to be a cheat, her professional reputation is in tatters and to cap it all, she starts seeing a shiny blue creature called Lance who does his very best to get on her nerves. Has it all been too much for her

recently? Is she hallucinating? Or is she the only girl in the world with a personal dragon at her service? Virginia Fox's debut novel tells the story of a young woman, her journey from just living to finding a purpose in life, all told in a light-hearted, humorous style. You will laugh and cry with her and you will be genuinely happy for her in the end. - Only it won't be the end. It will be the beginning of new adventures, because this is only part one of the author's trilogy. A book for dragon friends and animal lovers, looking for a little bit of magic in their life.

Walmart and "Made in China" are practically synonymous; Walmart imports some 70 percent of its merchandise from China. Walmart is now also rapidly becoming a major retail presence there, with close to two hundred Walmarts in more than a hundred Chinese cities. What happens when the world's biggest retailer and the world's biggest country do business with each other? In this book, a group of thirteen experts from several disciplines examine the symbiotic but strained relationship between these giants. The book shows how Walmart

began cutting costs by bypassing its American suppliers and sourcing directly from Asia and how Walmart's sheer size has trumped all other multinationals in squeezing procurement prices and, as a by-product, driving down Chinese workers' wages. China is also an inviting frontier for Walmart's global superstore expansion. As China's middle class grows, the chain's Western image and affordable goods have become popular. Walmart's Arkansas headquarters exports to the Chinese stores a unique corporate culture and management ideology, which oddly enough are reminiscent of Mao-era Chinese techniques for promoting loyalty. Three chapters

separately detail the lives of a Walmart store manager, a lower-level store supervisor, and a cashier. Another chapter focuses on employees' wages, "voluntary" overtime, and the stores' strict labor discipline. In 2006, the official Chinese trade union targeted Walmart, which is antilabor in its home country, and succeeded in setting up union branches in all the stores. Walmart in China reveals the surprising outcome. The Noel Coward Diaries Editora Record Kids will spend hours poring over the oversized pages of this joyfully illustrated book that looks at a bustling town's activities in spring. It's springtime in this charming, busy town and there is a lot

going on! A house gets a top-to-bottom spring cleaning and farm fields are being prepared for planting. People are shopping, commuting to work, constructing buildings, and meeting friends. If you look closer, you'll recognize the same characters appear on every page, each with their own story. There's Wilfred the jogger slipping on a banana peel and his friend Erica who comes to help him. Three cheerful nuns shop, chat, and share a snack at the cafe. A stork surveys all the activity from the sky while a mischievous fox scampers through the streets. In the tradition of Richard Scarry and Where's Waldo, this book encourages kids to return again and again

to each spread, following along with the characters and inventing their own stories. They'll recognize parts of their own world, while also learning about the endless ways we live, work, and play in the spring.

The Dragon Sisters

Wipe-Clean

This is a reprint of a previously published book. It analyzes the metamorphosis in the role of directors of major companies and the new level of responsibility assumed in the board room.
