You may not have ever heard of Lewis Tackett. He didn't keep ledgers for us to read as did his friend, Daniel Boone. He didn't aspire to high political office as many others did. The highest political rank he attained was Justice of the Peace and his highest military rank was captain. However, he lived during a time when our nation was being formed. When men and women of great strength, courage, and determination were needed to forge a new way of life. Lewis had all of these traits in abundance, and the energy and spirit of adventure to use them. He was an extraordinary man. Almost all of the events in this book actually happened and are well documented. Lewis Tackett is buried near Lewisville, in Henry County, Indiana. His original memorial marker gave his age as, "99 years, 4 months and 21 days", and included the inscription, "A REVOLUTIONARY SOLDIER".

A Flower Garden in Peyote Stitch includes ten designs in flat peyote stitch with freeform edges. Patterns are shown in a lettered diagram form. The book includes a complete list of all colors needed to complete all ten patterns, 54 colors total. Each pattern uses from seven to sixteen colors; seven patterns also have butterflies so there are colors for the flower and colors for the butterfly. Colors are chosen to give the designs a more three-dimensional look in a flat piece of beadwork. Bead numbers shown are for

Miyuki Delica beads in size 11/0, however any brand of Japanese cylinder beads could be used. All patterns are shown in a finished photo as well. Patterns include: a pansy, a Pipeline Swallowtail on a desert rose (Beauty Cloud variety), a cactus flower with a Plain Tiger butterfly, a Violet Spotted Charaxes butterfly on a purple clematis flower, a sunflower with a Blue Pansy Butterfly, a Redbase Jezebel Butterfly on a zinnia, a Cairns Birdwing Butterfly on a blue wildflower, a Scarlet Mormon Butterfly on a pink clematis flower, a tri-color rose, and a water hyacinth flower. A chapter is included on all the basics you need to complete the patterns, as well as an appendix on peyote stitch in case you need a refresher on even count, odd count, increases, or decreases. All patterns are original designs and have not been published in any other venue. Some artistic license has been used in combining butterflies with flowers. Some butterflies may be more accurately portrayed in a mud puddle but a flower is a bit more attractive in beadwork. The size and geographic relationship between flowers and butterflies has also been chosen for effect rather than accuracy. This book is part of a series of Peyote Stitch patterns. Watch for 'A Passion for Flowers' coming soon: another collection of 3-D flower patterns in peyote stitch.

Beaders are always seeking new ways to create complex effects and sophisticated looks for their beadwoven creations. In *Lush & Layered Beadweaving*, experienced teacher and designer Marcia Balonis breaks down the process of layering beads into easy-to-make designs. Each of the 20+ jewelry projects starts with a layer of beads that serves as the base. Balonis instructs jewelry makers to stitch layers of beads to the base to create gorgeous dimension and texture. The projects make the most of beaders' favorite materials, including multi-hole beads, seed beads, pearls, crystals, and glass. Balonis has a well-developed sense of color and utilizes numerous different colors and shades into her projects. Each project includes clear step-by-step instructions and photos. Experienced beadweavers will love Marcia's projects that incorporate many colors, intriguing ideas, and lush designs — and will want to

Did you ever want to make a necklace with all the flowers, like the ones you see in the magazines, but didn't know how? Here is your chance to learn. This book takes you step by step through the process of making beautiful flowers in peyote stitch using just a needle and thread, no wire involved. All steps are fully illustrated with diagrams and full color photos. A refresher is given on traditional peyote stitch, however the designs can also be worked in two-needle peyote stitch or brick stitch if you prefer. Patterns include a Fuchsia, Rose Bud, Delphinium, Daffodil, Pansy, Wild Rose, Dogwood, Cattleya Orchid, Oriental Lily, and Hibiscus, plus two leaf patterns. The backs of the flowers are relatively flat so that they can be used in many applications including wearable art and decor. All the flowers in the book are original patterns not previously published elsewhere. They are not generated by computer software. The patterns are approximately life size and are designed for size 11/0 rocailles (round seed beads) with a few 15/0 rocailles added to get the correct curves and shaping. They could also be made in larger or smaller sizes by using 8/0 or 15/0 rocailles. The designs strive for as much realism as possible given the limitations of working with size 11/0 rocailles! Patterns use from three to seven colors. This book is not intended for the beginner who has never done any peyote stitch, however a chapter is included with instructions on doing all the techniques in the book as well as advise on selecting beads and thread, keeping tight tension, and other useful information.
